

SECOND EDITION

The Making of Iran's Islamic Revolution

*From Monarchy
to Islamic Republic*

MOHSEN M. MILANI

Making Of Irans Islamic Revolution Vol 2 From Monarchy To Islamic Republic

Hussein Banai

Making Of Irans Islamic Revolution Vol 2 From Monarchy To Islamic Republic:

The Making Of Iran's Islamic Revolution Mohsen M Milani, 2018-03-09 In this fully revised and expanded second edition Dr Milani offers new insights into the causes and profound consequences of Iran's Islamic Revolution Drawing on dozens of personal interviews with the officials of the Islamic Republic and on recently released documents he presents a provocative analysis of the dynamics and characteristics of factional politics in Islamic Iran Among the new issues covered are the events leading up to the Teheran hostage crisis Ayatollah Khomeini's life and writings President Rafsanjani's activities against the Shah Rafsanjani's recent reforms Iran's involvement in the Kuwaiti crisis and the domestic and foreign policy challenges facing Iran in the post Cold War era The second edition is specifically revised for use as a text for courses dealing with Iran the Middle East and revolutionary movements

Egyptian Politics Maye Kassem, 2004 The nature of personal authoritarian rule in Egypt has remained virtually unchanged for over five decades Maye Kassem traces the shaping of contemporary Egyptian politics considering why authoritarian rule has been so resilient and assessing why it has survived

The Last Shah Ray Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries An original interpretation that puts Iranian actors where they belong at center stage Michael Doran Wall Street Journal An extraordinary account Deeply nuanced and eloquent Benjamin Weinthal Jerusalem Post Offering a new view of one of America's most important infamously strained and widely misunderstood relationships of the postwar era this book tells the history of America and Iran from the time the last shah Mohammad Reza Pahlavi was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power This revolution was not as many believe the popular overthrow of a powerful and ruthless puppet of the United States rather it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini significantly revising our understanding of America and Iran's complex and difficult history

Hidden Liberalism Hussein Banai, 2020-12-10 Compared to rival ideologies liberalism has fared rather poorly in modern Iran This is all the more remarkable given the essentially liberal substance of various social and political struggles for liberal legality individual rights and freedoms and pluralism in the century long period since the demise of the Qajar dynasty and the subsequent transformation of the country into a modern nation state The deeply felt but largely invisible purchase of liberal political ideas in Iran challenges us to think more expansively about the trajectory of various intellectual developments since the emergence of a movement for reform and constitutionalism in the late nineteenth century It complicates parsimonious accounts of Shi'ism secularism socialism nationalism and royalism as defining or representative ideologies of particular eras Hidden Liberalism offers a critical examination of the reasons behind liberalism's

invisible yet influential status and its attendant ethical quandaries in Iranian political and intellectual discourses

Reformers and Revolutionaries in Modern Iran Dr Stephanie Cronin, 2013-04-15 The contributors of this book undertake a fundamental reexamination and reappraisal of the phenomenon of leftist activism in Iran [Iranian Intellectuals in the Twentieth Century](#) Ali Gheissari, 2010-01-01 Since the middle of the nineteenth century Iranian intellectuals have been preoccupied by issues of political and social reform Iran's relation with the modern West and autocracy or arbitrary rule Drawing from a close reading of a broad array of primary sources this book offers a thematic account of the Iranian intelligentsia from the Constitutional movement of 1905 to the post 1979 revolution Ali Gheissari shows how in Iran as in many other countries intellectuals have been the prime mediators between the forces of tradition and modernity and have contributed significantly to the formation of the modern Iranian self image His analysis of intellectuals response to a number of fundamental questions such as nationalism identity and the relation between Islam and modern politics sheds new light on the factors that led to the Iranian Revolution the twentieth century's first major departure from Western political ideals and helps explain the complexities surrounding the reception of Western ideologies in the Middle East

Iran in an Emerging New World Order Ali Fathollah-Nejad, 2021-05-22 This book critically develops and discusses Iran's geopolitical imaginations and explores its various foreign policy schools of thought and their controversies In doing so the book covers Iran's foreign policy and international relations from 9/11 all the way to Rouhani's rise late 2014 Accounting for both domestic and the international balance of power the book theorizes the post unipolar world order of the 2000s dubbed imperial interpolarity examines Iran's relations with non Western great powers in that era and offers a critique of the Rouhani doctrine and its economic and foreign policy visions Forged in the fires and intense deliberations of a PhD undertaken at a most unique institution of higher learning in the world Ali Fathollah Nejad has produced one of the most informative and evocative studies of Iran's foreign policy and international relations to date Framed in a highly original theoretical approach Ali's nuanced analysis drawing on a lorry load of primary and secondary sources details the process and context of policy in the Islamic Republic thus producing an unrivalled and lasting account of modern Iran's worldview and the behaviour of this revolutionary state in a fast changing world Anoush Ehteshami Professor of International Relations author of the forthcoming *The 100 Years War for Control of the Middle East* Princeton University Press 2021 Ali Fathollah Nejad has established himself as one of the most insightful observers of Iranian politics Providing the analytical background to his assessments of Tehran's foreign policy in the 21st century this book comes out opportunely at a time when a new U S administration is about to re-engage with Iran Gilbert Achcar Professor of Development Studies and International Relations SOAS School of Oriental and African Studies University of London A decisive contribution to two avant-gardist fields of knowledge Critical geopolitics and Iranian foreign relations Anyone interested in cutting edge research that brings together International Relations and Iranian Studies will revel in this important book Arshin Adib Moghaddam Professor in Global

Thought and Comparative Philosophies Department of Politics and International Studies Senior Fellow on Iran Policy Chicago Council on Global Affairs how it represents itself and is represented by others its myriad political and religious cultures and how these shape the state and its international relations and locating those within a constantly changing global environment Fathollah Nejad provides us with unique and alternative assessments of how Iran's foreign policy is shaped within the context of what he calls Imperial Interpolarity The creative interplay of these various factors makes this an indispensable text for anyone wishing to understand Iran and its international relations within the current global political environment Na'eem Jeenah Executive Director Afro Middle East Centre AMEC Johannesburg an eye opener for those who essentialize the role of Iran in contemporary International Relations This landmark study covers the complexity of Iran's cultural geopolitics and the diversity of its interlocutors in 21st century world politics The book is useful for delving into the internal dynamics of Iranian politics and its connection with the spheres of power in international relations It is a very methodical book Theoretically flawless A deep brilliant and enlightening academic text Mois's Gardu'o Garcia Professor in the Center for International Relations National Autonomous University of Mexico UNAM In this book Ali Fathollah Nejad goes beyond the usual one dimensional view that dominates the study of Iran's foreign policy and presents a comprehensive framework explaining the interrelated role of socio cultural economic and geopolitical elements in shaping the Islamic Republic's foreign policy orientation The book also focuses on a crucial period involving two critical transitions a systemic transition from the unipolar to the post unipolar world order and a domestic one from a hardline to a more moderate worldview All this makes the book a valuable contribution to the field Hamidreza Azizi Alexander von Humboldt Fellow Middle East and Africa Research Division German Institute for International and Security Affairs SWP former Assistant Professor of Regional Studies Shahid Beheshti University Tehran 2016 20 Iran in an Emerging New World Order provides a timely and original account of foreign policy making in the Islamic Republic of Iran especially the turbulent first decade of the new millennium Kamran Matin Senior Lecturer in International Relations Sussex University Associate Research Fellow Swedish Institute of International Affairs UI Ali Fathollah Nejad's Iran in an Emerging New World Order builds on a reliable scientific approach and an informed overview of Iranian foreign policy It identifies and examines the different factors which orientate it such as its various schools of thought and their debates the role the interplay between structure and culture and the one between internal and external realms Furthermore it casts light on the evolution of Tehran's choices including its look to the East In this new book Fathollah Nejad has provided a challenging study which demonstrates the need to go beyond conventional framings to include political culture and provides a new evaluation of Iran's international relations This is an original and significant contribution to the literature on international relations the workings of the Islamic Republic and the understanding of the latter's regional and global actions Firouzeh Nahavandi Professor of Sociology of Development and Political Science Director Institute of Sociology Director CECID Center for International Cooperation and Development Studies Universit libre de

Bruxelles ULB as well as President Graduate School of Development Studies of French Community of Belgium Through its careful analysis of a modern political culture in Iran gestated in the context of an encounter with European colonial modernity and evolved in correspondence with a catalogue of internal and external others Ali Fathollah Nejad's timely book places contemporary geopolitical concerns against a much needed backdrop of colonial and anti colonial histories Siavash Saffari Associate Professor of West Asian Studies Department of Asian Languages and Civilizations Seoul National University If you really want to dive deep into Iran and understand the reasons why its leaders are operating in the current crisis this is the book you should read It teaches analysts and policy makers to understand the past to act wisely in the future Susanne Koelbl award winning Foreign Correspondent Der Spiegel *Class and Class Conflict in the Age of Globalization* Berch Berberoglu, 2009-01-01 Dealing with a central issue of our time *Class and Class Conflict in the Age of Globalization* provides a critical analysis of the major theories of social class and inequality and an empirical examination of the development of social classes and class conflict on a global scale historically and today including an understanding of the process of social change and social transformation **Guardians of the Revolution** Ray Takeyh, 2009-05-27 For over a quarter century Iran has been one of America's chief nemeses Ever since Ayatollah Khomeini overthrew the Shah in 1979 the relationship between the two nations has been antagonistic revolutionary guards chanting against the Great Satan Bush fulminating against the Axis of Evil Iranian support for Hezbollah and President Ahmadinejad blaming the U S for the world's ills The unending war of words suggests an intractable divide between Iran and the West one that may very well lead to a shooting war in the near future But as Ray Takeyh shows in this accessible and authoritative history of Iran's relations with the world since the revolution behind the famous personalities and extremist slogans is a nation that is far more pragmatic and complex than many in the West have been led to believe Takeyh explodes many of our simplistic myths of Iran as an intransigently Islamist foe of the West Tracing the course of Iranian policy since the 1979 revolution Takeyh identifies four distinct periods the revolutionary era of the 1980s the tempered gradualism following the death of Khomeini and the end of the Iran Iraq war in 1989 the reformist period from 1997 2005 under President Khatami and the shift toward confrontation and radicalism since the election of President Ahmadinejad in 2005 Takeyh shows that three powerful forces Islamism pragmatism and great power pretensions have competed in each of these periods and that Iran's often paradoxical policies are in reality a series of compromises between the hardliners and the moderates often with wild oscillations between pragmatism and ideological dogmatism The U S's task Takeyh argues is to find strategies that address Iran's objectionable behavior without demonizing this key player in an increasingly vital and volatile region With its clear sighted grasp of both nuance and historical sweep *Guardians of the Revolution* will stand as the standard work on this controversial and central actor in world politics for years to come Fundamentalisms and the State Martin E. Marty, R. Scott Appleby, 1993 This third volume of the Fundamentalism Project provides a systematic overview of the advances made by antisecular religious movements over the past twenty five

years The distinguished contributors to this volume economists political scientists religious historians social anthropologists and sociologists focus on the impact these movements have had on national economies political parties constitutional issues and international relations on five continents and within the religious traditions of Islam Christianity Judaism Buddhism Hinduism and Sikhism Do fundamentalisms tend toward political activism and how successful have they been in remaking political structures To answer this question and others the contributors discuss the anti abortion movement in the U S the Islamic war of resistance in Afghanistan and Shiite jurisprudence in Iran Martin E Marty and R Scott Appleby conclude the volume with a synthetic statement of fundamentalist impact on politics economies and state security The Fundamentalism Project is a monumental undertaking by the American Academy of Arts and Sciences that involves an international group of scholars Taken together the volumes in this series will become a standard reference for educators and policy analysts for years to come
