Making Of The President:

The Making of the President, 1960 Theodore Harold White, 1987 [The Making of the President 1964](#) Theodore H. White, 2008-11-01 *The Making of the President 1960* Theodore H. White, 1967-07-01 *The Making of The President 1960* ,1961 **The Making of a President** Theodore Harold White, 1964 **The Making of the President 2016** Roger Stone, 2017-01-31 In the tradition of Theodore White's landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump's campaign was unlike any seen on the national stage combative maverick and fearless Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider's view that includes studying opposition research into Bill Hillary and Chelsea Clinton's crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady's infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the emails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton's weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also

reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone's analysis is akin to Theodore H White's seminal book *The Making of the President 1960* It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie *The Making of the President, 1968* Theodore H. White, 2010-10-05 White unites a novelist's knack of dramatization and a historian's sense of significance with a synthesizing skill that grasps the reader by the lapels Newsweek The third book in Theodore H White's landmark series *The Making of the President 1968* is the compelling account of the turbulent 1968 presidential campaign the assassinations of Robert F Kennedy and Martin Luther King Jr and election of Richard Nixon White made history with his groundbreaking *The Making of the President 1960* a narrative that won the Pulitzer Prize for revolutionizing the way that presidential campaigns were reported Now *The Making of the President 1968* back in print freshly repackaged and with a new foreword by Chris Matthews joins Theodore Sorensen's Kennedy White's *The Making of the President 1960* 1964 and 1972 and other classics in the burgeoning Harper Perennial Political Classics series **The Making of the Presidential Candidates 2004** William G. Mayer, 2004 Annotation This is the third in a series of books about the United States presidential nomination process and shares the same goals as its predecessors and Mayer political science Northeastern U presents nine papers exploring significant components of the nomination process including financing incumbency polling and the role of organized labor The only non academic contributing to the proceedings is an editor who provides a discussion of the role of the press Annotation 2004 Book News Inc Portland OR booknews.com **The Making of the President, 1960** Theodore Harold White, 1961 **The Real Making of the President** W. J. Rorabaugh, 2009-03-05 When John Kennedy won the presidency in 1960 he also won the right to put his own spin on the victory whether as an underdog's heroic triumph or a liberal crusader's overcoming special interests Now W J Rorabaugh cuts through the mythology of this famous election to explain the nuts and bolts operations of the campaign and offer a corrective to Theodore White's flawed classic *The Making of the President* War hero champion of labor and Pulitzer Prize winning author JFK was long on charisma Despite a less than liberal record he assumed the image of liberal hero thanks to White and other journalists who were shamelessly manipulated by the Kennedy campaign Rorabaugh instead paints JFK as the ideological twin of Nixon and his equal as a bare knuckled politician showing that Kennedy's hard won razor thin victory was attributable less to charisma than to an enormous amount of money an effective campaign organization and television image making The 1960 election Rorabaugh argues reflects the transition from the dominance of old style boss and convention politics to the growing significance of primaries race and especially TV without which Kennedy would have been neither nominated nor elected He recounts how JFK cultivated delegates to the 1960 Democratic convention quietly wooed the still important party bosses and used a large personal organization polls and TV advertising to win primaries JFK's master stroke however was choosing as a running mate Lyndon Johnson whose campaigning in the South

carried enough southern states to win the election On the other side Rorabaugh draws on Nixon s often ignored files to take a close look at his dysfunctional campaign which reflected the oddities of a dark and brooding candidate trapped into defending the Eisenhower administration Yet the widely detested Nixon won almost as many votes as the charismatic Kennedy even though Democrats outnumbered Republicans by three to two This leads Rorabaugh to reexamine the darker side of the election the Republicans charges of vote fraud in Illinois and Texas the use of money to prod or intimidate manipulation of the media and the bulldozing of opponents White and others helped shape persisting impressions of both candidates influencing the way Nixon conducted subsequent campaigns and the Democrats nurtured the Kennedy legacy The Real Making of the President gives us a more sobering look at all of that fundamentally reshaping our understanding of one of the nation s most memorable elections
