

Poem About Memory Loss

By Maya Anthony

In the halls of my mind, echoes fade,
Once vivid memories, now in shade,
Slipping away, like night into day,
Gone are the words I once had to say.

Glimpses of laughter, whispers of tears,
Vanishing slowly, with passing years,
In this quiet, my past appears,
Fading away, my deepest fears.

Memories once bright, now unseen,
Lost in the mist, what might have been,
Forgotten tales, a life's broken screen,
In the silence, where memories lean.

Moving In Memory Poems:

Moving in Memory Julia Randall, 1987-03-01 Moving in Memory Julia Randall's sixth volume of poems explores our relationship to nature to art and to our past selves In these poems Randall's familiar terrain the woods streams and fields of Maryland becomes our own She takes us through the fields of Queen Anne's Lace and clover through woods filled with rock maple and sassafras to places she discovered as a child I am Piedmont born and bred between far hills and sea great hardwoods overhead and waters gently falling down the Bay But these poems also express Randall's uneasiness with trying to exist in a world increasingly divorced from nature They spring from a sensibility that pits memory and its recovery in art against the encroachments of commerce and technology What shall restore cedar and sycamore sweet springs the secrets of the forest floor where now backhoes and scaffoldings and gray computers set us free to manufacture loves and lifeless things along the steely groves where no bird sings Unmistakably a lyric poet Randall varies traditional forms in a way that is both reminiscent and original Her musicality often surprises us into the recognition that poems can still sound like poems In writing about place memory aging and loss Julia Randall displays a wide ranging intelligence a keen eye and a necessary anger as well as joy humor and acceptance

Poems of the War. L'envoi. The cathedral. Three memorial poems.

Heartsease and rue. Sentiment. Fancy. Humor and satire. Epigrams James Russell Lowell, 1890 [Japanese Death Poems](#), 1998-04-15 A wonderful introduction the Japanese tradition of jisei this volume is crammed with exquisite spontaneous verse and pithy often hilarious descriptions of the eccentric and committed monastics who wrote the poems Tricycle The Buddhist Review Although the consciousness of death is in most cultures very much a part of life this is perhaps nowhere more true than in Japan where the approach of death has given rise to a centuries old tradition of writing jisei or the death poem Such a poem is often written in the very last moments of the poet's life Hundreds of Japanese death poems many with a commentary describing the circumstances of the poet's death have been translated into English here the vast majority of them for the first time Yoel Hoffmann explores the attitudes and customs surrounding death in historical and present day Japan and gives examples of how these have been reflected in the nation's literature in general The development of writing jisei is then examined from the longing poems of the early nobility and the more masculine verses of the samurai to the satirical death poems of later centuries Zen Buddhist ideas about death are also described as a preface to the collection of Chinese death poems by Zen monks that are also included Finally the last section contains three hundred twenty haiku some of which have never been assembled before in English translation and romanized in Japanese
