Mr Big Britches:

The Bellringer William Timothy Murray, 2017-06-06 For centuries the Great Bell was silent It remained undisturbed nearly forgotten by history hidden away in the ruins of an abandoned fortress The enchantments within its iron slumbered its secrets protected by silence Until someone discovered how to ring the Bell other secrets would remain safe One day while running an errand a young store clerk took a wrong turn then another until he found himself deep within the old fortress where the Great Bell waited It waited for him And when the hapless clerk rang the Great Bell and released its enchantments his troubles began For he had become the Bellringer He claimed it was all an accident that he did not mean to ring the Bell Fate it seemed thought otherwise and proof of the Bellringer s destiny began to emerge just as the world spiraled into war Revolt and treachery worked to break apart the Seven Realms Armies were on the march The faraway King obsessed with his own power seemed unwilling or unable to prevent the looming catastrophe Perhaps a new King was needed if only someone could penetrate the secret of the King s power and take the throne before it was too late It was foretold that the person who discovered the True Name of the King would become the next King But who was capable of such a thing The Bellringer About The Year of the Red Door 244 Days Remain That is all The Year of the Red Door has begun and four months have already passed by This is the story of the final days of the Second Age Uncanny things are taking place in the world mysterious powers are stirring and there are signs of coming change Like pieces on a gameboard ancient forces are moving into position gathering strength Many sense the portents and see the signs but few know their meaning Fewer still understand what must be done But who is there to do it In only 244 days six intrepid travelers must cross thousands of miles to the far edge of the world to find a place that may not even exist A legendary place called Griferis where a new king may be prepared trained and judged for worthiness It is their bid to find that place to discover the secret Name of the King and to make one of their companions the new King But hope is thin and time runs out Can the Name be found Can the Usurper use it to take the throne And will it make any difference It already seems too late In the spirit of J R R Tolkien and Charles Dickens comes a new heroic tale a story of ageless love and brave determination of tragic loss and the hope of redemption During this quest mythic powers arise from the ancient past fate collides with destiny and the world edges swiftly to its final destruction or to its ultimate fulfillment Only the Bellringer can tip the balance of fate but the world is almost out of time **Lying Wonders** Susan Rogers Cooper, 2003-01-08 Wish Dream s Beginning Wish Trilogy 1 Headstrong and feisty Rielle is lost and she knows it When she and the faithful Pud find themselves hopelessly astray in a wild landscape they drift into an untamed forest Rielle has been in plenty of pickles but the hairs rising on the back of her neck tell her that this time things are going to be very different Charmed by an enigmatic unicorn and his cryptic ways Rielle and Pud find themselves locked into an adventure of soul seeking friendship mystery and truth that is both disarming and sometimes sinister and there may be no turning back Reviews [www goodreads com](http://www.goodreads.com) More about the WISH trilogy [www unicornkisses com](http://www.unicornkisses.com) **The Long Valley** John

Willows Under Trial Annie Holmes, 2016-12-06 Several plays have been composed into novels of short stories This began the saga of Beneath the Willow The first book in the series focused on several of the residents of the established settlements After many years of hard work the town began to flourish When they initially settled all residents were in one central location They spread out as the town began to grow Development of farms and pastureland advanced rapidly The town of Willow Bend is filled with imaginary characters but implies a very realistic concept It is the writers vision that the town was established in the 1870s Horace Lee Crowley and seven hundred migrants braved the elements traveling until they found what they later established as the Willows It was divided into several settlements Willow Bend Willow Estates Willow Grove and Willow Creek The people tilled the soil and made their own clothing For a short length of time everyone cooked on a huge open pit They prayed inspired encouraged and made unified efforts together to lighten the load of chores of one another They suffered the hardship of floods crop infestation poor farming equipment and loss of profits Through it all unity blended them together as a community After many years of hard work the town flourished Disagreements were natural in personality differences but were short lived They migrated from a sharecrop farm thirty miles away They tread large bodies of water that sometimes rose above waistlines Small children were placed upon mens shoulders or on one of the old mules Women carried the bundles of food and what little clothing they owned It was a rough going but majority of the people endured it They had small clippings of flowers twigs from fruit trees and roots from vegetables The substance of their existence was on their backs mules and wooden trestles that the men fashioned Scraps of wood and small trees made up the trestles This was the beginning of the Willows Once settled many differences occurred natural in personalities but they were able to accomplish agreement with the help of the county judge The drama was getting to that point Thanks for reading See what you would do in these cases
