## **Mrs Miniver:**

*Mrs. Miniver's Hat* Rhoda Watson, 2006-01-01      *A Rose for Mrs. Miniver* Michael Troyan, 2010-09-12 In this first ever biography of Greer Garson Michael Troyan sweeps away the many myths that even today veil her life The true origins of her birth her fairy tale discovery in Hollywood and her career struggles at Metro Goldwyn Mayer are revealed for the first time Garson combined an everywoman quality with grace charm and refinement She won the Academy Award in 1941 for her role in *Mrs Miniver* and for the next decade she reigned as the queen of MGM Co star Christopher Plummer remembered Here was a siren who had depth strength dignity and humor who could inspire great trust suggest deep intellect and whose misty languorous eyes melted your heart away Garson earned a total of seven Academy Award nominations for Best Actress and fourteen of her films premiered at Radio City Music Hall playing for a total of eighty four weeks a record never equaled by any other actress She was a central figure in the golden age of the studios working with legendary performers Clark Gable Marlon Brando Elizabeth Taylor Errol Flynn Joan Crawford Robert Mitchum Debbie Reynolds and Walter Pidgeon Garson's experiences offer a fascinating glimpse at the studio system in the years when stars were closely linked to a particular studio and moguls such as L B Mayer broke or made careers With the benefit of exclusive access to studio production files personal letters and diaries and the cooperation of her family Troyan explores the triumphs and tragedies of her personal life a story more colorful than any role she played on screen      **Mrs Miniver** Greer Garson, Walter Pidgeon, 2004 Depicts the drama of a family living in an English village and how they are affected by World War II      **Forever England** Alison Light, 2013-08-21 Most studies of the interwar years have focussed upon literary elites rendering that past and its literature in almost exclusively male terms In *Forever England* Alison Light argues that we cannot make sense of Englishness in the period or understand the changes within literary culture unless we recognise the extent to which the female population represented the nation between the wars From the traumatic aftermath of the First World War *Forever England* traces the making of a conservative national temperament which could be defensive and protective yet modernising in outlook In a series of literary analyses the author suggests some of the tones and accents of this new version of Englishness in particular she looks at new kinds of readership and fiction at the historical and emotional significance of the whodunit the burgeoning of historical romance and the creation of a middlebrow culture in the period *Forever England* evokes a powerful sense of period and of the pleasures of reading providing an intimate picture of interwar life from inside the English middle classes As a feminist inquiry it argues from a different kind of social and political history one which makes connections between the interior structures of private life and their more public national forms Controversially it also urges that feminism deal with conservative as well as radical desires and their place in women's lives      *When Hollywood Loved Britain* Mark Glancy, 1999-08-20 *When Hollywood Loved Britain* examines the Hollywood British film American feature films that were set in Britain based on British history or literature and included the work of British producers directors writers and actors

British films include many of the most popular and memorable films of the 1930s and 1940s yet they have received little individual attention from film historians and even less attention as a body of films. While the book is centered on wartime British films, it also investigates wider issues: the influence of censorship and propaganda agencies during Hollywood's studio era; studio finances; the isolationist campaign in the United States between 1939 and 1941; and American perceptions of Britain at war.

*Passport to Hollywood* James Morrison, 1998-09-11 Examines popular films made in Hollywood by European directors offering a fresh take on the much debated issue of the great divide between modernism and mass culture

**Mrs Miniver**, 2002 Starring Greer Garson Mrs Miniver tells the story of a middle class British housewife and her family as they experience the first few months of World War II. Her son courts the upper crust daughter of Lady Beldon; her husband rescues soldiers from Dunkirk; and Mrs Miniver herself not only captures a German parachutist but also has a rose named after her entered into a local competition. This Oscar winning film was specially adapted for the radio and performed in front of a live studio audience by many of the original film stars.

*Hollywood Goes to War* Clayton R. Koppes, Gregory D.

Black, 1990-08-16 The little explored story of how politics, propaganda and profits were combined to create the drama imagery and fantasy that was American film during World War II. 32 black and white photographs

**Women's Film and Female Experience, 1940-1950** Andrea Walsh, 1986-09-10 Women's Film and Female Experience takes a fresh look at a wide range of popular women's films in order to discover what American female consciousness in the 1940s was really about. The author traces the evolution and development of the Hollywood women's film and describes the social history of American women in the 1940s. She then analyzes dominant narrative patterns within popular women's films of the decade: the maternal drama, the career woman comedy and the films of suspicion and distrust.

**We'll Always Have the Movies** Robert L.

McLaughlin, Sally E. Parry, 2006-03-03 We'll Always Have the Movies explores how movies made in Hollywood during World War II were vehicles for helping Americans understand the war. Far from being simplistic flag waving propaganda designed to evoke emotional reactions, these films offered audiences narrative structures that formed a foundation for grasping the nuances of war. These films asked audiences to consider the implications of the Nazi threat; they put a face on both our enemies and allies; and they explored changing wartime gender roles. We'll Always Have the Movies reveals how film after film repeated the narratives, character types and rhetoric that made the war and each American's role in it comprehensible. Robert L. McLaughlin and Sally E. Parry have screened more than 600 movies made between 1937 and 1946, including many never before discussed in this context, and have analyzed the cultural and historical importance of these films in explaining the war to moviegoers. Pre-Pearl Harbor films such as *Sergeant York*, *Foreign Correspondent* and *The Great Dictator* established the rationale for the war in Europe. After the United States entered the war, films such as *Air Force*, *So Proudly We Hail* and *Back to Bataan* conveyed reasons for U.S. involvement in the Pacific. *The Hitler Gang*, *Sahara* and *Bataan* defined our enemies, and *Mrs. Miniver*, *Mission to Moscow* and *Dragon Seed* defined our allies. Some movies, *The Miracle of Morgan's*

Creek Hail the Conquering Hero and Lifeboat among them explored homefront anxieties about the war's effects on American society. Of the many films that sought to explain the politics behind and the social impact of the war and why it concerned Americans, *Casablanca* is perhaps one of the most widely recognized. McLaughlin and Parry argue that Rick's Café Américain serves as a United Nations, sheltering characters who represent countries being oppressed by Germany. At Rick's, these characters learn that they share a common love of freedom which is embodied in patriotism; from this commonality they overcome their differences and work together to solve a conflict that affects them all. As the representative American, Rick Blaine, Humphrey Bogart cannot idly stand by in the face of injustice and he ultimately sides with those being oppressed. Bogart's character is a metaphor for America which could also come out of its isolationism to be a true world leader and unite with its allies to defeat a common enemy. Collectively, Hollywood's war era films created a mythic history of the war that even today has more currency than the actual events of World War II.
