Selector (ELMS) Kathleen Roskos, Lisa Lenhart, Brandi Noll, 2012-09-27 Your all in one guide to selecting the very best early literacy materials Learning to read and write is too important to be left to chance so it's absolutely critical that the early literacy curriculum and literature you use in PreK and kindergarten environments reflect the very best research and instructional practices Early Literacy Materials Selector ELMS provides all the step by step guidance you need to Recognize the characteristics of high quality literacy materials Work in teams or individually to evaluate your resources Understand the importance of the research base Establish a baseline against which new literacy materials can be compared **Beginnings & Beyond** Ann Miles Gordon, Kathryn Williams Browne, 2004 Beginnings Beyond is the tool students need to develop vital skills necessary to become successful teachers and caregivers They will come to thoroughly understand the fundamentals of early childhood education through a discussion of the topic from an historical perspective present day issues and future trends In this sixth edition the authors have emphasized multiculturalism and NAEYC's developmentally appropriate practice to support the viewpoint that there is more than one correct way to care for and educate young children *National Head Start S.T.E.P. Teacher's Manual* University of Texas Health Science Center at Houston, 2002 *More Than Letters, Standards Edition* Sally Moomaw, 2020-08-25 For decades early childhood educators in high quality programs have understood that the transition into reading and writing occurs naturally when young children are surrounded by opportunities to interact with print in ways that are meaningful to them The original edition of More Than Letters first published in 2001 showed teachers how to intentionally help children develop literacy skills through hands on play based activities Like the original edition the Standards Edition is based on theory and research It contains new chapters that specifically focus on developing the skills needed to decode literature and informational text Expanded chapters include activities that target specific concepts included in national literacy standards *Choose Your Words* Carol Garhart Mooney, 2018-04-03 When teachers are not precise in their communication use idioms or use sarcasm children don't learn or worse they experience confusion or embarrassment because they don't know what to do This new edition of Use Your Words is infused with current research on communicating with young children and their families The text considers change and current culture in the United States as it affects language and little ones in the context of 2017 while respecting universal pieces that continue to be helpful The new edition includes new and expanded examples viewed through a cultural contextual and chronological lens a discussion of how today's media affects young children especially exposure to traumatic events around the world and consideration of the impact of social media cell phones and texting on family life and public education

It also addresses how to help young children whose home language is not English and respect differing parental expectations as we move from one socioeconomic or cultural group to the next

Student and Teacher Writing Motivational Beliefs
Steve Graham, Gary A. Troia, Gustaf Bernhard Uno Skar, 2024-06-21 The study of students motivational beliefs about writing and how such beliefs influence writing has increased since the publication of John Hays 1996 model of writing This model emphasized that writers motivational beliefs influence how and what they write Likewise increased attention has been devoted in recent years to how teachers motivational beliefs about writing especially their efficacy to teach writing impact how writing is taught and how students progress as writers As a result there is a need to bring together in a Research Topic studies that examine the role and influence of writing beliefs Historically the psychological study of writing has focused on what students write or the processes they apply when writing Equally important but investigated less often are studies examining how writing is taught and how teachers efforts contribute to students writing What has been less prominent in the psychological study of writing are the underlying motivational beliefs that drive or inhibit students writing or serve as catalysts for teachers actions in the classroom when teaching writing This Research Topic will bring together studies that examine both students and teachers motivational beliefs about teaching writing This will include studies examining the operation of such beliefs how they develop cognitive and affective correlates how writing motivational beliefs can be fostered and how they are related to students writing achievement By focusing on both students and teachers beliefs the Research Topic will provide a more nuanced and broader picture of the role of motivation beliefs in writing and writing instruction This Research Topic includes papers that address students motivational beliefs about writing teachers motivational beliefs about writing or teaching writing Students motivational beliefs about writing include beliefs about the value and utility of writing writing competence attitudes toward writing goal orientation motives for writing identity epistemological underpinnings writing and attributions for success failure as examples Teacher motivational include these same judgements as well as beliefs about their preparation and their students competence and progress as writers to provide additional examples This Research Topic is interested in papers that examine how such beliefs operate develop are related to other cognitive and affective variables how they are impacted by instruction and how they are related to students writing performance Submitted studies can include original research both quantitative qualitative or mixed methods meta analysis and reviews of the literature

Transforming Preschool Storytime Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research the best way to make new connections in a child s brain is by building on something already known A child who loves a book will listen to it repeatedly maintaining interest Using a selected book in a number of consecutive preschool storytimes but presenting it differently each time can help children learn new skill sets This book presents a new approach to storytime one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level Diamant Cohen recently awarded the 2013 ASCLA Leadership and Professional Achievement Award

and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning, this book includes Scripts for 8 different books with enough activities to repeat each one for six weeks, along with lists of optional alternative books. Planning aids such as outlines of storytime sessions, a fill-in-the-blanks planning sheet, questions for evaluation, and tips for enhanced storytimes using props and crafts. Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents, caregivers, and other stakeholders. From setup to execution, here's everything you need to create and implement a successful elevated storytime.
