The Militant Face of Democracy

Anna Geis,Harald Müller,Niklas Schörnig,2013-10-10 Democratic peace theory the argument that democracies very rarely go to war with each other has come under attack recently for being too na ve and for neglecting the vast amount of wars fought by democracies especially since the end of the Cold War This volume offers a fresh perspective by arguing that the same norms that are responsible for the democratic peace can be argued to be responsible for democratic war proneness The authors show that democratic norms which are usually understood to cause peaceful behaviour are heavily contested when dealing with a non democratic other The book thus integrates democratic peace and democratic war into one consistent theoretical perspective emphasising the impact of national identity The book concludes by arguing that all democracies have a weak spot where they would be willing to engage militarily
