New Georgia Dick Crofton Horton, 1972 Omhandler kampene p New Georgia Islands Salomon gruppen under den anden verdenskrig **Fire and Fortitude** John C. McManus, 2019-07-30 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead* and *Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur s jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat s role and Walter Krueger a German born officer who came to lead the largest American ground force in the Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS **The War Against Japan, 1941-1945** John J. Allied Armour, 1939-1945 Anthony Tucker-Jones, 2020-12-02 An important review of armoured warfare armoured vehicle design tactics and operational issues during World War 2 it comes highly commended Dr Stuart C Blank Military Archive

Research During the first years of the Second World War Allied forces endured a series of terrible defeats at the hands of the Germans Italians and Japanese Their tanks were outclassed their armored tactics were flawed But the advent of new tank designs and variants especially those from the United States turned the tables Although German armor was arguably still superior at the end of the war the competence of Allied designs and the sheer scale of their production gave them a decisive advantage on the armored battlefield This is the fascinating story that Anthony Tucker Jones tells in this book which is part of a three volume history of armored warfare during the Second World War Chapters cover each major phase of the conflict from the early blitzkrieg years when Hitler s Panzers overran Poland France and great swathes of the Soviet Union to the Allied fight back in tank battles in North Africa Italy and northern Europe He also covers less well known aspects of the armored struggle in sections on Allied tanks in Burma India and during the Pacific campaign Technical and design armored are a key element in the story but so are changes in tactics and the role of the tanks in the integrated all arms forces that overwhelmed the Axis The matter of armoured vehicles and their role in the turning of the tide against Germany is covered brilliantly in Anthony Tucker Jones s excellent treatise Books Monthly Very Highly Recommended Firetrench *The Battle for Vella Lavella* Reg Newell,2015-12-01 During World War II the Solomon Islands became the scene of a titanic struggle between Allied and Japanese forces After their victory on Guadalcanal Americans advanced into the New Georgia Group with horrendous casualties Admiral Halsey then implemented an island hopping strategy bypassing Japanese strongpoints The first was an obscure island called Vella Lavella This book is the first detailed examination of the struggle for Vella Lavella covering the ground air and sea battles and the involvement of American and New Zealand soldiers the coastwatchers South Pacific Scouts and the Islanders **Up the Slot** Charles D. Melson,1993 *Pogiebait's War* Jack H. McCall,2023-02-03 Jack H McCall Sr was a born storyteller an inveterate practical joker and a proud Tennessean whose flaws included a considerable taste for candy or pogiebait in Marine parlance Like so many other able bodied young people in on the eve of World War II he decided to enlist in the wake of the Japanese attack on Pearl Harbor Much more than a family memoir or nostalgic wartime reminiscence this painstakingly researched biography presents a rich engaging study of the U S Marine Corps particularly McCall s understudied unit the Ninth Defense Battalion the Fighting Ninth The author provides a window into the day to day service of a Marine during World War II with important coverage of fighting in the Pacific Theater McCall also depicts life in wartime Franklin Tennessee and offers a poignant and personal tribute to his father McCall dramatizes some of the classic themes of the war memoir genre war is hell but memories fade but he sets riveting descriptions of decisive action against rarely seen views of mundane work and daily life supported with maps photographs and fresh interpretations Another distinction of this work is its attention to the action on Guam a very unpleasant late war mopping up that has received relatively little scholarly attention In his portrait of the bitter island hopping war in the Pacific the author shows how both U S and Japanese soldiers were often eager innocents drawn to the cauldron of conflict and indoctrinated

and trained by their respective governments Reflecting on the action late in life Jack as well as several other Ninth veterans came to a begrudging respect for the enemy *Up The Slot: Marines in the Central Solomons* Charles D. Melson,2022-06-02 In *Up The Slot* Marines in the Central Solomons Charles D Melson provides a meticulously detailed account of the Marine Corps operations during World War II s Pacific Theater particularly focusing on the Central Solomons campaign Melson s literary style marries rigorous historical analysis with vivid narrative storytelling bringing to life the tactics experiences and challenges faced by Marine forces Contextually the book emerges from a growing interest in military history that not only recounts battles but also explores the strategic significance and human dimensions of warfare during a pivotal moment in history Charles D Melson a recognized historian and former Marine draws on extensive research and personal insight to shed light on the Central Solomons campaign His background in the military and academic study of wartime leadership inform his nuanced portrayal of the Marines resilience and ingenuity amidst adversity Melson s work is enriched by firsthand accounts military records and a passion for preserving the legacies of those who served *Up The Slot* is a compelling read for historians military enthusiasts and anyone interested in the human stories behind historical events Melson s authoritative narrative not only educates but also inspires reflection on sacrifice and bravery in the face of overwhelming odds **Catalog of**

The A to Z of World War II Anne Sharp Wells, 2009-09-28. World War II dominates world history today as it dominated world attention over 60 years ago. In spite of the alliances that bound many of the same participants, the war was essentially two separate but simultaneous conflicts: one involved Japan as the major antagonist and took place mostly in Asia and the Pacific, and the other initiated by Germany and Italy was contested mainly in Europe, North Africa, the Mediterranean, and the Atlantic.

The A to Z of World War II: The War Against Japan traces the brutal conflict from Japan's seizure of Chinese territory in 1931 through the onset of war with the Western Allies in 1941 to the use of atomic weapons by the United States in 1945. It also addresses the aftermath of the war, including the formation of the United Nations and the American occupation of Japan. As the first of two volumes covering World War II, this volume concentrates on the war in Asia and the Pacific so the user benefits from the comprehensive explanations of the people, places, and events that shaped much of that region's 20th-century history.

Operation KE Dennis R. Letourneau, J. A. R. Letourneau, 2012-11-15. Operation KE explores the air combat that attended the Japanese evacuation of Guadalcanal in early 1943, a topic which has hitherto received very little attention. Operation KE was successful largely because Japanese strategic planning and tactical execution was basically sound. The traditional view holds that the Japanese got away with the initiative largely because the Americans let them; the US Pacific high command felt it was not worth the effort to try and stop them. Letourneau contends that this was not entirely the case. He argues that the Cactus Air Force and Guadalcanal-based naval units did their best to disrupt the evacuation, still believing that the Tokyo Express was bringing reinforcements and supplies to the 17th Army. Other US forces in the South Pacific did make a half-hearted and questionably executed attempt to stop the Japanese but were bluffed into adopting a wait-and-see posture. Operation KE focuses on the air war fought between the

Cactus and US 13th Air Forces on the one hand and the Japanese Navy and Army Air Forces on the other from mid December 1942 to mid February 1943 The book scrutinizes the US air strikes against the six KE related Tokyo Express destroyer runs plus related air strikes against the Japanese merchant marine as well as air and naval base suppression missions undertaken by both sides to determine what actually happened in order to analyze why the Japanese evacuation succeeded and why Cactus failed to stop it Background chapters attempt to assess the respective states of readiness of the Japanese and US air arms in the South Pacific to support on the one hand and counter on the other the execution of Operation KE The central portion of the book narrates in some detail what actually occurred in the air and at sea including air strikes fighter sweeps base suppression missions and naval sorties during the crucial prelude to and the actual playing out of the interrelated events that comprised the evacuation operation Concluding chapters analyze on both strategic and tactical levels the Japanese planning and execution of Operation KE and Cactus initiatives to interdict KE s successful prosecution The authors conclude that both the Japanese and the American states of readiness on the eve of Operation KE suffered in such matters as optimizing both resources and operating procedures and combating a hostile environment Consequently both combatants were somewhat handicapped in their abilities respectively to carry out and contest Operation KE The author contends that the Japanese developed a reasonably sound strategy that exploited those methods and tools of war then in use in the South Pacific to achieve success they maximized their own strengths while taking advantage of their adversary s limitations Contrary to the traditional view the authors are of the opinion that Japanese utilization of their newly built airstrip at Munda in the Central Solomons played an important role in the success of Operation KE which was in keeping with the long range intention of developing Munda and Vila airstrips as major forward airbases to defend against any Allied push toward Rabaul through the Solomons The U S on the other hand by consistently misreading Japanese intent regarding Operation KE and pursuing a cautious offensive strategy blunted the tactical impact of their initiatives to counter the evacuation Several imprudent tactical decisions and a misallocation of resources further diluted the strength of US efforts

The Allied Neutralisation of Rabaul Jon Diamond, 2025-01-30 Details the 1943 1944 Allied strategy to neutralize Japan's Rabaul stronghold through fierce aerial sieges and targeted landings in the Pacific. Fierce Pacific ground sea and aerial combat raged between the Allies and Imperial Japan to halt the latter's inexorable advance in 1942 1943. After the American victory at Guadalcanal in February 1943, Admiral Halsey's South Pacific Area (SPA) naval and amphibious forces battled through the Solomon Islands, building new and acquiring extant Japanese airfields. Simultaneously, General Douglas MacArthur's Southwest Pacific Area (SWPA) Australian American ground forces supported by General George Kenney's US Fifth Air Force and other Allied air squadrons captured Japanese installations in Papua New Guinea before campaigning along Northeast New Guinea's northern coast, ousting or bypassing enemy installations there. Using newly built Papuan airfields, the Allies gained air superiority over New Guinea and also interdicted Japanese maritime supply lines. Yet the main Japanese southwest Pacific bastion at Rabaul on the northeastern tip of New Britain, the largest island of the Bismarck Archipelago, remained. In March 1943, realizing an amphibious assault and ground campaign against Rabaul's naval and army bases would be too costly, the US Joint Chiefs of Staff decided to neutralize Rabaul with a joint SPA and SWPA aerial siege rather than capture it. This IOW volume recounts this strategy during 1943 and 1944 and the December 1943 amphibious landings by the US 1st Marine Division and US Sixth Army units at Cape Gloucester and Arawe respectively, which successfully isolated the Japanese fortress and satellite bases.
