Thought Long the object of curiosity admiration and gossip rabbis wives have rarely been viewed seriously as American Jewish religious and communal leaders We know a great deal about the important role played by rabbis in building American Jewish life in this country but not much about the role that their wives played The Rabbi s Wife redresses that imbalance by highlighting the unique contributions of rebbetzins to the development of American Jewry Tracing the careers of rebbetzins from the beginning of the twentieth century until the present Shuly Rubin Schwartz chronicles the evolution of the role from a few individual rabbis wives who emerged as leaders to a cohort who worked together on behalf of American Judaism The Rabbi s Wife reveals the ways these women succeeded in both building crucial leadership roles for themselves and becoming an important force in shaping Jewish life in America *A History of Conversion to Islam in the United States, Volume 1*

Patrick D. Bowen,2015-08-17 *A History of Conversion to Islam in the United States Volume 1* White American Muslims before 1975 is the first in depth study of the thousands of white Americans who embraced Islam between 1800 and 1975 Drawing from little known archives interviews and rare books and periodicals Patrick D Bowen unravels the complex social and religious factors that led to the emergence of a wide variety of American Muslim and Sufi conversion movements While some of the more prominent Muslim and Sufi converts including Alexander Webb Maryam Jameelah and Samuel Lewis have received attention in previous studies *White American Muslims before 1975* is the first book to highlight previously unknown but important figures including Thomas M Johnson Louis Glick Nadirah Osman and T B Irving **Routledge Library**

Editions: International Islam Various,2021-03-11 First published between 1913 and 1994 this 6 volume set examines the history of Islam in a variety of regions across the world Spanning continents from Africa to Asia North America and Europe and ranging from 19th century ethnographical studies to modern day historical research these titles not only demonstrate the diversity within this global religion but also how the study of Islam has changed over time The titles in this set will be of interest to those studying the history of Islam as well as those fascinated by the study of religion and international communities itself **Making the American Religious Fringe** Sean McCloud,2004 In an examination of religion coverage in Time Newsweek Life The Saturday Evening Post Ebony Christianity Today National Review and other news and special

interest magazines Sean McCloud combines re **The Consciousness Reformation** Robert Wuthnow,2023-11-15 The late

1960s and early 1970s marked an era of profound social experimentation and cultural transformation. This period saw an explosion of countercultural movements ranging from communes and alternative family structures to radical political organizations like SDS (Students for a Democratic Society) and SLA (Symbionese Liberation Army). Alongside these visible upheavals, subtler shifts occurred in societal attitudes toward sexuality, race, religion, and politics, reflecting a broader reimagining of fundamental social norms. These changes collectively signify a pivotal moment in American history with enduring implications for understanding social conflict and transformation. This book seeks to explain the underlying forces driving these shifts by focusing on what we term the new consciousness, a cultural evolution that legitimized and encouraged social experimentation. Departing from traditional analyses that attribute unrest to economic or institutional strains, this study explores symbolic cultural constructions and their role in reshaping societal values. By emphasizing how individuals interpret their circumstances rather than solely examining objective conditions, we align with theoretical traditions like those of Weber and symbolic interactionism. Our inquiry examines four dominant meaning systems in American culture: Theism, Individualism, Social Determinism, and Mysticism, and their varying relationships with social experimentation, aiming to uncover how these symbolic frameworks influence attitudes, behaviors, and societal change. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1976.

Islam in North America Michael A. Köszegi, J. Gordon Melton, 2017-01-12 First published in 1992, this book focuses on the Muslim community and how it has developed in North America. Divided into eight sections, it traces the history of the Muslim community in North America from the nineteenth century to the end of the twentieth century and examines different aspects of the community, such as Sectarian Movements, Islam in the African American community, and points of contact between Christian and Islamic communities. The text includes a number of bibliographies to aid further study and closes with a helpful directory of Muslim organizations and centers in North America. This book will be of particular interest to those studying Islam and Religion in North America.

Diane di Prima David Stephen Calonne, 2019-01-24 Diane di Prima's *Visionary Poetics and the Hidden Religions* reveals how central di Prima was in the discovery, articulation, and dissemination of the major themes of the Beat and hippie countercultures from the fifties to the present. Di Prima (1934–) was at the center of literary, artistic, and musical culture in New York City. She also was at the energetic fulcrum of the Beat movement and, with Leroi Jones, Amiri Baraka, edited *The Floating Bear* (1961–69), a central publication of the period to which William S. Burroughs, Jack Kerouac, Allen Ginsberg, Charles Olson, and Frank O'Hara contributed. Di Prima was also a pioneer in her challenges to conventional assumptions regarding love, sexuality, marriage, and the role of women. David Stephen Calonne charts the life work of di Prima through close readings of her poetry, prose, and autobiographical writings, exploring her thorough immersion

in world spiritual traditions and how these studies informed both the form and content of her oeuvre Di Prima's engagement in what she would call the hidden religions can be divided into several phases her years at Swarthmore College and in New York her move to San Francisco and immersion in Zen her researches into the I Ching Paracelsus John Dee Heinrich Cornelius Agrippa alchemy Tarot and Kabbalah of the mid sixties and her later interest in Tibetan Buddhism Diane di Prima Visionary Poetics and the Hidden Religions is the first monograph devoted to a writer of genius whose prolific work is notable for its stylistic variety wit and humor struggle for social justice and philosophical depth **Less Is More** Donna J.
