Greeley, Abridged Begat David Crystal,2010-09-23 What do the following have in common Let there be light A fly in the ointment A rod of iron New wine in old bottles Lick the dust How are the mighty fallen Kick against the pricks Wheels within wheels They are all in the King James Bible This astonishing book has contributed far more to English in the way of idiomatic or quasi proverbial expressions than any other literary source So wrote David Crystal in 2004 In Begat he returns to the subject not only to consider how a work published in 1611 could have had such influence on the language but how it can still do so when few regularly hear the Bible and fewer still hear it in the language of Stuart England No other version of the Bible however popular such as the Good News Bible or imposed upon the church like the New English Bible has had anything like the same influence David Crystal shows how its words and phrases have over the centuries found independent life in the work of poets playwrights novelists politicians and journalists and how

more recently they have been taken up with enthusiasm by advertisers Hollywood and hip hop Yet the King James Bible owes much to earlier English versions notably those by John Wycliffe in the fourteenth century and William Tyndale in the sixteenth David Crystal reveals how much that is memorable in the King James Bible stems from its forebears At the same time he shows how crucial were the revisions made by King James's team of translators and editors A person who professes to be a critic in the delicacies of the English language ought to have the Bible at his finger's ends Lord Macaulay advised Lady Holland in 1831 Begat shows how true that remains It will be a revelation to all who read it **Barefoot Billetdoux**
