

PATRIARCHY IN A WELFARE SOCIETY

Edited by Harriet Holter

© MW Universitetsforlaget Books

Patriarchy In A Welfare Society

Carole Pateman

Patriarchy In A Welfare Society:

Patriarchy in a Welfare Society Harriet Holter,1984 This collection of articles presents various types of analysis of the position of women in Norwegian society and focuses on such current themes in women's studies as the relationship between production and reproduction and the nature of patriarchy in Western societies

Patriarchy in a Welfare Society Harriet Holter,1984 This collection of articles presents various types of analysis of the position of women in Norwegian society and focuses on such current themes in women's studies as the relationship between production and reproduction and the nature of patriarchy in Western societies

The Patriarchal Welfare State Carole Pateman,1987

Women, the State, and Welfare Linda Gordon,2012-11 A collection of essays about women and welfare in America this book discusses how welfare programmes affect women and how gender relations have influenced the structure of such programmes Issues such as race and class are also discussed

Fortunes of Feminism Nancy Fraser,2013-10-01 Nancy Fraser's major new book traces the feminist movement's evolution since the 1970s and anticipates a new radical and egalitarian phase of feminist thought and action During the ferment of the New Left Second Wave feminism emerged as a struggle for women's liberation and took its place alongside other radical movements that were questioning core features of capitalist society But feminism's subsequent immersion in identity politics coincided with a decline in its utopian energies and the rise of neoliberalism Now foreseeing a revival in the movement Fraser argues for a reinvigorated feminist radicalism able to address the global economic crisis

Feminism can be a force working in concert with other egalitarian movements in the struggle to bring the economy under democratic control while building on the visionary potential of the earlier waves of women's liberation This powerful new account is set to become a landmark of feminist thought

Feminists Read Habermas (RLE Feminist Theory) Johanna Meehan,2013-05-20 This important new collection considers Jurgen Habermas's discourse theory from a variety of feminist vantage points Habermas's theory represents one of the most persuasive current formulations of moral and political notions of subjectivity and normativity Feminist scholars have been drawn to his work because it reflects a tradition of emancipatory political thinking rooted in the Enlightenment and engages with the normative aims of emancipatory social movements The essays in *Feminists Read Habermas* analyze various aspects of Habermas's theory ranging from his moral theory to political issues of identity and participation While the contributors hold widely different political and philosophical views they share a conviction of the potential significance of Habermas's work for feminist reflections on power norms and subjectivity

Mothers of a New World Seth Koven,Sonya Michel,2013-10-31 Historians of Australia Germany Great Britain Sweden and the United States provide a sweeping view of the scope of women's work and make comparisons across societies and over time

Why Women are Oppressed Anna G. Jónasdóttir,1994 A feminist of international standing strives toward a theory about the web of relations between the sexes

Cannibal Capitalism Nancy Fraser,2022-09-20 Shortlisted for the Deutscher Memorial Prize 2023 Capital is currently cannibalizing every sphere of life guzzling wealth from nature and

racialized populations sucking up our ability to care for each other and gutting the practice of politics In this tightly argued and urgent volume leading Marxist feminist theorist Nancy Fraser charts the voracious appetite of capital tracking it from crisis point to crisis point from ecological devastation to the collapse of democracy from racial violence to the devaluing of care work These crisis points all come to a head in Covid 19 which Fraser argues can help us envision the resistance we need to end the feeding frenzy What we need she argues is a wide ranging socialist movement that can recognize the rapaciousness of capital and starve it to death

Engendering Democracy Anne Phillips, 2018-03-08 Democracy is the central political issue of our age yet debates over its nature and goals rarely engage with feminist concerns Now that women have the right to vote they are thought to present no special problems of their own But despite the seemingly gender neutral categories of individual or citizen democratic theory and practice continues to privilege the male This book reconsiders dominant strands in democratic thinking focusing on liberal democracy participatory democracy and twentieth century versions of civic republicanism and approaches these from a feminist perspective Anne Phillips explores the under representation of women in politics the crucial relationship between public and private spheres and the lessons of the contemporary women s movement as an experience in participatory democracy

Uncover the mysteries within Crafted by is enigmatic creation, **Patriarchy In A Welfare Society** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *).
