Patriots And Liberators Revolution In The Netherlands 1780 1813:

Patriots and Liberators Simon Schama, 1977 How the Dutch Republic of the Netherlands went from the powerful cash till of Europe to an impoverished and despised appendage of the French empire **Patriots and liberators** Simon Schama, 1992 Patriots and Liberators Simon Schama, 1992 **Extending Citizenship, Reconfiguring States** Michael P. Hanagan, Charles Tilly, 1999 Citizenship has come under intense discussion recently because of threats to welfare and shifting immigration policies The European Union has opened transnational citizenship rights and fledgling democracies throughout the world are struggling to establish their own versions of citizenship Extending Citizenship Reconfiguring States connects all these current discussions and places them in historical perspective The book presents a thematically unified analysis of changing citizenship practices over two centuries _from the eve of the French Revolution to contemporary China Showing how rights emerge with the appearance of new social groups and the reconfiguration of states the authors identify conditions under which rights and citizenship expand as new groups develop within consolidated states as well as how rights and citizenship emerge within fragmented states with cross cutting legal jurisdictions Patriots and Liberators Simon Schama, 1977 **The Napoleonic Empire and the New European Political Culture** M. Broers, P. Hicks, A. Guimera, 2012-10-10 Napoleon's conquests were spectacular but behind his wars is an enduring legacy A new generation of historians have re evaluated the Napoleonic era and found that his real achievement was the creation of modern Europe as we know it **The Low Countries History Yearbook 1979** C. Dekker, G. Asaert, W. Nijenhuis, P. Van Peteghem, D. J. Roorda, C. R. Emery, K. W. Swart, K. Van Der Pols, 2012-12-06 *The Netherlands Reformed Church, 1571-2005* Karel Blei, 2006 *Fifty Years Later* , 1995-01-01 The Dutch slave trade slavery and abolitionism have long remained unduly neglected issues in the burgeoning international debate on capitalism modernity and antislavery Fifty Years Later now offers a thorough and wide ranging discussion of antislavery in the Netherlands and in the Dutch colonial world and also provides a fresh contribution to the ongoing debate on the relationship between abolitionism and economic political and cultural modernization in the Western world at large The contributors to this volume are Seymour Drescher Pieter C Emmer Stanley L Engerman Edwin Horlings Gerrit J Knaap Maarten Kuitenbrouwer Gert Oostindie Robert Ross Angelie Sens and Alex van Stipriaan *Discourses of Decline* , 2022-01-17 This volume explores the relevance of decline within the republican tradition While scholarship on republicanism thrives the idea of decline which has been prominent in republican theory since antiquity has received relatively little attention The essays in this volume take a broad cultural perspective and study a wide variety of authors and contexts to situate decline among the key concepts in the history of republicanism Most contributions focus on the Dutch Republic during the Age of Enlightenment and Revolutions the area of expertise of Wyger Velema to whom this volume is dedicated Other case studies include early modern Spain and Venice the German Enlightenment and the Weimar Republic Contributors are Remieg Aerts Hans Erich B deker Wiep van Bunge Lisa Kattenberg Wessel Krul Matthijs Lok
