Patrol Vessels Mark Matyas, 1994 Poseidon and the PC Gary W. Neidhardt, 2013-05 Poseidon and the PC documents the adventures of Lt Paul W Neidhardt USNR through one hundred and fifteen of his letters written to his wife during World War II Long before PC became equated with a personal computer or politically correct the two letters were associated with Patrol Craft These World War II ships had the mission of performing convoy escort duty and antisubmarine warfare The PCs were meant to relieve the larger far more valuable ships from the often monotonous duties of sailing at the speed of the slowest ship in a convoy The 174 foot long PCs were so small that they were considered safe duty as more worthy targets were always available In high seas PCs floated as light as a cork in a bottle and as rough as riding a bull A PC could entirely disappear from view in the trough of a large wave The seasickness that resulted from the pitching and rolling of the PC was truly gut wrenching If you didn t get sick on a PC you were seaworthy on any other Navy ship in the fleet Had the war not ended when it did Poseidon s typhoons might have substantially prolonged the war in the Pacific A great typhoon sunk beached or damaged more than two hundred American ships at Okinawa after the war had ended that were to be used for the invasion of Japan Paul was the executive officer on one of the many PCs destroyed by this great storm which struck on October 9 1945 When Poseidon showed his power Paul knew his PC needed all the help and good fortune there was to be found if they were to survive the fury of what Americans came to call Typhoon Louise

Gold Bars CAPTAIN CONRAD N. BROWN JR, 2011-03 We finally have a business book for boaters It covers all of the steps to begin chartering He discusses the

pros as well as the cons The captain obviously has time on the water and is genuinely interested in helping his readers get started His enthusiasm and sense of humor are obvious in this informative book I reference it often Want to charter Get this book

The Last Stand of the Tin Can Sailors James D. Hornfischer, 2008-11-12 This will be a fight against overwhelming odds from which survival cannot be expected We will do what damage we can With these words Lieutenant Commander Robert W Copeland addressed the crew of the destroyer escort USS Samuel B Roberts on the morning of October 25 1944 off the Philippine Island of Samar On the horizon loomed the mightiest ships of the Japanese navy a massive fleet that represented the last hope of a staggering empire All that stood between it and Douglas MacArthur s vulnerable invasion force were the Roberts and the other small ships of a tiny American flotilla poised to charge into history In the tradition of the 1 New York Times bestseller *Flags of Our Fathers* James D Hornfischer paints an unprecedented portrait of the Battle of Samar a naval engagement unlike any other in U S history and captures with unforgettable intensity the men the strategies and the sacrifices that turned certain defeat into a legendary victory BONUS This edition includes an excerpt from James D Hornfischer s *Neptune s Inferno* Praise for *The Last Stand of the Tin Can Sailors* One of the finest WWII naval action narratives in recent years this book follows in the footsteps of *Flags of Our Fathers* Exalting American sailors and pilots as they richly deserve Reads like a very good action novel Publishers Weekly Reads as fresh as tomorrow s headlines Hornfischer s captivating narrative uses previously classified documents to reconstruct the epic battle and eyewitness accounts to bring the officers and sailors to life Texas Monthly Hornfischer is a powerful stylist whose explanations are clear as well as memorable A dire survival at sea saga Denver Post In *The Last Stand of the Tin Can Sailors* James Hornfischer drops you right into the middle of this raging battle with 5 inch guns blazing torpedoes detonating and Navy fliers dive bombing The overall story of the battle is one of American guts glory and heroic sacrifice Omaha World Herald Coast Guard, 2001

Splinter Fleet Theodore R Treadwell, 2013-11-12 Hastily built at the onset of World War II to stop German U boats from taking their toll on Allied shipping the 110 foot wooden subchasers were the smallest commissioned warships in the U S Navy yet they saw as much action as ships ten times their size In every theater of war these expendable workhorses of the fleet escorted countless convoys of slow moving ships through submarine infested waters conducted endless mind numbing antisubmarine patrols and were used in hundreds of amphibious operations Some subchasers worked as gunboats to search for and destroy enemy barges Others rescued downed airmen and retrieved drowning soldiers under heavy enemy fire During the German occupation of Norway three American built subchasers and their Norwegian crews came to be known as The Shetlands Bus for their clandestine work as ferries the only link between Norway and the free world This book written by the commander of one of the subchasers defines their place in naval history and gives readers a taste of life on board the wooden warships Ringing with authenticity it describes the cramped quarters and unforgiving seas as well as the tenacious courage and close bonds formed by the men as they sought out the enemy and confronted nature Long overshadowed by the

larger faster warships and more glamorous PT boats of World War II subchasers have been mostly forgotten This work restores the plucky little ships to their hard earned status as significant members of the fleet
