Patrology The Beginnings Of Patristic Literature From The Apostles Creed To Irenaeus:

Patrology Johannes Quasten, 2005-02-01 A monumental work that presents a solid introduction to early Christian literature to the English reading public It is the first work of its kind written originally in English Reviewers were unanimous in heaping praise upon the publication and looking upon it as a breakthrough in studying the Fathers of the Church

Irenaeus on the Trinity Jackson Lashier, 2014-09-18 In *Irenaeus on the Trinity* Jackson Lashier provides a fresh reading of Irenaeus understanding of God in dialogue with his opponents and sources which reveals a more developed Trinitarian theology than traditionally thought Key Trinitarian themes that emerge are the Fatherhood of God the mutual indwelling relations of Father Son and Spirit and the cooperative divine work of all three in the economy The study finds Irenaeus thought to depart in these areas from standard second century trajectories Apologists and Gnostics moving Trinitarian theology in the direction of more developed Trinitarian thought of later centuries This monograph offers not only a better understanding of Irenaeus thought but also a fuller picture of the development of Trinitarian thought in early Christianity

Pedagogy in Ancient Judaism and Early Christianity Karina Martin Hogan, Matthew Goff, Emma Wasserman, 2017-06-30 Engage fourteen essays from an international group of experts There is little direct evidence for formal education in the Bible and in the texts of Second Temple Judaism and early Christianity At the same time pedagogy and character formation are important themes in many of these texts This book explores the pedagogical purpose of wisdom literature in which the concept of discipline Hebrew *musar* is closely tied to the acquisition of wisdom It examines how and why the concept of *musar* came to be translated as *paideia* education enculturation in the Greek translation of the Hebrew Bible Septuagint and how the concept of *paideia* was deployed by ancient Jewish authors writing in Greek The different understandings of *paideia* in wisdom and apocalyptic writings of Second Temple Judaism are this book's primary focus It also examines how early Christians adapted the concept of *paideia* influenced by both the Septuagint and Greco Roman understandings of this concept Features A thorough lexical study of the term *paideia* in the Septuagint Exploration of the relationship of wisdom and Torah in Second Temple Judaism Examination of how Christians developed new forms of pedagogy in competition with Jewish and pagan systems of education **The Tyranny of Time?** D. Jeffrey

Bingham, 2024-12-02 In a day fascinated with questions of historiography and with explicating a distinctive Christian philosophy of time and history Henri Charles Puech's 1950s work on Gnosis and time found an audience Studying four second century texts he marked as Gnostic he argued for the Gnostic anti cosmic anti historical pessimism about existence within the tyrannical temporal world of bondage and error Bliss and truth were otherworldly and atemporal This book reassesses Puech's argument by analysis of the writings undergirding his sample and a wide array of second century Christian and Gnostic Christian texts that display not the Gnostic view as if there were one but a broader second century theological discussion regarding time world and knowledge manifesting a spectrum of perspectives A review of past and

present scholarly discourse that evoked discussions of Gnosticism and anti cosmism and informed Puech s thesis begins the volume along with study of his own thesis A discussion of the academy s reception of Puech then follows The close reading of early pertinent texts forms the heart of the work arguing for eight discernible models of history time and world that arose within the second century intellectual debate **The Beginnings of Christianity** Howard Clark Kee,2005-11-22 An

introduction to both the theological content and the social context of the New Testament and early Christianity Early Christian Readings of Genesis One Craig D. Allert,2018-07-24 Do the writings of the church fathers support a literalist interpretation of Genesis 1 Young earth creationists have maintained that they do But are we correctly representing the Fathers and their concerns This study from Craig Allert resets our understanding of early Christian interpretation and considers whether contemporary evangelicals may be more bound to modernity in our reading of Genesis 1 than we realize

Honor, Shame, and the Gospel Christopher Flanders,Werner Mischke,2020-10-27 An Honorific Gospel Biblically Faithful Culturally Relevant Christians engaged in communicating the gospel navigate a challenging tension faithfulness to God s ancient revealed Word and relevance to the local current social context What if there was a lens or paradigm offering both Understanding the Bible particularly the gospel through the ancient cultural language of honor shame offers believers this double blessing In Honor Shame and the Gospel over a dozen practitioners and scholars from diverse contexts and fields add to the ongoing conversation around the theological and missiological implications of an honorific gospel Eight illuminating case studies explore ways to make disciples in a diversity of social contexts for example East Asian rural Middle Eastern refugee African tribal and Western secular urban Honor Shame and the Gospel provides valuable resources to impact the ministry efforts of the church locally and globally Linked with its ancient honor shame cultural roots the gospel paradoxically is ever new offering fresh wisdom to Christian leaders and optimism to the church for our quest to expand Christ s kingdom and serve the worldwide mission of God *A Journey to the High Places* Christopher Felix Bezzina,2012-12-24 Since his existence the human being has explored various ways in his quest for God Part of this search is related to humanity s yearning for true harmony and joy in the world Christian spirituality as a unique spirituality one encounters today imparts various ways one can respond to this longing One of these ways is through allegorical narratives Specifically this study analyzes the spirituality of Hannah Hurnard 1905 1990 by intertextually perusing her most famous allegorical narrative Hinds Feet on High Places A Journey to the High Places is divided into four chapters In chapter 1 the allegorical narrative is subjectively considered in all its aspects and the central themes are expressed without any reference to other secondary connections Chapter 2 analyzes the allegorical narrative by relating this narrative with other material that Hannah Hurnard published These other narratives provide the tools which Hannah employed in the composition of this allegorical narrative Thus chapter 2 presents an intertextual analysis between her other publications and Hinds Feet on High Places Likewise chapter 3 presents another intertextual analysis between the many biblical abstracts and their relation to the

narrative in the hope of showing her biblical interpretations Several spiritual themes that emerged from the preceding chapters are discussed in chapter 4 presenting a consistent spirituality In presenting the themes one notes that the strong points and weaknesses of Hannah s spirituality are related to other Christian spiritual traditions In order to conduct a comprehensive study the introductory section of this study deals with the significance of allegory and spirituality

A Defense of Free Will Against Luther St John Fisher, 2025-02-07 Lord Acton said that of all the works written against Martin Luther in the beginning of the Reformation Bishop John Fisher of Rochester s *Assertionis Lutheranae Confutatio* of 1523 was the most important Oddly enough this massive work of Catholic apologetics composed in Latin has never been rendered into the English language It contains Fisher s detailed responses to all forty one articles defended by Martin Luther against the censures of Pope Leo X found in the bull *Exsurge Domine* 1520 In this volume Thomas Scheck presents for the first time in English translation introduced and annotated Fisher s Preface to the Reader Ten Truths and the most important single article found in Fisher s Confutation namely his Confutation of Luther s Assertion of Article 36 in which Fisher defends the existence of free will against Luther s claim that free will is a fiction with no reality Fisher s reply is thoroughly grounded in Scripture and in the interpretation of Scripture found in the ancient Fathers of the Church Interestingly to defend free will he makes abundant use of Augustine Origen Jerome Tertullian and John Chrysostom Luther s controversy with the Catholic Church over free will is well known today from his debate with Erasmus of Rotterdam which is easily accessible in English Less well known is the fact that Bishop John Fisher s reply to Luther preceded Erasmus s by one year and was used extensively by Erasmus himself in arguing against Luther s positions Also noteworthy is that Bishop John Fisher s particular response to Luther was well known to the bishops and theologians at the Council of Trent 1545 1563 and appears to have influenced the formulation of Catholic dogma in the Decree on Justification where free will is affirmed and the power of human resistance recognized Bishop John Fisher was canonized along with St Thomas More in 1935 400 years after their bloody martyrdoms under King Henry VIII Their mutual feast day is on June 22

This Is the Sun?: Zeitgeist and Religion (Volume I: Comparative Religion) Albert McIlhenny, 2011-12-07 The film *Zeitgeist* became an overnight internet sensation with its claims Christianity was based upon a pagan solar mythology This idea developed in the eighteenth century but dismissed as ridiculous by scholars has held support among anti religious and occultic thinkers and recently was popularized by conspiracy theorists In the first of a two volume critique of these ideas Albert McIlhenny takes on the claims of its best known supporters By the end of this volume the theory of astrotheology is shown to be based on various historical mistakes popular in early modernity but since shown to be erroneous It is demonstrated the source of its current support is not based upon any evidence but the wild claims of conspiracy theorists dressed up to look like scholarship
