Patronage And Politics In Nineteenth Century Brazil:

Patronage and Politics in Nineteenth-Century Brazil Richard Graham,1994-08-01 Focusing on the period from 1840 to 1889 one of the leading historians on Brazil explores the specific ways in which granting protection official positions and other favors in exchange for political and personal loyalty worked to benefit the interests of wealthy Brazilians **Business Interest Groups in Nineteenth-Century Brazil** Eugene Ridings,2004-03-11 This book is the first to describe the role of business interest groups in the development of Brazil during the nineteenth century **Afro-Latin American Studies** Alejandro de la Fuente,2018-04-26 Examines the full range of humanities and social science scholarship on people of African descent in Latin America **Crony Capitalism and Economic Growth in Latin America** Stephen Haber,2013-11-01 Crony capitalism systems in which those close to political policymakers receive favors allowing them to earn returns far above market value are a fundamental feature of the economies of Latin America Haber and his expert contributors draw from case studies in Mexico Brazil and other countries around the world to examine the causes and consequences of cronyism **Propagandists of the Book** Pedro Feitoza,2024 Pedro Feitoza traces the history of Protestantism in Brazil through an analysis of the production and circulation of evangelical texts Examining a wide range of periodicals tracts correspondence and other archival records and delving into the ideology of religious thinkers and evangelists of the time Feitoza considers how Protestant veneration of the written word led to a complex infrastructure for the distribution of religious texts and the fostering of literacy in Brazil in the late 19th and early 20th centuries **Colonial and Postcolonial Latin America and the Caribbean** Emily Sebastian,2016-12-15 The colonization of Latin America and the Caribbean followed the European discovery of the Americas As the first wave of Western colonialism the majority of the nations of Latin America had already won their independence from Spain and Portugal before colonialism had fully taken root in other parts of the world But colonialism lasted longer in the Caribbean and its legacy lingers in Latin America Special attention is paid to colonial society which bore little resemblance to the indigenous societies but was a major influence on Latin American societies An indispensable resource for students of history or Latin America *A Black Jurist in a Slave Society* Keila Grinberg,2019-10-18 Now in English for the first time Keila Grinberg's compelling study of the nineteenth century jurist Antonio Pereira Rebou as 1798 1880 traces the life of an Afro Brazilian intellectual who rose from a humble background to play a key and conflicted role as Brazilians struggled to define citizenship and understand racial politics One of the most prominent specialists in civil law of his time Rebou as explained why blacks fought stridently for their own inclusion in society but also complicitly embraced an ethic of silence on race more broadly Grinberg argues that while this silence was crucial for defining spaces of social mobility and respectability regardless of race it was also stifling and played an important role in quelling political mobilization based on racial identity Rebou as s commitment to liberal ideals also exemplifies the contradiction he embodied though he rejected movements that were grounded in racial political mobilization he was

consistently treated as potentially dangerous for the single fact that he was of African origin Grinberg demonstrates how Rebou as s life and career encompassing such themes as racial politics and identities slavery and racism and imperfect citizenship are central for our understanding of Atlantic slave and post abolition societies **British Imperialism** P.J. Cain,A. G. Hopkins,2014-01-14 A milestone in the understanding of British history and imperialism and truly global in its reach this magisterial account received numerous accolades from reviewers in its first edition The first to coin the phrase gentlemanly capitalism Cain and Hopkins make the strong and provocative argument that it is impossible to understand the nature and evolution of British imperialism without taking account of the peculiarities of her economic development In particular the growth of the financial sector and above all the City of London played a crucial role in shaping the course of British history and Britain s relations overseas Now with a substantive new introduction and a conclusion the scope of the original account has been widened to include an innovative discussion of globalization **Popular Organization and Democracy in Rio De Janeiro** Robert Gay,2010-04-20 Two political survival strategies in Brazilian slum neighborhoods
 Argentina's Radical Party and Popular Mobilization, 1916-1930 Joel Horowitz,2010-11-01
