Paul Cezanne:

Paul Cézanne, 1839-1906 Ulrike Becks-Malorny, 2001 From banker to painter Cezanne and the Impressionists Harmony in parallel with nature Still lifes Mont Saint Victoire Latter years *Conversations with Cezanne* Paul Cézanne, 2001-07-10 This book gathers the commentary of people who knew the painter Paul Cezanne especially in his later years Now seen as one of the most influential of modern painters in his 40s he returned to his village of Aix en Provence where he worked in near obscurity and with great dedication until his death in 1906 *Paul Cézanne 1839-1906* Anna Barskaya, Yevgenia Georgievskaya, 2011-07-01 Since his death 200 years ago C zanne has become the most famous painter of the nineteenth century He was born in Aix en Provence in 1839 and the happiest period of his life was his early youth in Provence in company with Emile Zol another Italian Following Zol s example C zanne went to Paris in his twenty first year During the Franco Prussian war he deserted the military dividing his time between open air painting and the studio He said to Vollard an art dealer I m only a painter Parisian wit gives me a pain Painting nudes on the banks of the Arc a river near Aix is all I could ask for Encouraged by Renoir one of the first to appreciate him he exhibited with the impressionists in 1874 and in 1877 He was received with derision which deeply hurt him C zanne s ambition in his own words was to make out of Impressionism something as solid and durable as the paintings of the museums His aim was to achieve the monumental in a modern language of glowing vibrating tones C zanne wanted to retain the natural colour of an object and to harmonise it with the various influences of light and shade trying to destroy it to work out a scale of tones expressing the mass and character of the form C zanne loved to paint fruit because it afforded him obedient models and he was a slow worker He did not intend to simply copy an apple He kept the dominant colour and the character of the fruit but heightened the emotional appeal of the form by a scheme of rich and concordant tones In his paintings of still life he is a master His fruit and vegetable compositions are truly dramatic they have the weight the nobility the style of immortal forms No other painter ever brought to a red apple a conviction so heated sympathy so genuinely spiritual or an observation so protracted No other painter of equal ability ever reserved for still life his strongest impulses C zanne restored to painting the pre eminence of knowledge the most essential quality to all creative effort The death of his father in 1886 made him a rich man but he made no change in his abstemious mode of living Soon afterwards C zanne retired permanently to his estate in Provence He was probably the loneliest of painters of his day At times a curious melancholy attacked him a black hopelessness He grew more savage and exacting destroying canvases throwing them out of his studio into the trees abandoning them in the fields and giving them to his son to cut into puzzles or to the people of Aix At the beginning of the century when Vollard arrived in Provence with intentions of buying on speculation all the C zannes he could get hold of the peasantry hearing that a fool from Paris was actually handing out money for old linen produced from barns a considerable number of still lifes and landscapes The old master of Aix was overcome with joy but recognition came too late In 1906 he died from a fever contracted while painting in a downpour of rain

The Letters of Paul Cézanne Alex Danchev, 2016-09-23 Revered and misunderstood by his peers and lauded by later generations as the father of modern art Paul Cézanne 1839-1906 has long been a subject of fascination for artists and art lovers writers poets and philosophers His life was a ceaseless artistic quest and he channeled much of his wide ranging intellect and ferocious wit into his letters Punctuated by exasperated theorizing and philosophical reflection outbursts of creative ecstasy and melancholic confession the artist's correspondence reveals both the heroic and all too human qualities of a man who is indisputably among the pantheon of all time greats This new translation of Cézanne's letters includes more than twenty that were previously unpublished and reproduces the sketches and caricatures with which Cézanne occasionally illustrated his words The letters shed light on some of the key artistic relationships of the modern period about one third of Cézanne's more than 250 letters are to his boyhood companion Émile Zola and he communicated extensively with Camille Pissarro and the dealer Ambroise Vollard The translation is richly annotated with explanatory notes and for the first time the letters are cross referenced to the current catalogue raisonné Numerous inaccuracies and archaisms in the previous English edition of the letters are corrected and many intriguing passages that were unaccountably omitted have been restored The result is a publishing landmark that ably conveys Cézanne's intricacy of expression **Paul Cézanne** Iain

Zacsek, 2014-08-01 It's strange to think that when Paul Cézanne began his work as an artist people laughed at him In 1874 Cézanne's work appeared in the very first exhibition of Impressionist art Now he's viewed as one of the artists to shape modern art as it is today Readers discover this incredible artist through his biography and full color examples of his paintings including *The Card Players* Tiny details are revealed through palette samples and close up images of small parts of his work like the signature at the bottom of *The House of the Hanged Man* Paul Cézanne Mary Tompkins Lewis, 2017-11-28 This beautifully illustrated book features twenty four masterpieces in portraiture by celebrated French artist Paul Cézanne 1839-1906 offering an excellent introduction to this important aspect of his work Arranged chronologically and spanning five decades featured portraits range from a selection of the artist's self portraits made throughout his life to paintings depicting family and friends including his uncle Dominique his wife Hortense his son Paul and his final portrait of Vallier the gardener at his house near Aix en Provence completed shortly before Cézanne's death Art historian Mary Tompkins Lewis contributes an illuminating essay on Cézanne and his portraiture for general readers alongside an illustrated chronology of the artist's life and work **Paul Cézanne** Paul Cézanne, Meyer Schapiro, 1962 **Paul Cézanne** Mike Venezia, 1998 Describes the life and work of the French Post Impressionist artist who tried new ideas in painting to express his love of nature **Paul**

Cézanne Christoph Wagner, 2022-01-27 A new entry in the Great Masters of Art series dedicated to one of the most popular painters in history Paul Cézanne His paintbrush set everything in motion the landscape of Provence the colorful still lifes his portraits and the picturesque coast of southern France More than any other artist Paul Cézanne the Father of Modernism captured the light and the play of colors in his pictures and lent them through his new pictorial language a liveliness and

dynamism which continue to fascinate viewers to this day Paul Cezanne 1839 1906 painted the Montagne Sainte Victoire a rocky massif near his birthplace Aix en Provence some eighty times The artist translated the interplay of sunlight and shadow on the constantly changing stone into pictures on the threshold of abstraction Today those paintings are icons of art history and they underline Cezanne's reputation as one of the most important pioneers of Classical Modernism Countless artists including Matisse Derain Picasso Braque and Le Ger found inspiration in Cezanne's ideas on color modulation and pictorial composition In this richly illustrated accessible volume Christoph Wagner positions Cezanne as an artistic genius who opened up a completely new view of the world through his paintings and watercolors **Paul Cezanne: A to Z** James H.

Rubin, 2024-08-02 The incomparable play of light and color in Paul Cezanne's work was the foundation of his reputation as a forerunner of modernism From the start he went his own way and his paintings initially evoked a lack of understanding in art critics of the time as well as ridicule Despite his Romantic Baroque Impressionist and finally Classical influences it is still difficult to ascribe Cezanne to any particular art movement Still which specific places left lasting impressions on the scion of a provincial banker's family What and who were major influences supporting and advancing his innovative oeuvre James H Rubin traces Cezanne's life and work from A to Z in this brief volume creating an image of a painter who wanted to transform painting itself The author and established connoisseur succeeds in closely approaching the artist while at the same time maintaining the necessary distance to his inimitable paintings PAUL CEZANNE 1839 1906 was one of the most influential painters in the early days of modernism and has often been described as a pioneer of Neues Sehen or New Vision His work still exercises undiminished influence to this day JAMES H RUBIN 1944 is an art historian and professor at the State University of New York in Stony Brook His research focuses on nineteenth century European art especially the history theory and critique of French Modernism
