Paul Ricoeur And Contemporary Moral Thought:

Paul Ricoeur and Contemporary Moral Thought William Schweiker, John Wall, David Hall, 2020-10-28 This book explores and proposes new avenues for contemporary moral thought It defines and assesses the significance of the writings of French philosopher Paul Ricoeur for ethics The book also explores what matters most to persons and how best to sustain just communities

Moral Creativity John Wall, 2005-08-11 In *Moral Creativity* John Wall argues that moral life and thought are inherently and radically creative Human beings are called by their own primordially created depths to exceed historical evil and tragedy through the ongoing creative transformation of their world This thesis challenges ancient Greek and biblical separations of ethics and poetic image making as well as contemporary conceptions of moral life as grounded in abstract principles or preconstituted traditions Taking as his point of departure the poetics of the will of Paul Ricoeur and ranging widely into critical conversations with Continental narrative feminist and liberationist ethics Wall uncovers the profound senses in which moral practice and thought involve tension catharsis excess and renewal In the process he draws new connections between sin and tragedy practice and poetics and morality and myth Rather than proposing a complete ethics *Moral Creativity* is a meta ethical work investigating the creative capability as part of what it means morally to be human This capability is explored around four dimensions of ontology teleology deontology and social practice In each case Wall examines a traditional perspective on the relation of ethics to poetics critiques it using resources from contemporary phenomenology and develops a conception of a more original poetics of moral life In the end moral creativity is a human capability for inhabiting tensions among others and in social systems and in the image of a Creator creating together an ever more radically inclusive moral world

Paul Ricoeur's Pedagogy of Pardon Maria Duffy, 2011-11-03 Maria Duffy describes Paul Ricoeur's narrative theory of memory and addresses central conceptual and methodological issues in his theory of forgiveness and reconciliation As the many Truth Commissions around the world illustrate revisiting the past has a positive benefit in steering history in a new direction after protracted violence A second deeper strand in the book is the connection between Ricoeur and John Paul II Both lived through the worst period of modern European history Ricoeur a prisoner of war during WWII and John Paul who suffered under the communist regime Both have written on themes of memory and identity and share a mutual concern for the future of Europe and the preservation of the Christian identity of the Continent as well as the promotion of peace and a civilization of love The book brings together their shared vision culminating in the award to Ricoeur by John Paul II of the Paul VI medal for theology

The Identity of Christian Morality Ann Marie Mealey, 2016-03-03 This book argues that moral theology has yet to embrace the recommendations of the Second Vatican Council concerning the ways in which it is to be renewed One of the reasons for this is the lack of consensus between theologians regarding the nature content and uniqueness of Christian morality After highlighting the strengths and weaknesses of the so called autonomy and faith ethic schools of thought Mealey argues that there is little

dividing them and that in some instances both schools are simply defending one aspect of a hermeneutical dialectic In an attempt to move away from the divisions between proponents of the faith ethic and autonomy positions Mealey enlists the help of the hermeneutical theory of Paul Ricoeur She argues that many of the disagreements arising from the Christian proprium debate can be overcome if scholars look to the possibilities opened up by Ricoeur's hermeneutics of interpretation Mealey also argues that the uniqueness of Christian morality is more adequately explained in terms of a specific identity self that is constantly subject to change and revision in light of many often conflicting moral sources She advocates a move away from attempts to explain the uniqueness of Christian morality in terms of one specific unchanging context motivation norm divine command or value By embracing the possibilities opened up by Ricoeurian hermeneutics Mealey explains how concepts such as revelation tradition orthodoxy and moral conscience may be understood in a hermeneutical way without being deemed sectarian or unorthodox

Paul Ricoeur and the Poetic Imperative W. David Hall, 2008-06-05 Looks at Ricoeur's writings on love and justice prominent toward the end of his life and how these serve as an interpretive key to his thought as a whole

Paul Ricoeur's Philosophical Anthropology as Hermeneutics of Liberation Roger W.H. Savage, 2020-11-09 This book offers a unique account of the role imagination plays in advancing the course of freedom's actualization It draws on Paul Ricoeur's philosophical anthropology of the capable human being as the staging ground for an extended inquiry into the challenges of making freedom a reality within the history of humankind This book locates the abilities we exercise as capable human beings at the heart of a sustained analysis and reflection on the place of the idea of justice in a hermeneutics for which every expectation regarding rights liberties and opportunities must be a hope for humanity as a whole The vision of a reconciled humanity that for Ricoeur figures in a philosophy of the will provides an initial touchstone for a hermeneutics of liberation rooted in a philosophical anthropology for which the pathétique of human misery is its non or pre philosophical source By setting the idea of the humanity in each of us against the backdrop of the necessity of preserving the tension between the space of our experiences and the horizons of our expectations the book identifies the ethical and political dimensions of the idea of justice's federating force with the imperative of respect Paul Ricoeur's *Philosophical Anthropology as Hermeneutics of Liberation* will be of interest to scholars and advanced students working in hermeneutics phenomenology ethics political theory and aesthetics

Paul Ricoeur's Renewal of Philosophical Anthropology Marc de Leeuw, 2021-12-27 In Paul Ricoeur's *Renewal of Philosophical Anthropology* Vulnerability Capability Justice Marc de Leeuw argues that Ricoeur's philosophical project integrates the anthropological tradition while renewing its importance as a hermeneutic anthropology of human capability Ricoeur posits that our cogito is

neither its own absolute master nor fully transparent to itself inflicting a wound and fracturing the center of Cartesian self certainty But the Nietzschean disillusionment that ensues does not simply amount to a victorious anti cogito it opens another path towards self understanding In place of the direct route of intuition is found a more complex way forward one guided by interpretation The task of philosophical anthropology is to understand the human through its interpretative critical and imaginative ability as well as its capacity to act towards with and for others the interpretation of the world in front of us the interpretation of who we are and the interpretation of what it means to be among others as other selves coalesces in an anthropology that binds the question of the self to a moral ethical and political project one aiming to reflect our existence in common For Ricoeur the basic question of our subjective and normative standing demands a fundamental response a response toward our own otherness and to responsibilities triggered by the appeal of Others In both cases our vulnerability is inescapable we can never have an absolute self knowledge nor an absolute knowledge of Others Ricoeur turns this fundamental aporia into an affirmative philosophical anthropology of human action attestation and justice

The Ambiguity of Justice: New Perspectives on Paul Ricoeur's Approach to Justice ,2020-07-13 The Ambiguity of Justice offers a collection of essays on Ricoeur's thought on justice and on the different views that influenced this thought in particular those of Arendt Honneth Habermas Rawls Levinas and Boltanski Although Ricoeur's idea of justice has undoubtedly caught much attention already only a few monographs have been published so far that explicitly address this topic The contributors of this book a mix of both well established Ricoeur scholars and young promising scholars in this field address the difficulties in Ricoeur's thought on justice by maintaining his spirit of dialogue not only by showing how Ricoeur himself repeatedly searches for dialogue in his writings on justice but also by arguing that Ricoeur's thought allows contributions to contemporary debates about justice

A Philosophical Anthropology of the Cross Brian Gregor,2013-03-18 What does the cross both as a historical event and a symbol of religious discourse tell us about human beings In this provocative book Brian Gregor draws together a hermeneutics of the self through Heidegger Gadamer Ricoeur and Taylor and a theology of the cross through Luther Kierkegaard Bonhoeffer and Jungel to envision a phenomenology of the cruciform self The result is a bold and original view of what philosophical anthropology could look like if it took the scandal of the cross seriously instead of reducing it into general philosophical concepts
