The Idea of Perfection Paul Valéry, 2020-04-14 A fresh look into the monumental work of Paul Valéry one of the major French literary figures of the twentieth century Heir to Mallarmé and the symbolists godfather to the modernists Paul Valéry was a poet with thousands of readers and few followers great resonance and little echo Along with Rilke and Eliot he stands as a bridge between the tradition of the nineteenth century and the novelty of the twentieth His reputation as a poet rests on three slim volumes published in a span of only ten years Yet these poems it turns out are inseparable from another much vaster intellectual and artistic enterprise the Notebooks Behind the published works behind the uneventful life of the almost forgotten and then exceedingly famous poet there hides another story a private life of the mind that has its record in 28 000 pages of notes revealed in their entirety only after his death Their existence had been hinted at evoked in rumors and literary asides but once made public it took years for their significance to be fully appreciated It turned out that the prose fragments published in Valéry's lifetime were not the after the fact musings of an accomplished poet nor his occasional sketchbook nor excerpts from his private journal They were a disfigured glimpse of a vast and fragmentary exercise of thought a restless intellectual quest as unguided and yet as persistent as rigorous and as uncontrollable as the sea that is so often their subject The Idea of Perfection shows both sides of Valéry the craftsman of sublimely refined verse and the fervent investigator of the limits of human intellect and expression It intersperses his three essential poetic works Album of Early Verse The Young Fate and Charms with incisive selections from the Notebooks and finishes with the prose poem The Angel Masterfully translated by Nathaniel Rudavsky Brody with careful attention to form and a natural yet metrical contemporary poetic voice The Idea of Perfection breathes new life into poems that are among the most beautiful in the French language and the most influential of the twentieth century
