Paul Celan And Martin Heidegger An Unresolved Conversation 1951 1970:

Paul Celan and Martin Heidegger James K. Lyon, 2006-02-22 Publisher description **Thinking the Poetic Measure of Justice** Charles Bambach, 2013-05-19 A new reading of justice engaging the work of two philosophical poets who stand in conversation with the work of Martin Heidegger What is the measure of ethics What is the measure of justice And how do we come to measure the immeasurability of these questions Thinking the Poetic Measure of Justice situates the problem of justice in the interdisciplinary space between philosophy and poetry in an effort to explore the sources of ethical life in a new way Charles Bambach engages the works of two philosophical poets who stand as the bookends of modernity Friedrich Hölderlin 1770 1843 and Paul Celan 1920 1970 offering close textual readings of poems from each that define and express some of the crucial problems of German philosophical thought in the twentieth century tensions between the native and the foreign the proper and the strange the self and the other At the center of this philosophical conversation between Hölderlin and Celan Bambach places the work of Martin Heidegger to rethink the question of justice in a nonlegal nonmoral register by understanding it in terms of poetic measure Focusing on Hölderlin's and Heidegger's readings of pre Socratic philosophy and Greek tragedy as well as on Celan's reading of Kabbalah he frames the problem of poetic justice against the trauma of German destruction in the twentieth century **Voiced and Voiceless in Asia** Halina Zawiszová, Martin Lavička, Annegret Bergmann, Pia Eskelinen, Letizia Guarini, Noriko Hiraishi, Kamila Hladíková, Fumi Inoue, Bhavana Kumari, Madhu, Rafael Vinícius Martins, Nikolaos Mavropoulos, Robert Ono, Silvia Picchiarelli, André Pinto Teixeira, Martina R. Prosperi, Tenha Seher, Rune Steenberg, Freya Terryn, Robert Tsaturyan, Jessica Uldry, 2023 This volume consists of 19 chapters that reflect the titular theme Voiced and Voiceless in Asia from a variety of angles making use of diverse scholarly approaches and disciplines while focusing specifically on China India Japan and Taiwan The chapters are broadly divided into two parts 1 Politics and Society and 2 Arts and Literature although the texts included in the second part also deal with social themes In addition to historical topics such as Japanese colonialism or Chinese agricultural reforms in the 1950s the volume also addresses current issues including restrictive Chinese policies in Xinjiang Japanese activist movements against gender based violence and discrimination or the problems of migrant laborers in India and performing arts in Japan during the COVID 19 pandemic Likewise it provides insight into satirical woodblock prints from the Boshin War period or works of literature produced in Japanese leprosariums in the first half of the 20th century as well as into selected topics in contemporary Chinese Japanese and Sinophone Tibetan literature Collectively the chapters comprised in this volume narrate the multifaceted relationship between voice and power thus highlighting the fact that the question of voice is closely intertwined with a variety of social political and cultural issues **The Mystery of Being** Erik Kuravsky, 2025-09-18 This book showcases the contributions of esteemed scholars in Heideggerian studies delving into the inquiry of the mystical essence inherent in Heidegger's thought Rather than confining mystery to the conventional realm of mysticism separate from

philosophy this volume's original research investigates how the mystery of being is integral to philosophy itself shaping its performative and transformative nature The book's central inquiry asks whether this mystical element is essential to Heidegger's thought and how it relates to traditional notions of mysticism At its core however it questions the very essence of philosophy its transformative potential engaging with numerous themes in Heidegger's work while remaining attuned to the centrality and significance of the mystery of being

Heidegger Peter Trawny, 2019-01-15 Martin Heidegger is one of the most influential figures of twentieth century philosophy but his reputation was tainted by his associations with Nazism The posthumous publication of the Black Notebooks which reveal the shocking extent of Heidegger's anti-Semitism has only cast further doubt on his work Now more than ever a new introduction to Heidegger is needed to reassess his work and legacy This book by the world leading Heidegger scholar Peter Trawny is the first introduction to take into account the new material made available by the explosive publication of the Black Notebooks Seeking neither to condemn nor excuse Heidegger's views Trawny directly confronts and elucidates the most problematic aspects of his thought At the same time he provides a comprehensive survey of Heidegger's development from his early writings on phenomenology and his magnum opus *Being and Time* to his later writings on poetry and technology Trawny captures the extraordinary significance and breadth of fifty years of philosophical production all against the backdrop of the tumultuous events of the twentieth century This concise introduction will be required reading for the many students and scholars in philosophy and critical theory who study Heidegger and it will be of great interest to general readers who want to know more about one of the major figures of contemporary philosophy

Thresholds, Encounters Kristina Mendicino, Dominik Zechner, 2023-09-01 Paul Celan's works dwell on the threshold between the extremes of poetic expression and philosophical reflection The divergent literary and critical idioms that have marked Celan's writing and that Celan's writing has come to mark for others Hamacher Derrida Szondi thus call for a new philology This philology cannot be situated within presupposed genres or fields but rather explores the ways in which poetic and philosophical ambitions meet in texts by and on Celan The first part of *Thresholds Encounters* Exposing the Poem speaks to issues of history ecology and aurality the second part *Language Dislodged* delves into Celan's articulations of encounter positionality and translation Throughout contributors probe the consequences of Celan's poetry for thinking and writing while inviting readers from different disciplinary spaces to further pace out the liminal zones opened by his oeuvre

Heidegger Richard Polt, 2025-02-15 Heidegger provides a lively and accessible introduction to one of the most influential and intellectually demanding philosophers of the modern era Covering the entire range of Heidegger's thought but focusing on his key work *Being and Time* Richard Polt skillfully guides readers through the texts using clear examples and vivid language This second edition features biographical insights illuminates Heidegger's intellectual development and orients readers to his most important and influential writings Polt has thoroughly revised the text enriching and updating his interpretations with major primary and secondary sources published since the first edition was released in 1999 A new

discussion of Heidegger's entanglement with Nazism draws on the philosopher's lectures seminars and journals Engaging and thought provoking Heidegger invites readers to learn to swim in the often turbulent waters of Heidegger's questioning of Being

Western Art and Jewish Presence in the Work of Paul Celan Esther Cameron, 2014-10-15 Western Art and Jewish Presence in the Work of Paul Celan Roots and Ramifications of the Meridian Speech addresses a central problem in the work of a poet who holds a unique position in the intellectual history of the twentieth century On the one hand he was perhaps the last great figure of the Western poetic tradition one who took up the dialogue with its classics and who responded to the questions of his day from a global concern if often cryptically And on the other hand Paul Celan was a witness to and interim survivor of the Holocaust These two identities raise questions that were evidently present for Celan in the very act of poetry This study takes the form of a commentary on Celan's most important statement of his poetics and beliefs The Meridian which is an extraordinarily condensed text packed with allusions and multiple meanings It reflects his early work and anticipates later developments so that the discussion of The Meridian becomes a consideration of his oeuvre as a whole The commentary is an act of listening an attempt to hear what these words meant to the poet to see the landscapes from which they come and the reality they are trying to project and in the light of this to arrive at a clear picture of the relation between Celan's Jewishness and his vocation as a Western writer

Poetry and the Question of Modernity Ian Cooper, 2020-01-15 Interest in Martin Heidegger was recently reawakened by the revelations in his newly published Black Notebooks of the full terrible extent of his political commitments in the 1930s and 1940s The revelations reminded us of the dark allegiances co existing with one of the profoundest and most important philosophical projects of the twentieth century one that is of incomparable importance for literature and especially for poetry which Heidegger saw as embodying a receptiveness to Being and a resistance to the instrumental tendencies of modernity Poetry and the Question of Modernity From Heidegger to the Present is the first extended account of the relationship between Heidegger's philosophy and the modern lyric It argues that some of the best known modern poets in German and English from Paul Celan to Seamus Heaney and Les Murray are in deep imaginative affinity with Heidegger's enquiry into finitude language and Being But the work of each of these poets challenges Heidegger because each appeals to a transcendence taking place in language that is inseparable from the motion of encounter with embodied others It is thus poetry which reveals the full measure of Heidegger's relevance in redefining modern selfhood and poetry which reveals the depth of his blindness
