work of two of the most influential composers of the twentieth century Five decades after the breakup of the Beatles the music of John Lennon and Paul McCartney continues to fascinate and inspire Evidence suggests that their uniquely eclectic approach can be traced back to the Liverpool College of Art Following on that idea this book explores the creative dialogue between John Lennon and Paul McCartney both with the Beatles and on their own that grew out of that early influence The book is presented in three sections I Stretching the Canvas considers the Liverpool College of Art as the backdrop for John and Paul s early collaborations with painter and musician Stuart Sutcliffe This is followed by discussions of select works created by the Beatles between 1962-69 II Extending the Space focuses on the long distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s III New Colours considers the final works of the Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon s death in 1980 Here the focus is on Paul s development as a painter its effect on his creativity and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world class arts conservatory

The Unknown Paul McCartney Ian Peel, 2002 Immortalized in music s pantheon ex Beatle Paul McCartney nevertheless remains one of the least fully appreciated of modern icons Now music journalist Ian Peel looks at McCartney s surprisingly rich contribution to avant garde music For over three decades Paul McCartney has initiated and participated in projects that have taken him far from the kind of music associated with the Beatles Wings and his career as a solo artist From as far back as the mid sixties there have been experimental solo projects both under his own name and incognito Among these are the Beatles legendary Carnival of Light the Percy Thrillington diversion in the seventies and the recent Fireman dance CDs as well as less publicized activities all of which Ian Peel fully details here for the first time In writing this book Peel interviewed many of the musicians who have worked closely with McCartney including Thrillington mainspring Richard Hewson bassist Herbie Flowers psychedelic artist David Vaughan Gong s David Allen and Frank Zappa collaborator Mike Keneally What emerges is a unique insight into Paul McCartney s little known contribution to avant garde music Ian Peel is a British music journalist with a special interest in digital dance music and other experimental forms

Paul McCartney Peter Ames Carlin, 2009-11-03 From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist More than a rock star more than a celebrity Paul McCartney is a cultural touchstone who helped transform popular music as one half of the legendary Lennon McCartney songwriting duo In this definitive biography Peter Ames Carlin examines McCartney s entire life casting new light not just on the Beatles era but also on his years with Wings and his thirty year relationship with his first wife Linda McCartney He takes us on a journey through a tumultuous couple of decades in which Paul struck out on his own as a solo artist reached the top of the charts with a new band and once again drew hundreds of thousands of screaming fans to his concerts Carlin presents McCartney as a musical visionary but also as a layered and

conflicted figure as haunted by his own legacy and particularly his relationship with John Lennon as he was inspired by it. Built on years of research and fresh revealing interviews with friends, bandmates, and collaborators spanning McCartney's entire life, Carlin's lively biography captures the many faces of the living legend.
