Robert Lewis Plummer

Pauls Vision Of Church:

Paul's Vision of Church Helen Doohan,1989-01-01 **Paul's Vision of Church** Helen Doohan,2016-06-03 The church always seeks to renew itself and redefine the dedication to the values that Jesus hoped the church would live and promote This book endeavors to bring vision and challenge to our contemporary efforts to build church by going back to the beginnings of the church and examining the vision and commitment of the Apostle Paul He became involved in a very energetic and often controversial mission to the churches he founded He is an original thinker who allows the message of Jesus to penetrate the social realities of his day Let us observe how he spent his time discover the source of his zeal and energy and appreciate his dynamic and changing understanding of the church community Paul has so much to teach us in our contemporary efforts to understand and energize church *Paul's Understanding of the Church's Mission* Robert L. Plummer,2006-06-01 Did Paul expect his churches to engage in evangelistic activity which mirrored his own Or have modern readers of the Bible wrongly projected Paul s apostolic passion upon the communities that he founded Such is the charge of several recent authors and if their thesis is correct nothing could have larger implications for how the modern church engages in mission In this book Robert L Plummer engages in a careful study of Paul s letters to determine if the apostle expected the communities to which he wrote to engage in outward directed missionary activity Plummer helpfully summarizes the discussion to date on the debated issue judiciously handles contested texts and provides a way forward in addressing this critical question While admitting that Paul rarely explicitly commands the communities he founded to evangelize Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in outward directed missionary activity Throughout the study Plummer progressively builds a theological basis for the church s mission that is both compelling and distinctively Pauline **Paul's Understanding of the Church's Mission** Robert Lewis Plummer,2006 This book engages in a careful study of Pauls letters to determine if the apostle expected the communities to which he wrote to engage in missionary activity It helpfully summarizes the discussion on this debated issue judiciously handling contested texts and provides a way forward in addressing this critical question While admitting that Paul rarely explicitly commands the communities he founded to evangelize Plummer amasses significant incidental data to provide a convincing case that Paul did indeed expect his churches to engage in mission activity Throughout the study Plummer progressively builds a theological basis for the churchs mission that is both distinctively Pauline and compelling **The Vision of John Paul II** Gerard Mannion,2008 The Vision of John Paul II assesses the writings work and ecclesial Vision of this long serving pontiff Moving beyond the scope of so many other books on John Paul II this volume seeks to fill a gap by focusing on his lasting influence on pressing issues facing the church today social justice women s roles collegiality ecumenism and interreligious dialogue Readers will appreciate the contributions of internationally known and respected scholars Michael Walsh Ronald Modras Paul McPartlan Gerard Mannion Judith Merkle Jim Voiss

Charles E Curran Mario I Aguilar Susan Rakoczy Paul Lakeland Gemma Simmonds Raymond G Helmick Peter Phan This accessibly written volume allows readers to engage with a variety of viewpoints and to understand the ways in which the legacy of John Paul II continues to impact today's church

Mission in the Way of Paul Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the *missio Dei* Therefore Mission in the Way of Paul Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today

The Church according to Paul James W. Thompson, 2014-09-09 Amid conflicting ideas about what the church should be and do in a post Christian climate the missing voice is that of Paul The New Testament's most prolific church planter Paul faced diverse challenges as he worked to form congregations Leading biblical scholar James Thompson examines Paul's ministry of planting and nurturing churches in the pre Christian world to offer guidance for the contemporary church The church today as then must define itself and its mission among people who have been shaped by other experiences of community Thompson shows that Paul offers an unprecedented vision of the community that is being conformed to the image of Christ He also addresses contemporary misunderstandings of words like missional megachurch and formation

The Morality of Paul's Converts Edwin D. Freed, 2014-12-05 A careful analysis of Paul's letters shows that in every church there were two main groups of converts those who were baptized and those being instructed for baptism Such analysis also makes it possible to determine which parts of each letter were directed towards which group Baptism was the rite by which converts were forgiven their past sins and became members of a renewed community of God from which any who continued to sin were expelled The Morality of Paul's Converts argues that Paul was always more concerned with how converts behaved than with what they believed about Christ Paul remained a Jew even after he accepted Jesus as the Messiah Paul eventually developed beliefs about Jesus as the Son of God in order to win Gentile converts to faithfulness but this careful analysis of his writings reveals that his primary concern was always the morality of converts His message always remained focused on faithfulness toward God and moral probity

The Theology of Paul the Apostle James D. G. Dunn, 2006-05-17 Using Paul's letter to the Romans as the foundation for his monumental study of Paul's theology James D G Dunn describes Paul's teaching on God sin humankind Christology salvation the church and the nature of the Christian life

Theology and the Experience of Disability Andrew Picard, Myk Habets, 2016-04-28 The Christian gospel compels humanity to embrace deeper ways of being human together that will overcome false divisions and exclusions in search of flourishing and graced communities Presenting both short narratives emerging out of theological reflection on experience and analytical

essays arising from engagement in scholarly conversations Theology and the Experience of Disability is a conscious attempt to develop theology by and with people with disabilities instead of theology about people with disabilities A mixture of academic professional practical and or lived experience is brought to the topic in search of constructive multi disciplinary proposals for church and society The result is an interdisciplinary engagement with the constructive possibilities that emerge from a distinctly Christian understanding of disability as lived experience
