Myrtle Beach Pavilion Lesta Sue Hardee, Janice McDonald, 2010 For almost a century the heart of Myrtle Beach was defined by a place simply called the Pavilion From the original structure built in 1908 the Pavilion was the center of the resort town's growing tourism industry It was a destination point for anyone coming to the Grand Strand Here you could stroll the Boardwalk play arcade games make faces in fun mirrors ride rides dance the Carolina Shag or sit on a bench and watch everyone else do all of the above The Pavilion underwent several incarnations The first ones were wooden and vulnerable but the final was concrete and seemingly indestructible standing for nearly 60 years Hardly an architectural marvel what the Pavilion lacked in grandeur it made up for in pure old fashioned fun The beloved structure and its rides fell prey to economics and a wrecking ball in 2006 Myrtle Beach natives Lesta Sue Hardee and Janice McDonald trace the origins of the Pavilion from its early days as a recreational site for guests of Myrtle Beach's first hotel the Sea Side Inn to its heyday as the location for beach activities on the East Coast and finally to the Pavilion's Farewell Season The Images of America series celebrates the history of neighborhoods towns and cities across the country Using archival photographs each title presents the distinctive stories from the past that shape the character of the community today Arcadia is proud to play a part in the preservation of local heritage making history available to all **Designing the Seaside** Fred Gray, 2006 In Designing the Seaside Fred Gray provides a history of seaside architecture from the 18th century to the present day investigating leisure entertainment taste fashion and gender and shows how the seaside even became a hotbed for moral and sexual issues from the early use of bathing machines to twentieth century beauty pageants and naturist groups He relates the evolution of

resort architecture to sweeping changes in how seaside nature was experienced and used by holidaymakers The book also traces the history of the coastal resort with examples ranging from Regency Sidmouth to Victorian Scarborough and early 20th century Morecambe as well as assessing seaside developments in the USA and Continental Europe from Coney Island and Santa Barbara to Nice and Trouville Featuring many colourful informative and often entertaining photographs drawings guidebook illustrations postcards and publicity posters from resorts around the world Designing the Seaside is a thoroughly readable as well as a visually fascinating account of changing attitudes to holidaymaking and its setting **BOOK JACKET**

Coney Island Zoe Ryan, Jonathan Cohen-Litant, 2007 For almost 100 years Coney Island was the most popular seaside destination in the United States Each year millions escaped the heat of New York City to savor the thrills of the Cyclone roller coaster and Wonder Wheel at the Astroland amusement park They came to sample an original Nathan's Famous hot dog witness the first demolition derby or to take a chance at a game of three card Monte on the legendary boardwalk The advent of air conditioning concerns about Coney's tawdry entertainment and faster transportation to other beaches hastened the demise of what had become a uniquely American icon of entertainment and a defining terminus of New York at the water's edge In an effort to revitalize the area the Van Alen Institute in concert with the Coney Island Development Corporation held the Parachute Pavilion Competition a contest to design a year round pavilion in the shadow of the Parachute Jump a landmark built for the 1939 World's Fair Coney Island The Parachute Pavilion Competition presents all 864 submissions from the feasible to the fantastic received from around the world The winning design by London based Carmody Groarke Hardie is a mesmerizing attraction in its own right composed of two provocative trapezoids illuminated by thousands of colored light bulbs The design respects the historic icon under which it is located but also promises to become an icon in its own right and bring the fun loving spirit of Coney Island into the twenty first century Featuring essays photographic documentation and jury comments Coney Island The Parachute Pavilion Competition is a critical resource for students designers city officials and anyone interested in Coney Island and the reinvention of the historic recreation sites of our cities **Pavilions by the Sea**

Tom Laughton, 1978 **On the Edge** Robert Duck, 2015-01-22 The building of railways has had a profound but largely ignored physical impact on Britain's coasts This book explores the coming of railways to the edge of Britain the ruthlessness of the companies involved and the transformation of our coasts through **Modernism on Sea** Lara Feigel, Alexandra Harris, 2009 These lively and intelligent essays examine artistic responses to the British seaside from the 1930s onwards including writers and artists such as Virginia Woolf Sylvia Plath and John Piper *Java in the 14th Century* Theodore G. Th. Pigeaud, 2013-03-09 Essentially the following commentary on the contents of the N g ara Kert gama has been made up from notes by former editors of the text together with remarks criticisms and digressions by the present author As Kern Krom and their contemporaries were especially interested in dynastie history and archeology their notes on those subjects are legion and as a result of their studies on many points a communis opinio has been reached The argumentations which led up to this

end are not reproduced in the present edition The interested reader is referred to Krom's great books *Oud Javaansche Kunst* and *Hindoe Javaansche Geschiedenis* It is to be expected that before long the results of Krom's life work will be made accessible for English readers by De Casparis On the other hand cultural history religion economics and sociology have been rather neglected by the first editors of the *Nagara Kertagama* The present author has done his best to remedy that omission The reader will find that the greater part of the following commentaries is concerned with those subjects The contemporaneous minor texts and the charters that are published translated and annotated in the present book in the same manner as the *Nagara Kertagama* have been chosen almost exclusively for the valuable information on social economic and religious conditions in the 14th century Majapahit realm that is afforded by them
