Paving Paradise:

Paving Paradise Craig Pittman, Matthew Waite, 2010-05-25 Florida possesses more wetlands than any other state except Alaska yet since 1990 more than 84 000 acres have been lost to development despite presidential pledges to protect them How and why the state s wetlands are continuing to disappear is the subject of *Paving Paradise* Journalists Craig Pittman and Matthew Waite spent nearly four years investigating the political expedience corruption and negligence on the part of federal and state agencies that led to a failure to enforce regulations on developers They traveled throughout the state interviewed hundreds of people dug through thousands of documents and analyzed satellite imagery to identify former wetlands that were now houses stores and parking lots Exposing the unseen environmental consequences of rampant sprawl Pittman and Waite explain how wetland protection creates the illusion of environmental protection while doing little to stem the tide of destruction ***Paving Paradise: Sprawl's Impact on Wildlife & Wild Places in California*** , [The Wormwood Archive](#)

T. G. Brown, 2009-10 *The Wormwood Archive* records the temptation of an American church by a demon who has discovered the attraction of results based management sophisticated marketing methods and performance driven worship From the perspective of a demon this book offers a sharp and witty critique of contemporary church growth strategies and their impact on local churches Neither Church leaders driven by zeal and ambition nor their wounded and anger blinded opponents can escape from Wormwood s web of temptation or from Brown s scrutiny *The Wormwood Archive* offers readers an accounting of the high price paid by churches that sacrifice their spiritual heritage at the altar of growth and calls both church leaders and their critics to repent to reconcile and together to treasure their common spiritual roots [Living on the Shores of Hawaii](#) Charles H. Fletcher, Robynne Boyd, William J. Neal, Virginia Tice, 2010-12-31 Rarely a day goes by in Hawai i without the media reporting on environmental issues stemming from public debate Will the proposed housing development block my access to the beach Is the rising sea level going to cause flooding where I live How does overfishing damage the reef Is the water clean where I surf *Living on the Shores of Hawai i* discusses the paradox of environmental loss under a management system considered by many to be one of the most stringent in the nation It reviews a wide range of environmental concerns in Hawai i with an eye toward resolution by focusing on place based management a theme consistent with and borrowing from the Hawaiian ahupua a system After describing a typical situation in Hawai i where a sandy beach is lost because a seawall has been built to protect a poorly sited home the authors step back in time to trace land use practices before and after the arrival of Westerners and the increased tempo of destruction following the latter They go on to discuss volcanoes and the risk of placing homes in locations vulnerable to natural hazards and the potential dangers of earthquakes and tsunamis to a complacent public Water issues including scarcity flooding and pollution are surveyed as well as climate change and the possible outcomes of projected sea rise for Hawai i The authors explain coastal erosion and beach loss and the problems of overfishing and ocean acidification Later chapters assess residents risks to hurricanes offering mitigation

techniques and provide a summary and some management conclusions As tensions increase because of conflicting standards misunderstandings and contradictory ideals and actions we put our economy and quality of life at risk Sound decision making begins with asking the right questions This book addresses these questions within the context of sustainability and thus their influence on the future of Hawai i *Paving Paradise* Richard Conlon,2011-01-10 A group of students have one week to prepare an environmental project but what format will it take Sasha hits upon the idea of creating myths that will pass on an ecological message and as each student comes up with a story the group acts it out Villages terrorised by monsters households terrified by wild animals and a species that is draining the world of other life the myths all revolve around the theme of natural balance and fragility **Asphalt** Kenneth O'Reilly,2021-07 Asphalt A History provides a narrative history of asphalt and its effects from ancient times to the modern day Although asphalt creates our environment it also threatens it *Newspaper City* Phillip Gordon Mackintosh,2017-01-01 In Newspaper City Phillip Gordon Mackintosh scrutinizes the reluctance of early Torontonians to pave their streets Consequently Mackintosh s study reveals the contradictory nature of newspapers and the historiographical complexities of newspaper research *Florida's Space Coast* William B.
