Paving the Way for Revolution Jan Willem Sap, 2001 This book explains and evaluates the political theory of early Calvinism and compares it with the political principles of the great Western revolutions from the sixteenth to the eighteenth centuries

Neo-Calvinism and the French Revolution James Eglinton, George Harinck, 2014-08-28 The French Revolution was the scene of much intellectual and social upheaval Its impact touched a wide range of subjects the relationship of the church to the state social relationships science literature fashion philosophy and theology Although the French Revolution s momentum was felt across Europe and North America it met a particularly interesting response in the Netherlands at that time the scene of a burgeoning neo Calvinist movement In that context the likes of Groen van Prinsterer Abraham Kuyper and Herman Bavinck responded to the French Revolution s ideals and influence in a variety of intellectual and practical ways This book approaches that Dutch response from a range of historical and theological perspectives and in so doing explores the relationship between the French Revolution and the development of neo Calvinism Beginning with historical portraits of Bavinck and Kuyper in relation to the Revolution the perspectives offered also include amongst others the place of multilingualism in neo Calvinism and the Revolution neo Calvinist and Revolutionary approaches to fashion a dialogue between Kuyperian theology and Kieslowski s Three Colours trilogy and a contemporary neo Calvinist critique of French la cit This book forms part of a wider Project neo Calvinism supported by the Theologische Universiteit Kampen and the VU University Amsterdam

Reshaping Protestantism in a Global Context Volker Küster, 2009 The regional contributions from Africa and Asia show how the old European made denominational differences fade in the light of African Instituted Churches or Pentecostalism Reshaping Protestantism is not a backward oriented project of reconstructing the original but makes use of the inner protestant pluralism to cope with globalization and changing religious landscapes Who reads through the different articles can only come to the conclusion Yes there is a contribution to be expected from mainline Protestantism in all its variety

The Reformation of Rights John Witte, 2007 Calvin s teachings spread rapidly throughout Western Europe shaping the law of early modern Protestant lands

Calvin's Doctrine of the State Mark J. Larson, 2009-01-08 Contemporary treatments of Calvin s political views often imply that he embraced a theocratic civil polity and that he was committed to holy war doctrine On the basis of the primary sources the first half of this volume argues that neither position is correct Calvin in his political thought maintained the superiority of a republic as a civil polity In addition he placed himself firmly within the medieval just war tradition that was established by Augustine of Hippo and later reaffirmed by Thomas Aquinas In terms of his commitment to classical just war teaching Calvin stood in continuity with Martin Luther even while he distanced himself from the holy war perspective of the Zurich Reformers Henry Bullinger and Peter Martyr Vermigli In the thinking of Calvin a war could only be authorized by the state not the church War had to be prosecuted with humanity and restraint and not in the tradition of the medieval crusade The second half of the book sets forth what Calvin actually believed on the matter of

government and war Here we examine his teaching on parliamentary resistance to monarchical tyranny and the full dimensions of his commitment to justice of war categories Unlike Luther and Bullinger Calvin provided a parliamentary remedy for the perennial evil of tyranny With Vermigli and Theodore Beza siding with Calvin on this right a body of Reformed doctrine was established to which succeeding generations could appeal for teaching direction and justification for taking up arms It is clear that Calvin s political legacy is profoundly evident in the American Revolutionary War and in the constitutional determination for a republic in the United States of America Calvin s ecclesiastical republicanism as it came to fruition in Presbyterian church government was a powerful impetus toward the creation of republican institutions in civil government

Justifying Revolution Gary L. Steward,2021 Historians have debated how the clergy s support for political resistance during the American Revolution should be understood often looking to influence outside of the clergy s tradition In Justifying Revolution The American Clergy s Argument for Political Resistance 1750 1776 Gary L Steward explores the theological background and rich Protestant history available to the American clergy as they considered political resistance and wrestled with the best course of action for them and their congregations He argues that rather than deviating from their inherited modes of thought the clergy who supported resistance did so in ways that were consistent with their own theological tradition

Great Christian Jurists in the Low Countries Wim Decock,Janwillem Oosterhuis,2021-10-07 What impact has Christianity had on law and policies in the Lowlands from the eleventh century through the end of the twentieth century Taking the gradual secularization of European legal culture as a framework this volume explores the lives and times of

twenty legal scholars and professionals to study the historical impact of the Christian faith on legal and political life in the Low Countries. The process whereby Christian belief systems gradually lost their impact on the regulation of secular affairs passed through several stages, not in the least the Protestant Reformation which led to the separation of the Low Countries into a Protestant North and a Catholic South in the first place. The contributions take up general issues such as the relationship between justice and mercy, Christianity and politics, as well as more technical topics of state church law, criminal law, and social policy.
