## **Portraits Of The Artist Psychoanalysis Of Creativity:**

**Portraits of the Artist** John E. Gedo, 1983 Gedo's pathbreaking exploration of the psychology of creativity incorporates first hand material drawn from his extensive clinical work with artists musicians and other exceptionally creative individuals Using this body of clinical knowledge as conceptual anchorage he then offers illuminating reassessments of the artistic productivity of van Gogh Picasso Gauguin and Caravaggio and the literary productivity of Nietzsche Jung and Freud The Artist & the Emotional World John E. Gedo, 1996 In this unique blending of clinical experience with in depth biographical study Gedo examines both the necessary traits that prepare a person for a creative career as well as the emotional vicissitudes of such a career the psychological issues talented persons must struggle with in order to be creative He then goes further to discuss crucial developmental experiences that may result in a creative personality childhood experiences the strong possibly negative effect of a possession of talent on personality and the influence of opportunities provided by a creator's environment Gedo also details attributes required of the successful artist the possible need to separate creativity from psychosis and the evolution of psychoanalytic views on creativity **Psychoanalytic Patterns in the Work of**

**Graham Greene** Roland A. Pierloot, 2023-12-14 In Greene's writings we notice a genuine concern with social and political conflicts at different places in the world But at the same time they bear witness to a distinct involvement in problems of human nature and behaviour In this respect we can formulate some dominating preoccupations such as the stressing of antitheses and antagonisms which he calls himself cleavage the questioning of loyalty and the claiming of the right to disloyalty the repercussion of childhood experiences in particular the father son relationship on adult life and the transcendental dimension in human experience From a psychoanalytic viewpoint we analyse the various elaborations of these general themes in the work of Greene as symbolizations of specific unconscious phantasies defined in the writings of Freud Klein Fairbairn Kernberg Kohut and Winnicott This analysis of the imaginary world of an author is conceived as analogous to a clinical psychoanalysis It is a hermeneutical activity based on the countertransference experience evoked by the reading of the text while taking into account the manifold strategies of symbolizing in a literary work the choice of the genre themes text construction tropes word plays figurative language repetition discontinuity parallelism plot and characters **The Art of Art Therapy** Judith Aron - Rubin, 2013-10-28 First published in 1986 Routledge is an imprint of Taylor Francis an informal company *The Psychology of Art Appreciation* Bjarne Sode Funch, 1997 This book is more than an introduction to the psychology of art appreciation it puts into perspective the research carried out within the area and offers a new understanding of the relationship between art and viewer A number of studies within the psycho physical cognitive psychoanalytic and existential phenomenological schools of thought are presented in order to demonstrate how their views on the appreciation of visual art vary Five different types of art appreciation ranging from a spontaneous preference for a work of art to a blissful experience of transcendence are identified and described Creative Characters Elisabeth

Young-Bruehl, 2025-09-01 The study of creativity is as old as western thought In recent times any crisis of confidence is likely to involve anxiety about the loss of creativity scientific artistic technological and to set off a new search for creativity's definition In *Creative Characters* originally published in 1991 Elisabeth Young Bruehl reflects on the long search for an understanding of creativity and offers a novel approach She notes that studies of creativity fall into types Some look at the act of creation others focus on the creators while others stress the conscious or unconscious motivations of creative people All these approaches share certain limitations They lack an integrative perspective and they search for a common denominator one definition of the creative process a single creative type which obscures the diversity of creative people and their work Young Bruehl here offers an original analysis of creativity based on a theory of character Creative people she argues create in the medium of their characters They develop usually unconsciously an image of their characters or in other terms an ideal for the organization of their minds and lives which they both aspire to and project into whatever they create This character ideal appears in their works their social visions their philosophies of nature and also their understandings of creative processes their own and others What creative people wish for themselves is what they wish for in their lives and works Young Bruehl suggests that there are three broad character and creative types each comprised of many variations She displays these ways of getting one's psychic act together or getting a product together by turning to three ancient Greek theorists of creativity Plato Aristotle and Zeno and three modern theorists Nietzsche Freud and Proust She then proceeds by clustering biographical vignettes and portraits of ideas in which she can show rather than try to define the creativity as well as the character ideal she has in mind Of special interest to Young Bruehl is what individuals say about their own creativity especially when creativity is not explicitly their topic Her approach is primarily psychoanalytic but she also uses philosophical analysis literary criticism history of science and biography Psychoanalysts and psychologists will find the book not only a new approach to creativity but a new way of doing applied psychoanalysis there have been many psychobiographies but no effort has been made to survey them and draw conclusions Philosophers will discover a major contribution to the theory of character one of the most neglected subfields of philosophy Finally in *Creative Characters* biography readers will see how the study of individual lives can lead to reflection on larger questions

*Jews & Gender*  
Nancy Anne Harrowitz, Barbara Hyams, 1995 In 1903 Otto Weininger A Viennese Jew who converted to Protestantism published *Geschlecht und Charakter* Sex and Character a book in which he set out to prove the moral inferiority and character deficiency of the woman and the Jew Almost immediately he was acclaimed as a young genius for bringing these two elements together Shortly thereafter at the age of twenty three Weininger committed suicide in the room where Beethoven had died Weininger's sensationalized death immortalized him as an intellectual who expressed the abject misogyny and antisemitism This collection of essays many translated into English for the first time examines Weininger's influence and reception in Western culture particularly his impact on important writers such as Ludwig Wittgenstein

Sigmund Freud Franz Kafka and James Joyce One essay considers the ways Weininger's ideas were used to further Nazi ideology and several offer feminist approaches to interpreting the intersection of antisemitism and misogyny The concluding essay explores Weininger's surprising role in Israel's ongoing sociopolitical self definition through the bold production of Joshua Sobol's play The Soul of a Jew Weininger's Last Night This volume's close examination of Weininger's ideas and their subsequent appearance in other well known texts suggests how the legacies of prejudice affect Western culture today Author note Nancy A Harrowitz is author of Antisemitism Misogyny and the Logic of Cultural Difference Cesare Lombroso and Matilde Serao and editor of Tainted Greatness Antisemitism and Cultural Heroes Temple Barbara Hyams is Lecturer with the rank of Assistant Professor of German at Brandeis University Van Gogh And Gauguin Bradley Collins, 2019-05-20

Although Vincent van Gogh's and Paul Gauguin's artistic collaboration in the south of France lasted no more than two months their stormy relationship has continued to fascinate art historians biographers and psychoanalysts as well as film makers and the general public Van Gogh and Gauguin explores the artists intertwined lives from a psychoanalytic perspective **Dancing with the**

**Unconscious** Danielle Knafo, 2012-04-23 In writing and lecturing over the past two decades on the relationship between psychoanalysis and art Danielle Knafo has demonstrated the many ways in which these two disciplines inform and illuminate each other This book continues that discussion emphasizing how the creative process in psychoanalysis and art utilizes the unconscious in a quest for transformation and healing Part one of the book presents case studies to show how free association transference dream work regression altered states of consciousness trauma and solitude function as creative tools for analyst patient and artist Knafo uses the metaphor of dance to describe therapeutic action the back and forth movement between therapist and patient past and present containment and release and conscious and unconscious thought The analytic couple is both artist and medium and the dance they do together is a dynamic representation of the boundless creativity of the unconscious mind Part two of the book offers in depth studies of several artists to illustrate how they employ various media for self expression and self creation Knafo shows how artists though mostly creating in solitude are frequently engaged in significant relational processes that attempt rapprochement with internalized objects and repair of psychic injury Dancing with the Unconscious expands the theoretical dimension of psychoanalysis while offering the clinician ways to realize greater creativity in work with patients **The Van Gogh Blues** Eric Maisel, PhD, 2012-08-22 Creative people will

experience depression that's a given It's a given because they are regularly confronted by doubts about the meaningfulness of their efforts There is a kind of depression that does not respond to pharmaceutical treatment What's required is healing in the realm of meaning In this groundbreaking book Eric Maisel teaches creative people how to handle these recurrent crises of meaning and how to successfully manage the anxieties of the creative process Using examples both from the lives of famous creators such as van Gogh and from his own creativity coaching practice Maisel explains that despite their inevitable difficulties creative people possess the ability to forge relationships repair themselves and find meaning in their work and

their lives Maisel presents a step by step plan to help creative people handle their special brand of depression and rediscover the reasons they are driven to create in the first place

**The Jew's Body** Sander Gilman,2013-01-11 Drawing on a wealth of medical and historical materials Sander Gilman sketches details of the anti Semitic rhetoric about the Jewish body and mind including medical and popular depictions of the Jewish voice feet and nose Case studies illustrate how Jews have responded to such public misconceptions as the myth of the cloven foot and Jewish flat footedness the proposed link between the Jewish mind and hysteria and the Victorians irrational connection between Jews and prostitutes Gilman is especially concerned with the role of psychoanalysis in the construction of anti Semitism examining Freud s attitude towards his own Jewishness and its effect on his theories as well as the supposed objectiveness of psychiatrists and social scientists

**Freud** Peter Gay,1998 A biography and study of the psychoanalyst s career family personal life and professional struggles

**The Creative Process** Arthur Asa Berger,2021-09-16 This fascinating and highly readable book illustrated with many drawings by the author uses semiotics psychoanalytic theory Marxist theory and sociological theory to analyze creativity It also includes short inserts by a communications scholar a psychiatrist a psychoanalyst a semiotician a humor scholar and a media scholar offering their perspectives on the subject The book relates creativity to humor deals with the way Freud s and Marx s ideas can be applied to humor and discusses many aspects of everyday life such as smart speakers TikTok hairstyles bagels and personal taste It argues that creativity is not limited to a small number of people in the arts but that everyone is to varying degrees creative An unusual feature of the book is that it offers notes from the author s journal to show his thinking processes in writing the book

**Caravaggio** John Varriano,2010-11-01 In Caravaggio Varriano uncovers the principles and practices that guided Caravaggio s brush as he made some of the most controversial paintings in the history of art He sheds an important new light on these disputes by tracing the autobiographical threads in Caravaggio s paintings framing these within the context of contemporary Italian culture

**Dostoevsky** George Santayana,Louis Breger,2017-07-05 Andre Gide once said that Feodor Dostoevsky lost himself in the characters of his books and for this reason it is in them that he can be found again In Dostoevsky The Author as Psychoanalyst Louis Breger approaches Dostoevsky psychoanalytically not as a patient to be analyzed but as a fellow psychoanalyst someone whose life and fiction are intertwined in the process of literary self exploration Raskolnikov s dream of the suffering horse in Crime and Punishment has become one of the best known in all literature its rich imagery expressing meaning on many levels Using this as a starting point Breger goes on to offer a detailed analysis of the novel situating it at the pivotal point in Dostoevsky s life between the death of his first wife and his second marriage Using insights from his psychological training Breger also explores other works by Dostoevsky among them his early novel The Double which Breger relates to the nervous breakdown that Dostoevsky suffered in his twenties as well as Notes from Underground The Possessed The Idiot The Brothers Karamazov and so forth Additionally details from Dostoevsky s own life his compulsive gambling his epilepsy his philosophical political religious and mystical beliefs and the

interpretations of them found in existing biographies are analyzed in detail **Monet, Narcissus, and Self-Reflection**  
Steven Zalman Levine, 1994 Steven Z Levine provides a new understanding of the life and work of Claude Monet and the myth of the modern artist Levine analyzes the extensive critical reception of Monet and the artist's own prolific writings in the context of the story of Narcissus popular in late nineteenth century France Through a careful blending of psychoanalytical theory and historical study Levine identifies narcissism and obsession as driving forces in Monet's art and demonstrates how we derive meaning from the accumulated verbal responses to an artist's work **Art Journal**, 1990

**Freud, V.1** Paul E. Stepansky, 2015-01-28 A response to the veritable renaissance in Freud studies Freud Appraisals and Reappraisals presents the readers with the fruits of recent scholarship on Freud the man and scientist and the origins and development of the psychoanalytic movement spawned by his work The premier volume of this series offers three major essays embodying different tributaries of contemporary Freud research Peter Swales drawing on extensive archival research reveals the identity and explores the life and times of the woman Freud terms his first teacher but presented to his readers only as the Frau Caecilie M of the Studies on Hysteria Barry Silverstein brings together complementary strands of textual analysis and psychobiographical reconstruction in his provocative reconsideration of the circumstances surrounding Freud's lost papers on metapsychology Finally Edwin Wallace's integrative review of Freud's scattered remarks on ethics and morality combined with his appraisal of Freud's personal ethics yield a measured and scholarly account of Freud as ethicist Briefer essays on Freud and the oral tradition Patrick Mahony Freud's psychology of religion Paul Stepansky and recent assessments of Freud's character John Gedo round out a volume that is destined for a place of distinction in the secondary literature on Freud Collectively these essays represent a most auspicious debut for the new series they admirably bear out Paul Stepansky's intent of presenting readers with original articles that embody high scholarship and a thought provoking and imaginative use of the fruits of this scholarship **Freud Reader** Sigmund Freud, 1995-09-05 Selections span Freud's career from early case histories through his work on dreams essays on sexuality and his later philosophical writings Most are reproduced in full and have been selected from the standard edition Gay ties all together with an analytical introduction chronology of life and work and commentary throughout Ideal size book for reading and browsing marred only by the inexplicable use of poor quality and acidic paper Annotation copyrighted by Book News Inc Portland OR **Dostoevsky**  
George Santayana, 2017-07-05 Andre Gide once said that Feodor Dostoevsky lost himself in the characters of his books and for this reason it is in them that he can be found again In Dostoevsky The Author as Psychoanalyst Louis Breger approaches Dostoevsky psychoanalytically not as a patient to be analyzed but as a fellow psychoanalyst someone whose life and fiction are intertwined in the process of literary self exploration Raskolnikov's dream of the suffering horse in Crime and Punishment has become one of the best known in all literature its rich imagery expressing meaning on many levels Using this as a starting point Breger goes on to offer a detailed analysis of the novel situating it at the pivotal point in Dostoevsky's life

between the death of his first wife and his second marriage Using insights from his psychological training Breger also explores other works by Dostoevsky among them his early novel *The Double* which Breger relates to the nervous breakdown that Dostoevsky suffered in his twenties as well as *Notes from Underground* *The Possessed* *The Idiot* *The Brothers Karamazov* and so forth Additionally details from Dostoevsky's own life his compulsive gambling his epilepsy his philosophical political religious and mystical beliefs and the interpretations of them found in existing biographies are analyzed in detail
