## **Portraits The Portrait In Contemporary Photography:**

*Portrait dans la photographie contemporaine* Peter Weiermair, 1994 Assessing the breadth of present day photo portraiture in over 170 color plates this volume unfolds the relationship between photographer and sitter across the gamut of idioms Tina Barney Clegg Guttman Anton Corbijn Rineke Dijkstra Bernhard Fuchs Nan Goldin Greg Gorman Peter Hujar Sally Mann Robert Mapplethorpe Hellen von Meene Helmut Newton Thomas Ruff Beat Streuli and Wolfgang Tillmans are among the major contemporary fine art photographers represented here **Auto Focus** Susan Bright, 2010-10-05 Auto Focus features a dazzling array of self portraits by seventy five of the world's foremost contemporary photographers Photography writer and curator Susan Bright provides a clear guide through this significant and dynamic genre showing how issues of identity whether national sexual racial personal or artistic are key to understanding the work of many of today's leading photographers This lavishly illustrated accessible survey is organized into five thematic chapters diaristic and autobiographical images pictures of the body the use of masks and masquerade the return to studio portraiture and the photographic album and performance both public and private An informative illustrated introduction explains the history of the photographic self portrait from the 1840s to the late twentieth century providing an invaluable context for the recent surge in artists images of themselves From intimate images of introspection and those that consciously challenge notions of ethnicity and sexuality to dramatic stylized photographs of dreamlike scenarios Auto Focus shows how one of the longest established artistic genres continues to fascinate artists today *Mit anderen Augen* Gabriele, Stephan Berg, 2016-02-25

**The Art of Children's Portrait Photography** Tamara Lackey, 2008-11-01 Contemporary photographs that cleverly capture a child's mood or personality whether that's a big toothy grin or a teary tantrum are easily created with the tips and techniques explored in this in depth handbook Often called lifestyle photography modern techniques such as tightly cropped close ups vignettes wide angles and shallow depths produce images that are markedly less stiff and more expressive than traditional portraiture From capturing great expressions and body language to integrating meaningful locations into the shoot to further express the subject's personality this guide thoroughly explains how photographers can develop their image storytelling skills to develop stunning portraits Advice on creating platinum and chocolate hued prints vibrant color scenes dramatic black whites and utilizing unusual textures or effects is also included **Train Your Gaze** Roswell Angier, 2020-09-03 Focusing on the presence of the photographer's gaze as an integral part of constructing meaningful images Roswell Angier combines theory and practice to provide you with the technical advice and inspiration you need to develop your skills in portrait photography Fully updated to take into account advances in creative work and photographic technology this second edition also includes stunning new visuals and a discussion on the role of social media in the practice of portraiture Each chapter includes a practical assignment designed to help you explore various kinds of portrait photography and produce a range of different styles for your creative portfolio **Portraiture** Shearer West, 2004-04-08

This fascinating new book explores the world of portraiture from a number of vantage points and asks key questions about its nature How has portraiture changed over the centuries How have portraits represented their subjects and how have they been interpreted Issues of identity modernity and gender are considered within a cultural and historical context Shearer West uncovers much intriguing detail about a genre that has often been seen as purely representational featuring examples from African tribes to Renaissance princes and from stars such as David and Victoria Beckham to ordinary people In the process she shows us how to communicate with the past in an exciting new way

**The Visual Culture of East German Picturebooks 1945-1990** Jörg Meibauer, 2025-06-02 This is the first study to explore picturebooks of the Soviet Occupation Zone and the German Democratic Republic analyzing them in the context of contemporary history social and cultural developments and through a precise analysis of selected images and their context By focusing on areas such as architecture and housing consumer culture traffic and transportation including the iconic role of the Trabant and the design of childhood as seen in pioneer uniforms and institutions the study identifies the unique blend of information about reality and socialist ideology typical of children's visual culture during this period This specific combination was aimed at shaping children to become socialist personalities The study thus demonstrates that pictorial representation and its textual integration are crucial for understanding childhood in the immediate post war period and the German Democratic Republic

**Contemporary Photography and Theory** Sally Miller, 2019-11-14 Exploring contemporary theory and practice in photography this textbook moves beyond introductory studies to cover more advanced concepts for the upper level student Building on a foundational understanding of photography it addresses recent theoretical debates and more complex ideas to enable students to acquire the tools and confidence to develop the independent thinking and analytical skills needed for this level of study Contemporary Photography and Theory analyses five key topics identity place the politics of looking psychoanalysis and the event Its conceptual approach encourages students to apply theoretical texts to a range of issues and themes both in their own work and that of others Each topic is broken down into three chapters to address the central concept in detail supported by the following features Troubleshooting footnotes to flag up and clarify common misunderstandings Detailed case studies to show how theoretical concepts can be applied to artists work Further examples and reading suggestions from an international range of photographers and thinkers The chapters are designed to be a suitable length for assigned weekly readings making this the ideal resource for in class discussion as well as the perfect starting place for dissertation research

**Africa, Cultural Studies and Difference** Keyan Tomaselli, Handel Wright, 2013-12-16 Cultural Studies has evolved and continues to evolve primarily along regional lines However uncomfortable this might be the genie of British cultural studies cannot be returned to the bottle of history Thus national versions of cultural studies have arisen in a few African countries This book engages two critical and seemingly contradictory tasks i to contribute to the development of cultural studies from the perspectives of African experiences and indigenous

frames of reference and ii to examine these in terms of transnational trajectories of the field in ways that do not reduce them to one or other context Much cultural studies remains concerned with Texts often disconnected from their contexts For the authors published here the contexts include African philosophies cosmologies and ontologies It includes the writings of both residential natives and those who have re located to the diaspora a spread that opens conversations with international approaches that both include and exclude African experiences and work This anthology juxtaposes many different kinds of cultural studies done in different parts of the world as a means of creating a global dialogue around the signifier of Africa This book was published as a special issue of Cultural Studies      *The Selfie, Temporality, and Contemporary Photography*

Claire Raymond,2021-05-09 This book is a theoretical examination of the relationship between the face identity photography and temporality focusing on the temporal episteme of selfie practice Claire Raymond investigates how the selfie s involvement with time and self emerges from capitalist ideologies of identity and time The book leverages theories from Katharina Pistor Jacques Lacan R gnvaldur Ingthorsson and Hans Belting to explore the ways in which the selfie imposes a dominant ideology on subjectivity by manipulating the affect of time The selfie is understood in contrast to the self portrait Artists discussed include James Tylor Shelley Niro Ellen Carey Graham MacIndoe and LaToya Ruby Frazier The book will be of interest to scholars working in visual culture history of photography and critical theory It will also appeal to scholars of philosophy and in particular of the intersection of aesthetic theory and theories of ontology epistemology and temporality

*Tate: Photography Decoded* Susan Bright,Hedy Van Erp,2019-05-30 Is it real What do I remember How can you tell a story Can lying be OK What goes where Why is it famous What makes it problematic Who do you think you are Stealing or borrowing Public or private These ten questions launch a thought provoking investigation into what is really going on when you look at a photograph Peeling back the layers of everything from the earliest daguerreotypes to your latest selfie you will discover where to find meaning in an image and the ways in which the photographer our current culture and you yourself all collaborate in the creation of that meaning      *Face* William A. Ewing,Nathalie Herschdorfer,2006 The first full scale study of the face in contemporary photography a challenge to accepted notions of what constitutes a portrait In this groundbreaking publication William A Ewing announces the death of the conventional portrait In an age when we are bombarded with flawless images of youthful beauty when rejuvenation is available through a jar of cream or a scalpel artists and photographers seek to portray the face in new ways Through a variety of techniques including computer manipulation photomontage and retouching the artists present their new portraits They replace clarity with blur the split second with the elastic moment reality with hyperreality questioning the notion of a fixed identity of universality of expression of what constitutes beauty Whether Cindy Sherman s disquieting disguises Gillian Wearing s masked self portrait LawickM ller s composite portraits of couples Thomas Ruff s studiously neutral facade or Orlan s disturbing experiments with cosmetic surgery these faces demand attention Other artists represented in the book include Inez van Lamsweerde and Vinoodh
