Portraying The Jew 1st Wld War:

The Portrayal of Jews in Modern Belarusian Literature Zina J. Gimpelevich, 2018-07-02 In Cold Rush Martin Breum travels through and describes the new quest for the Arctic and the tortuous ongoing diplomatic endeavours to maintain peace while the governments involved all develop still stronger security presences

Portraying 'the Jew' in First World War Britain Alyson Pendlebury, 2006 The book focuses on Britain during the First World War and the immediate post war period and examines the use of biblical imagery with regard to representations of the nation and its perceived enemies The study is constructed around four rhetorical themes crusade conversion crucifixion and apocalypse and traces these through a wide variety of texts including public lectures sermons press articles political speeches and memoirs pre millennialist writings cartoons plays poetry and popular fiction The central argument is that in the context of rhetorically constructed Christian warfare religious language took on political significance and old allegations against Jews began to recirculate The study examines the religious political and sexual fears associated by Christians with Jews during and after the war and discusses the ways in which Anglo Jewish writers including G B Stern Gilbert Frankau and Isaac Rosenberg responded to these developments

Devastation Mark Levene, 2013-12-13 From the years leading up to the First World War to the aftermath of the Second Europe experienced an era of genocide As well as the Holocaust this period also witnessed the Armenian genocide in 1915 mass killings in Bolshevik and Stalinist Russia and a host of further ethnic cleansings in Anatolia the Balkans and Eastern Europe *Crisis of Genocide* seeks to integrate these genocidal events into a single coherent history Over two volumes Mark Levene demonstrates how the relationship between geography nation and power came to play a key role in the emergence of genocide in a collapsed or collapsing European imperial zone the Rimlands and how the continuing geopolitical contest for control of these Eastern

European or near European regions destabilised relationships between diverse and multifaceted ethnic communities who traditionally had lived side by side An emergent pattern of toxicity can also be seen in the struggles for regional dominance as pursued by post imperial states nation states and would be states Volume I Devastation covers the period from 1912 to 1938 It is divided into two parts the first associated with the prelude to actuality of and aftermath of the Great War and imperial collapse the second the period of provisional New Europe reformulation as well as post imperial Stalinist Nazi and Kemalist consolidation up to 1938 Levene also explores the crystallisation of truly toxic anti Jewish hostilities the implication being that the immediate origins of the Jewish genocides in the Second World War are to be found in the First Like Salt for Bread. The Jews of Bosnia and Herzegovina Francine Friedman,2021-11-22 This book is the only comprehensive treatment in any language of a rather exotic Balkan Jewish community It places the Jewish community of Bosnia and Herzegovina into the context of the Jewish world but also of the world within which it existed for around five hundred years under various empires and regimes The Bosnian Jews might have remained a mostly unknown community to the rest of the world had it not played a unique role within the Bosnian Wars of the early 1990s providing humanitarian aid to its neighbor Serbs Croats and Muslims Watch Francine Friedman s presentation on The Jews of Bosnia and Herzegovina **German Film** Deutsche Kinemathek – Museum für Film und Fernsehen,2024-10-23 Comprehensive German film history German Film From the Archives of the Deutsche Kinemathek offers a captivating journey through the history of German cinema from the earliest moving images of 1895 to the present day This richly illustrated volume opens the Deutsche Kinemathek s archives illuminating the artistic technical political and social developments that have shaped German film In twelve chapters over 420 essays tell the stories of both celebrated and lesser known films paying tribute to the creativity of the many personalities who continue to shape German cinema Featuring more than 2 700 items from unpublished photographs to historic film posters the book provides a unique look into a vital cultural heritage The Deutsche Kinemathek one of the world s leading institutions for preserving audiovisual history safeguards this piece of German film legacy for future generations A must have for film enthusiasts history buffs and fans of German cinema From the archives of the Deutsche Kinemathek A thoughtfully edited and beautifully produced heavyweight The standard reference on German film history The DEUTSCHE KINEMATHEK is one of the world s leading institutions for the collection preservation and presentation of audio visual heritage Hundreds of thousands of objects are permanently preserved in its archives and are available for research into film and television history In addition to scripts photos posters costumes and designs the collection also includes film equipment The Kinemathek curates film series and exhibitions and restores and digitizes films Its diverse activities including installations publications educational formats and conferences encourage visitors to discover the world of moving images Critical White Studies Richard Delgado,Jean Stefancic,1997 No longer content with accepting whiteness as the norm critical scholars have turned their attention to whiteness itself In Critical White Studies Looking Behind the Mirror numerous thinkers including Toni

Morrison Eric Foner Peggy McIntosh Andrew Hacker Ruth Frankenberg John Howard Griffin David Roediger Kathleen Heal Cleaver Noel Ignatiev Cherrie Moraga and Reginald Horsman attack such questions as How was whiteness invented and why How has the category whiteness changed over time Why did some immigrant groups such as the Irish and Jews start out as nonwhite and later became white Can some individual people be both white and nonwhite at different times and what does it mean to pass for white At what point does pride in being white cross the line into white power or white supremacy What can whites concerned over racial inequity or white privilege do about it Science and pseudoscience are presented side by side to demonstrate how our views on whiteness often reflect preconception not fact For example most scientists hold that race is not a valid scientific category genetic differences between races are insignificant compared to those within them Yet the one drop rule whereby those with any nonwhite heritage are classified as nonwhite persists even today As the bell curve controversy shows race concepts die hard especially when power and prestige lie behind them A sweeping portrait of the emerging field of whiteness studies Critical White Studies presents for the first time the best work from sociology law history cultural studies and literature Delgado and Stefancic expressly offer critical white studies as the next step in critical race theory In focusing on whiteness not only do they ask nonwhites to investigate more closely for what it means for others to be white but also they invite whites to examine themselves more searchingly and to look behind the mirror **My Revision**
