Understanding The American Promise, Volume 1: To 1877 James L. Roark, Michael P. Johnson, Patricia Cline Cohen, Sarah Stage, Alan Lawson, Susan M. Hartmann, 2011-02-15 In response to the ever-changing challenges of teaching the survey course *Understanding the American Promise* combines a newly abridged narrative with an innovative chapter architecture to focus students' attention on what's truly significant. Each chapter is fully designed to guide students' comprehension and foster their development of historical skills. Brief and affordable but still balanced in its coverage, this new textbook combines distinctive study aids, a bold new design, and lively art to give your students a clear pathway to what's important.

Understanding the American Promise, Volume 2: From 1865 James L. Roark, Michael P. Johnson, Patricia Cline Cohen, Sarah Stage, Alan Lawson, Susan M. Hartmann, 2011-04 In response to the ever-changing challenges of teaching the survey course *Understanding the American Promise* combines a newly abridged narrative with an innovative chapter architecture to focus students' attention on what's truly significant. Each chapter is fully designed to guide students' comprehension and foster their development of historical skills. Brief and affordable but still balanced in its coverage, this new textbook combines distinctive study aids, a bold new design, and lively art to give your students a clear pathway to what's important.

Headstart, Portuguese program, 1984

Portuguese Sea Culture Charlotte Clark, AI, 2025-02-20 Portuguese Sea Culture explores how Portugal's extensive maritime history has profoundly shaped its national identity, cuisine, and social customs. From the Age of Discovery, Portugal's seafaring prowess facilitated global trade, influencing everything from the ingredients used in Portuguese cuisine to the rituals and festivals celebrated in coastal communities. The book argues that this sea culture is not just a historical relic but a living heritage that continues to define Portugal today. The book uniquely examines intangible aspects of this culture, such as social attitudes and beliefs, rather than solely focusing on economic or political history. It progresses by first introducing the concept of sea culture, then delving into the influence of maritime trade on cuisine, the emergence of sea-related social customs, and the role of seafaring in shaping Portuguese national identity. For example, the book explores how maritime exploration shaped a sense of national pride and collective memory. Drawing on historical documents, culinary records, and ethnographic studies, Portuguese Sea Culture offers a comprehensive overview of Portugal's enduring connection to the sea. This approach provides readers with a nuanced understanding of Portugal's past and its ongoing impact on the world, making it valuable for anyone interested in history, culture, or culinary traditions.

Conquerors Roger Crowley, 2015-12-01 In *Conquerors*, New York Times bestselling author Roger Crowley gives us the epic story of the emergence of Portugal, a small poor nation that enjoyed a century of maritime supremacy thanks to the daring and navigational skill of its explorers. A tactical advantage no other country could match, Portugal's discovery of a sea route to India, campaign of imperial conquest over Muslim rulers, and domination of the

spice trade would forever disrupt the Mediterranean and build the first global economy Crowley relies on letters and eyewitness testimony to tell the story of tiny Portugal's rapid and breathtaking rise to power Conquerors reveals the Imprio Portugues in all of its splendor and ferocity bringing to life the personalities of the enterprising and fanatical house of Aviz Figures such as King Manuel the Fortunate Jo o II the Perfect Prince marauding governor Afonso de Albuquerque and explorer Vasco da Gama juggled their private ambitions and the public aims of the empire often suffering astonishing losses in pursuit of a global fortune Also central to the story of Portugal's ascent was its drive to eradicate Islamic culture and establish a Christian empire in the Indian Ocean Portuguese explorers pushed deep into the African continent in search of the mythical Christian king Prester John and they ruthlessly besieged Indian port cities in their attempts to monopolize trade The discovery of a route to India around the horn of Africa was not only a brilliant breakthrough in navigation but heralded a complete upset of the world order For the next century no European empire was more ambitious no rulers more rapacious than the kings of Portugal In the process they created the first long range maritime empire and set in motion the forces of globalization that now shape our world At Crowley's hand the complete story of the Portuguese empire and the human cost of its ambition can finally be told Praise for Conquerors Excellent Crowley's interpretations are nuanced and fair The Christian Science Monitor In a riveting narrative Crowley chronicles Portugal's horrifically violent trajectory from impoverished marginal nation to European power vying with Spain and Venice to dominate the spice trade Kirkus Reviews starred review Brings to life the Portuguese explorers perfect for anyone who likes a high seas tale Publishers Weekly Readers of Crowley's previous books will not be disappointed by this exciting tale of sea battles land campaigns and shipwrecks Crowley makes a good case for reclaiming Portugal's significance as forger of the first global empire The Daily Telegraph Crowley has shown a rare gift for combining compelling narrative with lightly worn academic thoroughness as well as for balancing the human with the geopolitical qualities on display here The story he has to tell may be a thrilling one but not every historian could tell it so thrillingly Michael Prodger Financial Times A fast moving and highly readable narrative Crowley's detailed reconstruction of events is based on a close reading of the works of the chroniclers notably Barros and Correa whose accounts were written in the tradition of the chronicles of chivalry History Today

Portuguese Empire Rolf Hedger, The story of the Portuguese Empire is one of bold ambition relentless exploration and a profound reshaping of the world In the fifteenth century a small European kingdom on the western edge of the Iberian Peninsula set out on an extraordinary journey across uncharted oceans What began as an effort to outflank Muslim trade routes and expand Christian influence evolved into one of the earliest and most far reaching global empires in history Unlike empires built on contiguous land conquests the Portuguese Empire was maritime in nature Its lifeblood was the sea Through its navigators and merchants Portugal created a web of trading posts colonies and cultural exchanges stretching from the coasts of West Africa to the islands of Southeast Asia from the shores of Brazil to the heart of India and China These far flung territories were not always controlled through

brute force or large settler populations but through calculated diplomacy superior navigation and strategic alliances though at times violent conquest and exploitation were unavoidable parts of the imperial project At the heart of this imperial expansion was an enduring curiosity about the world and a hunger for profit peppered with a strong religious mission to convert non Christians Figures such as Prince Henry the Navigator Vasco da Gama Afonso de Albuquerque and countless unnamed sailors contributed to a centuries long project that connected disparate civilizations through the exchange of goods ideas religions languages and unfortunately also through slavery and colonial oppression This book explores the rise and reach of the Portuguese Empire with a focus on the individuals who charted the unknown and the mechanisms they used to forge a global trade network It examines the complex relationships Portugal developed with local societies the cultural and religious exchanges that ensued and the lasting legacies both constructive and destructive of its empire building efforts

The Age of Exploration , Encyclopedia of Africa Anthony Appiah, Henry Louis Gates (Jr.), 2010 The Encyclopedia of Africa presents the most up to date and thorough reference on this region of ever growing importance in world history politics and culture Its core is comprised of the entries focusing on African history and culture from 2005 s acclaimed five volume Africana nearly two thirds of these 1 300 entries have been updated revised and expanded to reflect the most recent scholarship Organized in an A Z format the articles cover prominent individuals events trends places political movements art forms business and trade religions ethnic groups organizations and countries throughout Africa There are articles on contemporary nations of sub Saharan Africa ethnic groups from various regions of Africa and European colonial powers Other examples include Congo River Ivory trade Mau Mau rebellion and Pastoralism The Encyclopedia of Africa is sure to become the essential resource in the field **The Story of Columbus and Magellan** Thomas Bonaventure Lawler, 1905

MAPPING THE WORLD p.r.servidad, 2024-07-18 The ancient sands of Africa bore witness to the earliest inklings of recorded history with Ancient Egypt standing as a beacon of knowledge and wisdom From the Nile delta to the Horn of Africa the Maghreb and the western Sahel the threads of civilization intertwined weaving a rich tapestry of cultures and traditions With the shifting sands of time came the desertification of the Sahara linking North and East African narratives with the realms of the Middle East and Southern Europe Amidst this backdrop of cultural exchange and exploration the Bantu expansion rippled across the sub Saharan continent from the lands of modern day Cameroon to the far reaches of the Southern continent fostering a linguistic unity that bridged diverse communities In the realm of pre colonial Africa kingdoms and empires flourished in every corner of the continent each a testament to the resilience and ingenuity of its people

Portuguese Empire Kelly Mass, The Portuguese Empire comprised a vast network of colonies factories and overseas territories established by Portugal Beginning with the capture of Ceuta in North Africa in 1415 and continuing until the handover of sovereignty over Macau to China in 1999 it stands as one of the longest lasting empires in European history The empire s roots can be traced back to the 15th century and by the early 16th century it had established a global presence with

strategic bases in North and South America Africa Asia and Oceania The rise of the Portuguese Empire coincided with the dawn of the Age of Discovery a period characterized by exploration and expansion Following the Reconquista which concluded in 1492 Portuguese sailors embarked on expeditions along the African coast and the Atlantic archipelagos starting in 1418 Leveraging advancements in navigation mapping and maritime technology particularly the caravel a vessel adept at oceanic travel they aimed to uncover a sea route to the lucrative spice trade of the East Key milestones during this era included Bartolomeu Dias's successful rounding of the Cape of Good Hope in 1488 and Vasco da Gama's historic arrival in India in 1498 Around 1500 Pedro lvares Cabral arrived at the shores of Brazil either by chance or as part of a broader imperial strategy

Biographical Dictionary of Explorers Alan Wexler,Jon Cunningham,2019-06-01 An informative fascinating resource suitable for students researchers and general readers this biographical dictionary is a who was who of world and space explorers giving readers a sense of the human drama the achievements and the challenges that those who go where few or none have gone before must face The explorers covered include Jacques Cousteau Sir Vivian Fuchs John Glenn Jr Aleksei Leonov Annie Peck Valentina Tereshkova and many more

The Portuguese Barry Hatton,2016-01-06 Portugal is an established member of the European Union one of the founders of the euro currency and a founder member of NATO Yet it is an inconspicuous and largely overlooked country on the continent's south west rim In the fifteenth and sixteenth century Age of Discovery the Portuguese led Europe out of the Mediterranean into the Atlantic and they brought Asia and Europe together Evidence of their one time four continent empire can still be felt not least in the Portuguese language which is spoken by more than 220 million people from Brazil across parts of Africa to Asia Analyzing present day society and culture The Portuguese also considers the nation's often tumultuous past The 1755 Lisbon earthquake was one of Europe's greatest natural disasters strongly influencing continental thought and heralding Portugal's extended decline The Portuguese also weathered Europe's longest dictatorship under twentieth century ruler Ant nio Salazar A 1974 military coup called the Carnation Revolution placed the Portuguese at the centre of Cold War attentions Portugal's quirky relationship with Spain and with its oldest ally England is also scrutinized Portugal which claims Europe's oldest fixed borders measures just 561 by 218 kilometres Within that space however it offers a patchwork of widely differing and beautiful landscapes With an easygoing and seductive lifestyle expressed most fully in their love of food the Portuguese also have an anarchical streak evident in many facets of contemporary life A veteran journalist and commentator on Portugal the author paints an intimate portrait of a fascinating and at times contradictory country and its people
