Positively Fifth Street Murderers Chee:

Positively Fifth Street James McManus, 2007-04-01 Rough sex black magic murder and the science and eros of gambling meet in the ultimate book about Las Vegas James McManus was sent to Las Vegas by Harper's to cover the World Series of Poker in 2000 especially the mushrooming progress of women in the 23 million event and the murder of Ted Binion the tournament's prodigal host purportedly done in by a stripper and her boyfriend with a technique so outré it took a Manhattan pathologist to identify it Whether a jury would convict the attractive young couple was another story altogether McManus risks his entire Harper's advance in a long shot attempt to play in the tournament himself Only with actual table experience he tells his skeptical wife can he capture the hair-raising brand of poker that determines the world champion The heart of the book is his deliciously suspenseful account of the tournament itself the players the hand-to-hand combat and his own unlikely progress in it Written in the tradition of *The Gambler* and *The Biggest Game in Town* *Positively Fifth Street* is a high stakes adventure a penetrating study of America's card game and a terrifying but often hilarious account of one man's effort to understand what Edward O Wilson has called Pleistocene exigencies the eros and logistics of our primary competitive instincts **The Publishers Weekly**, 2003 *Jeff Herman's Guide to Book Publishers, Editors and Literary Agents 2006* Jeff Herman, 2005-10 Now updated for 2008 this annual edition of the classic bestselling directory provides everything working writers need to find the most receptive publishers editors and agents for their work **The Book Review Digest**, 2003 Canadian Books in Print, 2001
