Reveries of Home Nigel Rapport, Solrun Williksen, 2020-06-12 Reveries of Home considers understandings of home in the world today and the means by which feelings of homeliness are secured In particular the volume explores the relationship between the phenomenon of globalisation and the ways in which home making entails acts of practical and symbolic emplacement in landscapes felt to be meaningful and authentic A series of case studies from Norway and West Africa the mid western USA Egypt Scotland and elsewhere offer an illustrative array of homes made in rural communities and urban worksites in personal life histories and the policies of diasporic groups in ceremonial revivals and mundane routines in postcards house furnishings dreams clothes and smells Home making appears as a kind of work and it is ongoing for place and being emplaced are not givens Instead home making exists in time in moments of individual and collective performance which are both mundane and memorial Reveries of Home offers a set of cases and a set of arguments that reveal the close connections that remain between home and identity even in a world of movement Egypt 1900 Alain Blottière, 1993

Egypt Views , 41 pictures 9 x 14 The London Philatelist , 1892 **Egypt** Frederick John Melville, 1915 **Cairo in Chicago** Istvan Ormos, 2021-05-01 Built as a temporary structure and made of ephemeral materials Cairo Street had a dual nature On the one hand it was a purely scientific installation a piece of anthropology On the other it became the most popular entertainment venue at the World s Columbian Exposition of Chicago 1893 a place where people went wild with excitement Far from being a copy of any actual street it was an assemblage of authentic architectural elements put together in such a way as to conjure up the atmosphere of the Arab Islamic metropolis the city of the Thousand and One Nights Its impact was greatly enhanced by the presence of local Cairo inhabitants who plied their trade some of them with their camels donkeys

monkeys and even snakes The belly dancing on Cairo Street caused an enormous stir many claimed that it was immoral and called for its immediate suspension others regarded it as a performance of important scientific and ethnological value It was never suspended and people flocked to see it An immense amount has been written about world s fairs This monograph represents a novel approach in that it subjects a single project the Cairo Street to detailed analysis placing particular emphasis on interpreting it within the context of the Fair as a whole What was the great uproar about the belly dancing What motivated it In order to answer these questions this monograph attempts to offer a complex multi faceted interpretation within the context of the society of the time Cairo Street was the sensation of the World s Columbian Exposition a fair which many sold their stoves mortgaged their houses spent their life savings or their funeral money to see This monograph is enhanced with a ground plan and 168 illustrations
