Fry, 2018-11-01 This interdisciplinary book offers a critical analysis of Thai education and its evolution providing diverse perspectives and theoretical frameworks In the past five decades Thailand has seen impressive economic success and it is now a middle income country that provides development assistance to poorer countries However educational and social development have lagged considerably behind its globally recognized economic success This

comprehensive book covers each level of education such as higher and vocational technical education and such topics as internationalization inequalities and disparities alternative education non formal and informal education multilingual education educational policy and planning and educational assessment The 25 Thai and 8 international contributors to the volume include well known academics and practitioners Thai education involves numerous paradoxes which are identified and explained While Thailand has impressively expanded its educational system quantitatively with much massification quality problems persist at all levels As such the final policy oriented summary chapter suggests strategies to enable Thailand to escape the middle income trap and enhance the quality of its education to ensure its long term developmental success

The Political Economy of the Agri-Food System in Thailand Prapimphan Chiengkul, 2017-05-08 This book adopts a neo Marxist and Gramscian approach to studying the political economy of the agricultural and food system in Thailand 1990 2014 The author argues that hegemonic forces have many measures to co opt dissent into hegemonic structures and that counter hegemony should be seen as an ongoing process over a long period of time where predominantly counter hegemonic forces constrained by political economic structural conditions may at times retain some hegemonic elements Contrary to what some academic studies suggest the author argues that localist inspired social movements in Thailand are not insular and anti globalisation

Politics and the Press in Thailand Duncan McCargo, 2012-12-06 This is the first book in the English language to examine the tangled web of relationships linking newspaper owners editors and reporters with leading politicians and power holders Duncan McCargo has been granted unique access to the editorial meetings of Thailand's leading newspapers and drawing on this the book uncovers the contradictions and dichotomies which underlie political coverage in the Thai press

East Asia's Grand Strategies Ramon Pacheco Pardo, Jung H. Pak, 2025 This is the first book to provide comparative analysis of the grand strategies of great middle and small powers across East Asia The contributors examine grand strategy as a state's pursuit of its long term interests using all available means East Asia is the pivotal region for twenty first century geopolitics and economics especially US China competition The volume is comprised of twelve chapters covering China Indonesia Japan Malaysia Myanmar North Korea Philippines Singapore South Korea Taiwan Thailand and Vietnam The volume brings together top experts on each country including scholars from many of the countries being examined Each chapter looks at both external and domestic variables that influence the country's grand strategy and the concluding chapter compares the twelve cases Furthermore the book heeds recent calls to expand the study of grand strategy beyond great powers

Legitimacy Crisis in Thailand Marc Askew, 2010-10-08 Intense political polarization confrontation and violence have rocked Thailand recently much of it a divisive legacy of the 2006 coup Conflicts centre on the legitimacy of institutions and the uses and abuses of power alongside the parallel crisis of state legitimacy posed by the ongoing violence in the country's Deep South This collection of essays explores themes and issues arising from the continuing confrontations that have dominated Thailand's domestic affairs and affected its international relations in the

years 2008 to early 2010 Based on extensive research and documentation this volume offers an important review and analysis of key events and trends in Thailand s volatile public affairs during this period The book brings together essays by Thai specialists as well as Western scholars on pivotal topics connected to Thailand s current legitimacy crisis It begins with a lively narrative of major events and in subsequent chapters covers the politicization of the Khao Phra Wihan Preah Vihear temple issue the People s Alliance for Democracy and its New Politics the politicization of the Thai media the revived role of the Thai military in influencing politics and governance and the challenge of the persistent unrest in Thailand s south The book concludes with an insightful analysis of the key challenges facing the country politically institutionally and economically The events of March May 2010 which saw a dramatic face off between the red shirt movement and the government are discussed in an afterword This collection is published as volume 5 in the yearbook series of King Prajadhipok s Institute Thailand Highlights Offers a penetrating and insightful analysis of Thailand s volatile political affairs during 2008 2010 Based on extensive research and documentation by both Thai and Western scholars Explores ongoing conflicts in Thai society including those involving the red shirts and yellow shirts Illustrates how the ongoing violence in the Muslim south continues to pose a challenge to state legitimacy Places Thailand s political affairs in comparative perspective Norms in Conflict Anchalee Rüland,2022-06-14 The people of Myanmar were struck by three major human rights disasters during the country s period of democratization from 2003 to 2012 the 2007 Saffron Revolution the aftermath of Cyclone Nargis in 2008 and the 2012 Rakhine riots which would evolve into the ongoing Rohingya crisis These events saw Myanmar s government categorically labeled as an offender of human rights and three powerful Southeast Asian member states Indonesia Thailand and Malaysia responded to the violations in very different ways In each case their responses to the crises were explicitly shaped by norm conflict which may be understood as a tension between international and domestic norms Their reactions were compelled by a need to address conflicting domestic and international expectations for norm compliance regarding human rights protection and non interference in internal affairs In Norms in Conflict Southeast Asia s Response to Human Rights Violations in Myanmar Anchalee R land makes sense of state action that occurs when a governing body is faced with a circumstance that is at once in line with and contrary to its own governing policies She defines five different types of response strategies to situations of norm conflict and examines the enabling factors that lead to each strategy Domestic norms are known to evolve as a country s values change over time yet R land argues that the old and new norms may also coexist knowledge of the underlying political context is crucial for those seeking a solid understanding of state behavior Norms in Conflict challenges the conventional understanding of the logic of consequences in determining state behavior advancing constructivist theory and establishing a provocative new conversation in international relations discourse
