Post Theistic Thinking The Marxist Christian Dialogue In Radical Perspective:

Post-theistic Thinking Thomas Dean,1975 Red Theology: On the Christian Communist Tradition Roland Boer,2019-02-19 In *Red Theology On the Christian Communist Tradition* Roland Boer presents key moments in the 2 000 year tradition of Christian communism Defined by the two features of alternative communal practice and occasional revolutionary action Christian communism is predicated on profound criticism of the way of the world The book begins with Karl Kautsky the leading thinker of second generation Marxism and his oft ignored identification of this tradition From there it offers a series of case studies that deal with European instances the Russian Revolution and to East Asia Here we find the emergence of Christian communism not only in China but also in North Korea This book will be a vital resource for scholars and students of religion and the many aspects of socialist tradition **Marxism, Christianity, and Islam** Julian Roche,2024-02-20 Roger Garaudy was for many years at the centre of the French Communist Party but was eventually expelled for his liberal views In the Seventies he strove to bring Marxism and Christianity together to include all humanity in a project to set all people free What emerges from Garaudy s project is a very modern Marxism with its emphasis on the individual its ecological politics and in its insistence on religion as central to human emancipation Although Garaudy himself became frustrated by the failure of Marxism and converted to Islam eventually resulting in his work being discredited in the West it is certainly possible that Garaudy s project represents a good perhaps even the best starting point for Marxism in today s world Proclaiming Christ in Christ's Way Vinay Samuel,Albrecht Hauser,2007-09 In March 1987 forty five Christians from around the world met to consider evangelism at the invitation of the Commission for World Mission and Evangelism of the World Council of Churches In this volume thirteen of the participants from five continents expand on an aspect of integral evangelism discussed in that statement The collection is a sixtieth birthday tribute to the host of the Stuttgart meeting Walter Arnold of the Evangelical Lutheran Church of Wuerttemberg Marxist Thought in Latin America Sheldon B. Liss,1984 *The Messianic Imperative* Joseph Abrahams,2007 About the Book for the Website Begun as a scholarly work of religious and psychiatric import 9 11 and its aftershocks has turned this work on messianism to the task of survival of our civilization For the core motivations of widely disparate people Islamic terrorists Israeli settlers and American fundamentalists are frankly messianic And they are positioned to move the world towards a disaster long depicted in apocalyptic terms on the Plains of Abraham but now also present in our midst A degree of self sacrifice is present in messianism ranging from the purely spiritual to full expression in the Islamic terrorist who glories in a physical immolation that leads to eternal life The crucial issue for the rest of us lies in its imperative nature calling for the termination of our lives Can we reach such people who live in these other spiritual worlds and who threaten to evict us from ours They live in the certitude and rectitude of their cause and are intolerant of the ambiguity of modern civilization Their certitude lies in a strangely similar belief in a messenger of God who brings tidings of the End of Days on earth and a coming glory in a

heavenly company populated by God and the principal figures of their religion Each of these religions has its own visionary man of God or messiah extant or to come My thesis is that the key to reaching such imbued people so alienated from the rest of us is through utilization of the little we know of reaching alienated individuals and groups That knowledge has been chiefly developed in asylums by the original alienists psychiatrists also the social and political sciences and the pastoral discipline The Messianic Imperative Scourge or Savior is offered as a contribution to that study More so it is offered as a journey into unfamiliar terrain It may hopefully lead to a manual for action on the part of people worldwide alert to the current danger who wish to contribute to the world family aborning in these parlous times

The Theology of the Cross and Marx's Anthropology Winston D. Persaud, 2005-09-13 This is a fascinating major articulation of a contemporary theology of the cross in response to the soteriological challenge of Karl Marx's anthropological Weltanschauung The author focuses primarily on the much neglected Early Writings 1844 Manuscripts in which Marx himself provides a necessary humanistic critique of official Marxism The theology of the cross which the author articulates is centered in Luther's theologia crucis Moltmann's crucified God and Latin American liberation theology's divine identification and solidarity with the poor and oppressed Specifically the context of the work is the Caribbean and the Americas

North American Churches and the Cold War Paul B. Mojzes, 2018-08-23 History textbooks typically list 1945-1990 as the Cold War years but it is clear that tensions from that period are still influencing world politics today While much attention is given to political and social responses to those first nuclear threats none has been given to the reactions of Christian churches North American Churches and the Cold War offers the first systematic reflection on the diverse responses of Canadian and American churches to potential nuclear disaster A mix of scholars and church leaders the contributors analyze the anxieties dilemmas and hopes that Christian churches felt as World War II gave way to the nuclear age As they faced either nuclear annihilation or peaceful reconciliation Christians were forced to take stands on such issues as war communism and their relationship to Christians in Eastern Europe As we continue to navigate the nuclear era this book provides insight into Christian responses to future adversities and conflicts CONTRIBUTORS William Alexander Blaikie James Christie Nicholas Denysenko Gary Dorrien Mark Thomas Edwards Peter Eisenstadt Jill K Gill Michael Graziano Barbara Green Raymond Haberski Jr Jeremy Hatfield Gordon L Heath D Oliver Herbel Norman Hjelm Daniel G Hummel Dianne Kirby Leonid Kishkovsky Nadieszda Kizenko John Lindner David Little Joseph Loya Paul Mojzes Andrei V Psarev Bruce Rigdon Walter Sawatsky Axel R Sch fer Todd Scribner Gayle Thrift Steven M Tipton Frederick Trost Lucian Turcescu Charles West James E Will Lois Wilson
