Post Marxism And The Middle East:

Post-Marxism and the Middle East Faleh A. Jabar, Fālih 'Abd al-Jabbār, 1997 The demise of the Soviet Union and the fall of communism has had a particular profound and traumatic effect on the Arab world and its intellectuals They have now had to reposition themselves within an entirely new geopolitical context previously they had seen the world in terms of two power blocs with most of the aid and ideological support coming from the communist world Post-Marxism and the Middle East Faleh A. Jabar, 1997 **Public Administration and Policy in the Middle East** Alexander R. Dawoody, 2014-09-22 The various and different Middle Eastern countries are addressing new key reform and governance reform processes but also administration and policy issues of enduring importance decentralization and local government non profit organizations political culture and reform of the policy process This book provides assessment of national strategies for reform in public administration and policy how these strategies have fared in implementation and what challenges must be overcome to achieve real and sustainable progress Seven country case studies will explore the overall policy making process from a critical perspective and consider how it could be strengthened Four cases will deal with the controversial issues of decentralization of power and decision making Two cases will address the role of civil society in the policymaking and reform process Introductory and concluding chapters will place these discussions in context and draw the primary lessons for policy makers The main objectives of the book are to present different examples of specific public policy and administration as well as governance issues in the Middle East so that policymakers both in the region and the world who are interested in the Middle East as well as practitioners scholars and graduate students can utilize the book as a study guide to better understand various dynamics in governance in the Middle East This approach will enable the volume to bridge global perspectives on governance development with regional perspectives and experience bringing shared expertise intellectual inquisitiveness and experience in the professional practice of public policy and administration to bear on these common challenges *The Sociology of Postmarxism* Richard Howson, 2017-05-18 Postmarxism is often depicted as a point of intersection for a set of inter disciplinary theories that are in themselves complex and dense Bringing the postmarxist theory of Ernesto Laclau into the field of political sociology through a close reading and analysis of postmarxism and its relationship to the social A Sociology of Postmarxism develops key postmarxist arguments in an engaging and sociologically applicable way Indeed through a threefold method of analysis Howson first unpacks the relationship between the social and the political by analysing key allied theories to show where the points of connection occur This is then followed by an insightful analysis of the key features of postmarxist theory such as antagonism and the inevitability of social dislocation the political importance of hegemony and the empty signifier thesis and equivalence to show how such theory can be applied at a sociological level Finally through the use of sociological categories such as masculinities migration and social capital the foregoing theoretical analyses are synthesised to show the social nature of postmarxism and particularly in the context of

aspiration and co operation This enlightening volume will appeal to undergraduate and postgraduate students as well as postdoctoral researchers who are interested in fields such as Political Sociology Post Marxist Political Theory and Social Theory The Oxford Handbook of Contemporary Middle-Eastern and North African History Jens Hanssen,Amal N. Ghazal,2021 Features a mix of junior and senior scholars based in the Middle East South East Asia Australia North America and Europe Develops multidisciplinary approaches to history including environmental studies social anthropology law gender political science sociology religious studies and media studies Book jacket Communist Parties in the Middle East Laura Feliu,Ferran Izquierdo Brichs,2019-05-17 Communist Parties in the Middle East 100 Years of History One hundred years since the Russian Revolution Communist parties have undergone great changes in an evolution that has affected the entire Left and the social movements Given that the impact of Communist parties and their evolution in the Middle East is a topic that has not been widely researched Communist parties in the Middle East 100 years of history aims to cover a century in the lives of these parties from the moment the Communist ideology first reached the region in the early 20th century brought by activists from minority groups and the creation of the first parties and trades unions after the 1917 revolution right up to the upheaval caused by the dissolution of the USSR and more recently the Arab Spring The book has been designed to offer a unique updated and comprehensive study of Communist parties in the Middle East based on both a theoretical framework of analysis and substantial empirical research and archive documentation Several issues are examined in this work When the Russian Revolution took place the Middle Eastern region as a whole was under colonial control This meant taking decisions related to the relationship between the class struggle and the national struggle The composition of the communist parties in the Middle East is also analysed as is their role as the vanguard understood in the broad sense of the word in relation to the objectives of liberation emancipation revolution and system change or reform and their connection to mass or popular movements Furthermore the volume looks back at the dependency or autonomy of communist parties during the Cold War and the tensions that this generated in them as well as the search for individual constructions of communism that took into account cultural characteristics and the local context of the struggle In this respect one of the recurring themes in the work is the relationship between communist activism and the sectors that mobilized in the name of nationalism or political Islam Finally the chapters trace the history of the parties including for the first time in the literature the post Cold War period and continuing to the current situation in which communist parties occupy a residual position in the political field sharing space with other small groups from the real Left new programmes adapted to neoliberal advancement in the region and the new mobilizations symbolized by the uprisings of 2010 2011 The first section of the book presents the evolution of the CPs in Iran Turkey Iraq Lebanon Syria Palestine and Israel Egypt South Yemen Sudan Algeria and Morocco The second section explores some cross cutting issues that have affected relations between the communist parties and other political sectors political Islam and the New Left Through the testimony of some leading figures it presents the arguments around the question of

gender in the Arab world and in leftist circles as well as an example of the evolution of a female leftist activist some contradictions and the prominent debates from the most convulsive years to the present Routledge Handbook of Citizenship in the Middle East and North Africa Roel Meijer,James N. Sater,Zahra R. Babar,2020-11-23 This comprehensive Handbook gives an overview of the political social economic and legal dimensions of citizenship in the Middle East and North Africa from the nineteenth century to the present The terms citizen and citizenship are mostly used by researchers in an off hand self evident manner A citizen is assumed to have standard rights and duties that everyone enjoys However citizenship is a complex legal social economic cultural ethical and religious concept and practice Since the rise of the modern bureaucratic state in each country of the Middle East and North Africa citizenship has developed differently In addition rights are highly differentiated within one country ranging from privileged underprivileged and discriminated citizens to non citizens Through its dual nature as instrument of state control as well as a source of citizen rights and entitlements citizenship provides crucial insights into state citizen relations and the services the state provides as well as the way citizens respond to these actions This volume focuses on five themes that cover the crucial dimensions of citizenship in the region Historical trajectory of citizenship since the nineteenth century until independence Creation of citizenship from above by the state Different discourses of rights and forms of contestation developed by social movements and society Mechanisms of inclusion and exclusion Politics of citizenship nationality and migration Covering the main dimensions of citizenship this multidisciplinary book is a key resource for students and scholars interested in citizenship politics economics history migration and refugees in the Middle East and North Africa *Marxism and Left-Wing Politics in Europe and Iran* Yadullah Shahibzadeh,2018-09-28 This book reveals aspects of the rise and fall of the European and Iranian Left their conceptualization of Marxism and ideological formations Questions regarding the Left and Marxism within two seemingly different economic political and intellectual and cultural contexts require comprehensive comparative histories of the two settings This project investigates the intellectual transformations which the European and Iranian Left have experienced after the Russian Revolution to the present It examines the impacts of these transformations on their conceptualizations of history and revolution domination and ideology emancipation and universality democracy and equality The monograph will appeal to researchers scholars and graduate students in the fields of political science Middle Eastern and European studies political history and comparative politics Routledge Handbook on Political Parties in the Middle East and North Africa Francesco Cavatorta,Lise Storm,Valeria Resta,2020-12-29 This comprehensive Handbook analyses the political parties and party systems across the Middle East and North Africa Providing an in depth empirically grounded and novel study of political parties the volume focuses on a region where they have been traditionally and often erroneously dismissed The book is divided into five sections examining the trajectories of Islamist Salafi leftist liberal nationalist and personalistic parties drawing from different countries the role political parties play in authoritarian and semi authoritarian countries the centrality of political parties in

democratic or democratising settings the relationship between parties and specific social constituencies ranging from women to youth to tribes and sects and the policy positions of parties on a number of issues including neo liberal economics identity foreign policy and the role of violence This wide ranging and systematic analysis is a key resource for students and scholars interested in party politics democratization and authoritarianism and the Middle East and North Africa Chapter 18 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at www.taylorfrancis.com/books/edit/10.4324/9780429269219

The Palestinian Left and Its Decline Francesco Saverio Leopardi, 2020-07-06 This book examines the history of the Palestinian Left by focusing on the trajectory of the Popular Front for the Liberation of Palestine PFLP during its declining phase Relying on a substantial corpus of primary sources this study illustrates how the PFLP's political agency contributed to its own marginalisation within the Palestinian national movement Following the 1982 eviction of the Palestine Liberation Organisation PLO from Lebanon the bases of the PFLP's opposition to Fatah's primacy in the national movement were jeopardised This book argues that the PFLP's loyalty to the PLO institutional and political framework prevented the formulation of a real counterhegemonic political project This drove the PFLP's action to suffer a fundamental contradiction undermining its stance within the national movement In the attempt to continue its opposition to Fatah while maintaining integration in the Palestinian mainstream the PFLP's agency fluctuated compromising its effectiveness and credibility Apparently irreversible the PFLP's marginalisation is a factor fostering the current Palestinian impasse as no alternative is emerging to break the thirteen year long Hamas Fatah polarisation

[US Approaches to the Arab Uprisings](#) Amentahru

Wahlrab, Michael J. McNeal, 2017-12-11 From nonviolent protests in Cairo and Manama to the ousting of Libya's Gaddafi and the beginning of the Syrian Civil War the series of uprisings which swept through the Middle East and North Africa from late 2010 have been burdened with the collective hopes and expectations of the world Western supporters quickly identified these uprisings as a collective awakening a move towards democracy but the continued unrest in these regions defies many of these more optimistic contemporary predictions As the region remains unstable the US and their Western allies are faced with the challenging task of modifying their strategic foreign policy goals to suit the currently mercurial Arab World The Arab Spring and its failure exposed a new set of questions What motivates American democracy promotion Does the US really want self determination in the Middle East and North Africa Where did the expectations of the protestors fit into this narrative U S Approaches to the Arab Uprisings provides a comprehensive assessment of Western foreign policy towards the Arab World today With analysis on subjects as diverse as social media and Islamic centrism and drawing from examples throughout the MENA region the book deals with the perception of Arabs and Arab culture in the American psyche and its effect on East West relations By analyzing both Western responses to uprisings and the reactions of the protestors themselves the contributors expose theoretical and practical inconsistencies that suggest a rising tension between those that promote democracy and those who practice it

Iran, Iraq, and the Legacies of War L. Potter, G. Sick, 2004-11-12 Iraq and Iran are the two most important states in the Gulf region given their population size military strength and the potential threat they pose to other states in the region This book enhances our understanding of the troubled relationship between Iran and Iraq placing it in historical context examining the rapid deterioration leading to the eight year war that started in 1980 and the effects of that trauma and exploring the ongoing issues that currently bedevil bilateral relations The authors cover such central issues as how each side has sought to use opposition groups in the other state to weaken it ethnic divisions the role of outside states especially the United States and a fascinating account of how the war affected a generation of Iraqis and Iranians The role of the U S in the region and how U S policy has affected the two states are also considered This book provides a basis for understanding the background of a tumultuous relationship that is entering a new era

The Middle East and South Asia 2018-2019 Seth Cantey, 2018-10-26 This annually updated volume of the World Today Series is designed to place in context the passionate controversies and emotional attachments of the two billion people who live study work and die in the Middle East and South Asia Despite room for optimism in some areas many parts of the Middle East and South Asia continue to face extraordinary challenges and difficult outlooks Much of this has to do with conflict across the region which extends well beyond atrocities perpetrated by the Islamic State and the Assad regime in Syria This volume depicts a region where hundreds of millions seek dignity as humans and respect from their governments This volume helps the general reader understand recent and past developments from these countries

Democracy and Civil Society in Arab Political Thought Michaelle L. Browsers, 2006-10-13 This book provides a significant and unique

contribution to the emerging literature of comparative political thought Michaelle L Browsers offers compelling evidence with extensive analysis and references that a rigorous debate is taking place in Arabic concerning the value of democracy and civil society Exploring the globalization of ideas of democracy and civil society Browsers addresses the question of what occurs when concepts cross the boundaries of cultures or languages She analyzes the historical concept of democracy in Arab and Islamic political thought the transformations that have occurred over the past several decades resulting from Arab forays into an international discussion of civil society and what these transformations tell us about the status of ideological and conceptual debates in the region The book s value however lies in its main premise despite the dearth of actual democratic practices in the Arab world intellectual elites of the region have vigorously debated reform concepts for decades Browsers emphasizes that current conflicts involving the Middle East are less about Islam against the west and its secular allies in the region and more about diverse sectors of Arab society grappling with how to reform overreaching and unjust states Browsers shows that the seeds of democratic reform in the region were well planted prior to the war on Iraq and the Greater Middle East Initiative

The Middle East and South Asia 2014 Malcolm Russell,2014-08-21 This volume is designed to place in context the passionate controversies and emotional attachments of the two billion people who live study work love and die in the Middle East and South Asia Understanding these regions means more than annually updated details of the governments politics cultures and economies of the twenty four nations and assorted territories Special chapters address significant issues of continuing international importance including access to water the role of oil and the 2011 Arab spring Both regions after all contain types of people misunderstood and often intensely disliked by others Where religion intrudes on politics the Afghan Taliban oppose educating girls Hindu fanatics rampage in India Iranian militiamen shoot demonstrators Islamic extremists impose sharia and Jewish Ultra Orthodox send women to the back of the bus readers bombarded with superficial news bites and slanted reporting might never sense the other accomplishments of these same societies Islamic charities and societies bring relief to the impoverished Israel s scholars win Nobel prizes and most Indians cherish long standing religious toleration The author of this volume attempts to let the reader draw conclusions from the evidence *Arab Liberal Thought after 1967* Meir Hatina,Christoph Schumann,2016-04-29 This volume aims at confronting the image of the Middle East as a region that is fraught with totalitarian ideologies authoritarianism and conflict It gives voice and space to other more liberal and adaptive narratives and discourses that endorse the right to dissent question the status quo and offer alternative visions for society
