Post War Friends:

Modernism, Male Friendship, and the First World War Sarah Cole, 2003-08-28 Sarah Cole examines the rich literary and cultural history of masculine intimacy in the twentieth century Cole approaches this complex and neglected topic from many perspectives as a reflection of the exceptional social power wielded by the institutions that housed and structured male bonds as a matter of closeted and thwarted homoerotics as part of the story of the First World War Cole shows that the terrain of masculine fellowship provides an important context for understanding key literary features of the modernist period She foregrounds such crucial themes as the over determined relations between imperial wanderers in Conrad's tales the broken friendships that permeate Forster's fictions Lawrence's desperate urge to make culture out of blood brotherhood and the intense bereavement of the war poet Cole argues that these dramas of compelling and often tortured male friendship have helped to define a particular spirit and voice within the literary canon

Red Friends John Sexton, 2023-02-21 The story of the friends and allies of the Chinese Revolution China's resistance to Imperial Japan was the other great internationalist cause of the red 1930s along with the Spanish Civil War These desperate and bloody struggles were personified in the lives of Norman Bethune and others who volunteered in both conflicts The story of Red Friends starts in the 1920s when encouraged by the newly formed Communist International Chinese nationalists and leftists united to fight warlords and foreign domination John Sexton has unearthed the histories of foreigners who joined the Chinese revolution He follows Comintern militants journalists spies adventurers Trotskyists and mission kids whose involvement helped and sometimes hindered China's revolutionaries Most were internationalists who while strongly identifying with China's struggle saw it as just one theatre in a world revolution The present rulers in Beijing however buoyed by China's powerhouse economy commemorate them as foreign friends who aided China's peaceful rise to great power status Founded on original research it is a stirring story of idealists struggling against the odds to found a better future The author's interviews with survivors and descendants add colour and humanity to lives both heroic and tragic

Victims of Nazi Persecution in the Channel Islands Gilly Carr, 2019-04-18 Victims of Nazi Persecution from the Channel Islands explores the fight and claims for recognition and legitimacy of those from the only part of the British Isles to be occupied during the Second World War The struggle to have resistance recognised by the local governments of the islands as a legitimate course of action during the occupation is something that still continues today Drawing on 100 compensation testimonies written in the 1960s and newly discovered archival material Gilly Carr sheds light on the experiences of British civilians from the Channel Islands in Nazi prisons and concentration camps She analyses the Foreign Office's treatment of claims from Islanders and explores why the islands local governments declined to help former political prisoners fight for compensation Finally the book asks why perceived sensitivities have stood in the way of honouring former political prisoners and resistance memory over the last 70 years in the Channel Islands The testimonies explored within this volume help to place the Channel

Islands back within European discourse on the Holocaust and the Second World War as such it will be of great importance to scholars interested in Nazi occupation persecution and post war memory both in Britain and Europe more widely *Global Security Watch—Kenya* Donovan C. Oelsner,2014-10-01 International friendship is a distinct type of interstate relationship and that as such it can contribute to capture aspects of international politics that have long remained unattended This book offers a framework for analyzing friendship in international politics by presenting a variety of conceptual approaches and empirical cases A Jew Who Defeated Nazism Ainslie Hepburn,2022-03-18 Herbert Sulzbach 1894-1985 was an influential figure in Britain and Germany who made a remarkable personal contribution to Anglo German reconciliation following the Second World War Working with German prisoners of war in Britain in camps that included fanatical Nazis he guided men of all ranks including senior officers to personal educational and cultural achievements in preparation for peace and reconciliation This graphic and moving account of an untold story shows where reconciliation and a new Germany were fostered It is also a personal and family story and a microcosm of European history Sulzbach was from an elite German Jewish banking family and educated in the ideals of the German Enlightenment In the First World War he served as a front line artillery officer with the German Imperial Army Defeat was a shattering disappointment and the economic depression ruined his business and the family banking fortunes

Sulzbach's life in Berlin with his artistic wife Beate was cushioned by wealth and the cultural life of the city but National Socialism brought this to an end and he fled with Beate to exile in England where they were interned as enemy aliens. On release Sulzbach served with the British army and found his calling as an interpreter and educator in PoW camps where his work of denazification and re-education paved the way to reconciliation. A Few Hares to Chase Alan Bollard, 2016 This is a biography of Bill Phillips famous economist and inventor. His early life was a search for adventure across the world in the 1930s and 1940s. Drawing on his own papers publications and interviews with those who knew him the book discusses Titmuss's ideas particularly those around the principles of altruism and social solidarity as well as his role in policy and academic networks at home and overseas. It is an enlightening portrait of a man who deepened our understanding of social problems as well as the policies that respond most effectively to them. **Reflections on the Revolution of Our Time** Harold Laski, 2017-07-05 Harold J Laski saw World War Two as a period of revolutionary change as profound as any in the modern history of the human race. In his view the period's inner nature was as significant in its essentials as those which saw the fall of the Roman Empire the birth in the Reformation of capitalist society or as in 1789 the final chapter in the dramatic rise of the middle class to power. All of these were not revolutions made by thinkers though some of them may have foreseen its coming but of ordinary people who shaped the large outlines of the direction of these changes. Laski held that revolutions of our time have been rooted in all that goes to give its present character to our society. We can recognize its advent and prepare for it in that event we might build a civilization richer and more secure than any of which we so far have knowledge. Or we may choose to resist its onset in which case it will appear to some future generation that our age has sought rather to sweep back the tides of the ocean than to oppose the decrees of men. The curse of our social order is its persistent inequalities. Either we must find ourselves able to co-operate in their removal or we shall move rapidly to conflict about them. Laski argues that the middle class must co-operate with workers in essential revisions as the aristocracy was wise enough to do a century ago over the Reform Bill or violent revolution will be unleashed by means that transforms the ends of either party to the conflict in view. This is the choice that lies before us. Just how accurate or wide of the mark Laski was is brilliantly articulated in the critical introduction by Sidney A Pearson Jr. Zigzag Nicholas Booth, 2017-04-06 Eddie Chapman was a womaniser blackmailer and safecracker. He was also a great hero the most remarkable double agent of the Second World War. Chapman became the only British national ever to be awarded an Iron Cross for his work for the Reich. He was also the only German spy ever to be parachuted into Britain twice. But it was all an

illusion Eddie fooled the Germans in the same way he conned his victims in civilian life He was working for the British all along Until now the full story of Eddie Chapman s extraordinary exploits has never been told thwarted by the Official Secrets Act Now at last all the evidence has been released including Eddie s M15 files and a complete account of what he achieved is told in this enthralling book **Journey to Vaja** Elaine Kalman Naves,1996 A family history that is meticulously researched rich in personal detail and an unusual resource for those seeking to build a bridge over the holocaust between the world of Pre War European Jewry and contemporary Jewish life Helen Epstein Author **British Quakerism, 1860-1920** Thomas C. Kennedy,2001 In 1860 the British Society of Friends was a peculiar inward looking sect diminishing in numbers and influence By 1920 British Quakerism theologically liberal socially active and radically pacifist emerged from a dramatic confrontation with the Warrior State possessed of economic social and moral influence out of all proportion to its still minuscule size 20 000 This carefully researched study chronicles the story of Quakerism s transformation during one of the most momentous periods in the history of the London now British Yearly Meeting of Friends *Post-War Economic Policy and Planning* United States. Dilemmas of Democracy and Dictatorship Michael Radu, The phenomenon of globalization applies to political violence as well as to more benign aspects of life. Most people in the West as well as the Third World politicians and media included are still missing this point. As a result they are failing to adapt to the new realities unlike their enemies. Dilemmas of Democracy and Dictatorship is a collection of essays Radu has published over the past decade. Some are opinion pieces others are academic articles. The topics include political violence and terrorism in general and in specific areas Latin America the Balkans Turkey Sub Saharan Africa Western and Eastern Europe. Radu discusses the causes and methods of contemporary terrorism the process of state decay in some African countries and mentalities and absurdities in Latin and Balkan politics. He also points out Western European illusions delusions and attitudes and reviews American policy and confusion in dealing with the Third World. At times the analysis is political other times military and often it is sociological or psychological. In the author's words he is always politically incorrect. The approach is multidisciplinary. What ties these disparate essays together is Radu's personal experience both as a field researcher and in a few cases as a participant in ongoing events and his personal idiosyncrasies opinions and perception of areas visited. These essays clearly demonstrate that in the face of globalization the world is not a village but a conglomerate of differences. This volume will be of particular interest to students of political violence insurgency guerrilla warfare and Third World politics journalists and policymakers. Michael S Radu is senior fellow and co chairman of the Center on Terrorism at the Foreign Policy Research Institute in Philadelphia. Educated in communist Romania and at Columbia University he has taught in the United States and South Africa. He has traveled to over forty countries doing research on local politics and political violence and has served as electoral observer in four countries including as a UN observer in Cambodia. He is the author or editor of ten books: **Annual Report of the Minister of Foreign Affairs, R.L. Liberia**. Ministry of Foreign Affairs, 1974 **The News**, 1940 *Monthly Bulletin of the Carnegie Library of Pittsburgh* Carnegie Library of Pittsburgh, 1921
