

Immigration to Post War Canada

- Life in Europe after the war did not return rapidly to normal.
- Refugees filled relocation camps as they waited for an opportunity to make new lives for themselves.
- These refugees were called "displaced persons" or derisively "DPs."
- In 1948 Canada allowed nearly 50,000 immigrants to enter the country.

Post War Immigrants In Canada:

Post-war Immigrants in Canada Anthony H. Richmond, 1967 Study of social integration of post war immigrants in Canada covers the distribution of migrant workers within the occupational structure unemployment income housing and standard of living changes in the social structure cultural factors and educational level social status and job satisfaction Motivation for migration and other psychological aspects etc Bibliography pp 307 to 314 and statistical tables The Changing Face of Canada Roderic P. Beaujot, Donald W. Kerr, 2007 Canadian society is rapidly changing This concise up to date volume masterfully captures this change Edited by two of Canada's leading demographers Roderic Beaujot and Don Kerr this book is an exciting entry in Canadian population studies drawing from a variety of disciplines including sociology geography economics history and epidemiology The Changing Face of Canada is an essential text for demography courses across the country Each reading has been meticulously edited and concisely ordered into five essential sections fertility mortality international migration domestic migration and population distribution population aging population composition Vital issues include the role of immigration in Canada's future the deteriorating economic welfare of immigrants globalization undocumented migration and unwanted refugees Aboriginal population change implications of unprecedented low fertility and the astonishing demographic transformation of Canadian cities A History of the Austrian Migration to Canada Frederick C. Engelmann, Manfred Prokop, Franz A. J. Szabo, 1996 Canadians of Austrian origin have helped define the Canadian cultural mosaic of the 20th century making important contributions to their adopted home in virtually every field from cultural and intellectual to scientific and commercial Yet they seldom appear as a definable group in the Canadian ethnic spectrum or in the literature relating to it This threshold publication is one of two to emerge from an interdisciplinary research project undertaken during 1994 and 1995 to commemorate the millennium of Austria in 1996 The first major study in any language of Austrian migration to Canada it documents the whole Austrian immigrant experience combining new archival research extensive personal interviews conducted across Canada and a nation wide survey of Austrian Canadians Nine scholars from Austria and Canada bring together the diverse themes of this complex experience their work recounts the history of the some 70 000 Austrian migrants and refugees who have found their place in the Canadian family tree The companion to this volume is entitled Austrian Immigration to Canada Selected Essays **Canada and Immigration** Freda Hawkins, 1988 Canada and Immigration is a portrait of Canadian immigration since the end of the Second World War It is an important record and analysis of immigration policies laws and methods of management during this period as well as an account of the attitudes and beliefs of the politicians and officials who developed and managed this area of public policy It is the first study to consider all aspects of Canadian immigration and pays as much attention to management and the problems facing immigration managers as it does to immigration policy and policy makers Some Factors Influencing Postwar Emigration from the Netherlands W. Petersen, 2012-12-06 As Mr Petersen points out in this study since the war there has

been a very strong belief in the Netherlands that emigration is necessary Even those who never before occupied themselves with these matters now speak of the large natural increase the overpopulation and the lack of opportunities in the Netherlands Thousands are considering the possibility of leaving their home land and creating a new existence for themselves overseas It is a mistake to suppose however that these ideas stem from the special demographic and economic conditions that arose in the Netherlands since the war the opposite is the case From this point of view there has never been less reason for emigrating during the past decades than in these postwar years As far as the demographic situation is concerned by 1930 the natural increase had decreased markedly as compared with the preceding decades so that the number of young persons entering the labor market after the war has been relatively small On the other hand there have been more openings in industry and in other sectors of the economy than ever before so that unemployment pretty much disappeared Only in 1951 did it again become at all significant

Canadian Immigration and South Asian Immigrants

Abdur Rahim, 2014-09-19 South Asian immigrants have made a significant contribution to the Canadian mosaic However their trials and tribulations and their successes and failures constitute a story that remains untold To know of their arrivals their struggles to beat the odds as well as their successes is to read a story of hard work of tireless effort to make it of the commitment to belong and of ultimate success This process not only reshaped them from who they were to who they are now but also reshaped Canada that we know today Their influence can be felt in the arts and sciences the humanities and in politics community works and in social services This book is an attempt to understand the what and how of that unfolding process and also to know the real concerns about the conditions of Canada's ethnic minority population South Asian Canadians and their children in particular

Materials Prior to the Second World War Canada's Jewish community was well established in many cities including Toronto Montreal and Winnipeg As war grew closer anti-Semitism across Europe was increasing Hitler's Nazis were spreading hatred and violence towards Jews across Germany At first Jews were allowed to leave Germany and thousands escaped to save themselves and their families Then countries around the world closed their doors to Jewish refugees In 1939 the MS St Louis sailed for Cuba with nearly a thousand Jewish men women and children looking for safety They were turned away by Cuba then the US The ship sailed on to Canada Despite pleas from the Canadian Jewish community the government refused to allow the passengers to land in Canada After war broke out Canada continued to refuse Jewish refugees entry When Britain forced Canada to take some refugees in Canada imprisoned them in internment camps alongside Nazis Some of these Jewish refugees were only teenagers Three years after the war ended and after the horrors of the Holocaust were universally known Canada finally changed immigration policies and began to accept Jews equally with other immigrants Canada's long history of anti-Semitic immigration policies was deemed shameful In November 2018 Prime Minister Justin Trudeau made an official apology to the Jewish community for Canada's refusal to accept the passengers of the MS St Louis as well as for its historical anti-Semitic policies This title is also available in immersion French *L'antisémitisme et le MS Saint Louis* ISBN 9781459419735

The Least Possible Fuss and Publicity Paul A. Evans, 2021-06-15 Over the two decades following the Second World War the policy that would create a nation of immigrants as Canadian multiculturalism is now widely understood was debated drafted and implemented The established narrative of postwar immigration policy as a tepid mixture of altruism and national self interest does not fully explain the complex process of policy transformation during that period In *The Least Possible Fuss and Publicity* Paul Evans recounts changes to Canada's postwar immigration policy and the events ideas and individuals that propelled that change Through extensive primary research in the archives of federal departments and the parliamentary record together with contemporary media coverage the correspondence of politicians and policy makers and the statutes that set immigration policy Evans reconstructs the formation of a modern immigration bureaucracy the resistance to reform from within and the influence of racism and international events He shows that political concerns remained uppermost in the minds of policy makers and those concerns more than economic or social factors provided the major impetus to change In stark contrast to today legislators and politicians strove to keep the evolution of the national immigration strategy out of the public eye University of Toronto law professor W G Friedmann remarked in a 1952 edition of *Saturday Night In Canada* both the government and the people have so far preferred to let this immigration business develop with the least possible fuss and publicity This is the story told largely in their own words of politicians and policy makers who resisted change and others who saw the future and seized upon it *The Least Possible Fuss and Publicity* is a clear account of how postwar immigration policy transformed gradually opening the border to groups who sought to make Canada home
