

Post Watergate Morality

Jeffrey C. Alexander

Post Watergate Morality:

Post-Watergate Morality Lester A. Sobel, 1978 **The Muckrakers** Louis Filler, 1993 This edition of Louis Filler's classic account carries the muckraking tradition through World War II McCarthyism the civil rights movement Korea Vietnam Ralph Nader and Watergate **Morality and Foreign Policy** Kenneth W. Thompson, 1982-02-01 Kenneth W. Thompson admits that moral pronouncements and human conduct are often widely separated particularly in international events In order to balance harmony and disharmony world and self interests nations observe moral principles less rigidly than do smaller communities To understand how the separation between pronouncements and conduct widens in matters of foreign policy Thompson candidly faces such issues as the harsh decisions that countries must make the need for hypocrisy and the resulting self righteousness *Morality and Foreign Policy* looks at the assumptions and principles that underlie historic debates about the ethics of foreign policy Tracing decisions in policy from the 1800s to the present Thompson views his subject from an American perspective but also concentrates on diverse international contexts in which decisions are made Thompson cautiously maintains his balance on the fine wire between speaking up for America and embarking on an ideological crusade He provides such examples from current events as the Bay of Pigs in Cuba and the East West Cold War to show how easily one can fall on one side or the other He contrasts the problem of order in America and the Third World and shows how the latter's is weighted by a special urgency protest and antithesis to the democratic process For Kenneth Thompson American moral reasoning is a practical alternative to abstract moralism or hopeless cynicism and he holds up this principle as a challenge not only to other countries but also to America itself **The Meanings of Social Life** Jeffrey C. Alexander, 2003-09-18 In *The Meanings of Social Life* Jeffrey Alexander presents a new approach to how culture works in contemporary societies Exposing our everyday myths and narratives in a series of empirical studies that range from Watergate to the Holocaust he shows how these unseen yet potent cultural structures translate into concrete actions and institutions Only when these deep patterns of meaning are revealed Alexander argues can we understand the stubborn staying power of violence and degradation but also the steady persistence of hope By understanding the darker structures that restrict our imagination we can seek to transform them By recognizing the culture structures that sustain hope we can allow our idealistic imaginations to gain more traction in the world A work that will transform the way that sociologists think about culture and the social world this book confirms Jeffrey Alexander's reputation as one of the major social theorists of our day *Morality USA* Ellen G. Friedman, 1998 In today's world moral uncertainty is found everywhere *MORALITY USA* calls for recognition of the multiplicity of moral structures that now exist and argues that we need to rethink our concepts of morality Controversial comprehensive engaging and timely *MORALITY USA* is sure to spark debate and contemplation across political and social spectrums 23 photos **Fifty Years Among the New Words** John Algeo, Adele S. Algeo, 1991 This book first published in 1992 is a unique repository of language use from 1941-91 **Instilling Ethics** Norma Thompson, 2000

Fifteen essays presented by Thompson political science Yale U Explore both historical and contemporary issues of ethics mostly in the political and social sphere After separate treatments of the ethical thinking of Aristotle Cicero Machiavelli Rousseau Kant Nietzsche and others the final third of the essays discuss such issues as the failure of ethics in American government ethical considerations of information technology and the paradox of trying to establish societal notions of right and wrong on individual judgements of ethics Annotation copyrighted by Book News Inc Portland OR Legality, Morality, and Ethics in Criminal Justice Nicholas N. Kittrie, Jackwell Susman, 1979 **After Columbus** James Axtell, 1988 This collection of essays including four previously unpublished by one of our leading ethnohistorians examines a wide range of important and fascinating topics and will serve as an invaluable reader for students of ethnohistory and Native American history **Durkheimian Sociology** Jeffrey C. Alexander, 1990-09-13 The classic works of Emile Durkheim are characterized by a structural approach to the understanding of collective behaviour and it is this element of his writings that has been most taken up by modern social science This volume however rejects the dominant structural approach and draws instead on Durkheim's later work in which he shifted to a symbolic theory of modern industrial societies that emphasized the importance of ritual and placed the tension between the sacred and the profane at the center of society In so doing the contributors offer both a radically different approach to Durkheimian sociology and a new way of linking the interpretation of culture and the interpretation of society In his introduction to the volume Jeffrey Alexander elaborates the new interpretation of Durkheim that informs the contributions His arguments form a background for the lively and provocative chapters that follow which provide broadly cultural interpretations of such topics as popular upheavals and social movements ranging from the French Revolution to the massive rebellions in Poland and Nicaragua in the 1980s political crisis from Watergate to the crisis of legitimation in contemporary capitalism and the creative and contingent element in symbolic behaviour including the symbolics of intimate friendship and the ritual and rhetoric of media events In addition to re-examining Durkheimian sociology the essays also demolish the myth that attention to cultural values implies conservatism or the inability to analyze social change and challenge the common antithesis between normative theory and microsociology Its exploration of the links between Durkheimian sociology and the most important developments in contemporary sociology history anthropology and semiotics will ensure it a broad appeal across the social sciences **Power, Politics, and the Decline of the Civil Rights Movement** Christopher P. Lehman, 2014-07-29 The book examines how the coalition among the national African American civil rights organizations disintegrated between 1967 and 1973 as a result of the factionalism that splintered the groups from within as well as the federal government's sabotage of the Civil Rights Movement Focusing on four major civil rights groups Power Politics and the Decline of the Civil Rights Movement A Fragile Coalition 1967-1973 documents how factions within the movement and sabotage from the federal government led to the gradual splintering of the Civil Rights Movement Well known historian Christopher P. Lehman builds his case convincingly utilizing his original research on the Movement's later

years a period typically overlooked and unexamined in the existing literature on the Movement The book identifies how each civil rights group challenged poverty violence and discrimination differently from one another and describes how the federal government intentionally undermined civil rights organizations efforts It also shows how civil rights activists gravitated to political careers explains the rising prominence of civil rights speakers to the Movement in the absence of political organizing by civil rights groups and documents the Movement s influence upon Richard Nixon s presidency

Nomination of Nelson A. Rockefeller of New York to be Vice President of the United States United States. Congress. Senate. Committee on Rules and Administration,1974

Nomination of Nelson A. Rockefeller of New York to be Vice President of the United States United States. Congress. Senate. Rules and Administrations Committee,1974

New York Magazine ,1974-02-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Religion's Power Robert Wuthnow,2023 Religion s Power investigates the power dynamics in religious rituals discourse institutions identities and politics paying special attention to gender sexuality and race

Ethical Life Harry Redner,2001 Australian philosopher of science Redner argues that cultural life consists of three fundamental aspects representation ethos and technics This is the second of four volumes setting out a comprehensive theory of human culture The first is A New Science of Representation the third and companion to the second will be Aesthetic Life and the third will be The Triumph of Technics His conclusion at the end of the series is that the contemporary global culture is a triumph of technics over representation and ethos c Book News Inc

The Managerial Presidency James P. Pfiffner,1999 As the scope and size of the U S government has expanded the importance of good management to the success of a presidency has also increased Although good management cannot guarantee political or policy success poor management can certainly undermine good policy and political efforts In this second edition of The Managerial Presidency James P Pfiffner brings together both classic analyses and more recent treatments of managerial issues that affect the presidency Some of the foremost presidency scholars have contributed to this volume including Richard Neustadt Charles O Jones Hugh Heclo George Edwards and Louis Fisher This second edition includes more recent scholarship by Roger Porter Steven Kelman Peri Arnold and Ronald Moe The focus of this collection is the extent to which presidents can exercise control over the executive branch bureaucracies and whether it is wise for them to exert that control Part one deals with the question of how to organize the White House staff If this organizational problem is not resolved solving the broader problems of organization and policy will be that much more difficult Part two addresses the question of how much control presidents should exert over the departments and agencies of the executive branch and how the White House staff and other political appointees relate to

career civil servants The final section examines presidential managerial reform efforts and the congressional role in managing the government Although the contributors to this collection do not all agree on how the presidency should be managed there is surprising consensus on which questions ought to be asked The analyses addressing those questions will be of interest to students and scholars of the modern presidency as well as those interested in executive leadership and public administration

Handbook of Organization Management W. B. Eddy, 1983-08-25 First published in 1983 Routledge is an imprint of Taylor Francis an informa company

[Investigation of Korean-American Relations](#) United States. Congress. House. Committee on International Relations. Subcommittee on International Organizations, 1978

Lawyers and the Rule of Law Andrew Boon, 2022-10-20 This book examines lawyers contributions to creating and maintaining the rule of law one of the pillars of a liberal democracy It moves from the European Enlightenment to the modern day exploring the role of judges government lawyers and private practitioners in creating defining and being defined by the demands of modern society The book is divided into 4 parts representing the big themes The first part considers lawyers contribution to the growth of constitutionalism the second the formulation of roles and identities and the third the formation of values The fourth part focuses on the challenges faced by lawyers and the rule of law in the past 50 years the neoliberal period and how they challenge both conceptions of lawyers and the rule of law Each part is illustrated by defining events from the execution of Charles I through the Nuremberg Trials to the insurrection by supporters of Donald Trump in January 2021 Although the focus is on England and Wales parallel developments in other jurisdictions Australia Canada New Zealand and the USA are considered This allows analysis of lawyers historical and contemporary engagement with the rule of law in jurisdictional systems based on the Common Law Each chapter is thematic but the passage through the book is broadly chronological
