Postal Propaganda Of The Third Reich:

Postal Propaganda of the Third Reich Albert Lawrence Moore, 2003 Nearly sixty years after the end of World War II the Third Reich continues to fascinate both authors and readers Nazi propaganda in particular has been the topic of countless books as have the personalities involved in the German propaganda machine Yet despite all of the efforts in this regard one aspect of that propaganda study has remained largely unexamined It is the regimes use of postal materials as a tool for expressing its propaganda message In this new profusely illustrated book Albert L Moore offers readers an overview of the images and messages that filled the mailboxes of Hitlers subjects and victims As official documents of Nazi Germany the stamps postcards and even postmarks used during the time provide the reader with an explicit picture of the types of propaganda messages every German was expected to see and act upon on a daily basis Moores groundbreaking work helps us to better understand this powerful yet heretofore unrecognized weapon in Hitlers propaganda arsenal This is not merely a book for those interested in stamps or postcards as collectibles it is a book for those who desire to better understand what it was like to live inside the Third Reich

Yardley, 2015-02-09 For approaching two centuries the images on postage stamps have been used to convey messages from the government of the day to the general public Science has been used to enhance those messages for the past nine decades In this book I explore the ways in which science and scientists have been portrayed on stamps and look at the ideas and in some cases the propaganda that underpins them Page 1 *New Images of Nazi Germany*, 2012-09-26 With its battlefields paved over and its bunkers crumbled the Third Reich of Nazi Germany nevertheless lives on in countless photographs that record an era of extraordinary brutality This collection of more than 500 photographs taken by amateurs and professional propagandists provides a panoramic overview of Nazi Germany offering intimate glimpses into living rooms and killing grounds kitchens and concentration camps movie theaters and battle fronts The explanatory text explores the context of the images Together these photographs most never before seen create a time capsule capturing the faces of Hitler s soldier s as well as those who suffered under the Nazi
