The Babylonian Planet Sonja Neef, 2021-11-04 What is astro culture In *The Babylonian Planet* it is unfolded as an aesthetic an idea a field of study a position and a practice It helps to engineer the shift from a world view that is segregated to one that is integrated from global to planetary from distance to intimacy and where closeness and cosmic distance live side by side In this tour de force Sonja Neef takes her cue from Edouard Glissant's vision of multilingualism and reignites the myth of the Tower of Babel to anticipate new forms of cultural encounter For her Babel is an organic construction site at which she fuses theoretical analysis and case studies of artists writers and thinkers like William Kentridge Orhan Pamuk and Immanuel Kant Her skilful interrogations then allow her to paint a portrait of art and culture that abolishes the horizon as a

barrier to vision and reclaims it as a place of contact and relation By combining the Babylonian concept of the encounter and the planetary concept of the whole earth Neef creates a space an astro culture in which she can examine topics as varied as language translation media modernity migration and the moon In doing so she instigates a renewed cultural understanding receptive to the kinder forms of cultural encounter and globalisation she hopes will come [Peekaboo Planet](#) Pat Brady,Don Wimmer,2009-09-15 This Rose is Rose comic strip collection stars the charming Gumbo family in a fantastical world all their own The art combines dreams and reality as the stars live out their lives in sweeping fashion and the artwork begs to be cherished and collected Peekaboo Planet is a fantastic collection of Rose is Rose cartoons that gives readers another fun peek into the hilarity of the Gumbo family Rose Jimbo Pasquale and of course the family kitten Peekaboo are at it again in a full color collection of strips From backyard blow up swimming pools pilates to the fishing pole that got away Rose is Rose is always good for a laugh [Postcards from the Anthropocene](#).
