The Post Card Jacques Derrida, 2020-10-28 17 November 1979 You were reading a somewhat retro loveletter the last in history But you have not yet received it Yes its lack or excess of address prepares it to fall into all hands a post card an open letter in which the secret appears but indecipherably What does a post card want to say to you On what conditions is it possible Its destination traverses you you no longer know who you are At the very instant when from its address it interpellates you uniquely you instead of reaching you it divides you or sets you aside occasionally overlooks you And you love and you do not love it makes of you what you wish it takes you it leaves you it gives you On the other side of the card look a proposition is made to you S and p Socrates and plato For once the former seems to write and with his other hand he is even scratching But what is Plato doing with his outstretched finger in his back While you occupy yourself with turning it around in every direction it is the picture that turns you around like a letter in advance it deciphers you it preoccupies space it procures your words and gestures all the bodies that you believe you invent in order to determine its outline You find yourself you yourself on its path The thick support of the card a book heavy and light is also the specter of this scene the analysis between Socrates and Plato on the program of several others Like the soothsayer a fortune telling book watches over and speculates on that which must happen on what it indeed might mean to happen to arrive to have to happen or arrive to let or to make happen or arrive to destine to address to send to legate to inherit etc if it all still signifies between here and there the near and the far da und fort the one or the other You situate the subject of the book between the posts and the analytic movement the pleasure principle and the history of telecommunications the post card and the purloined letter in a word the transference from Socrates to Freud and beyond This satire of epistolary literature had to be farci stuffed with addresses postal codes crypted missives anonymous letters all of it confided to so many modes genres and tones In it I also abuse dates signatures titles or references language itself J D With The Post Card as with Glas Derrida appears more as writer than as philosopher Or we could say that here in what is in part a mock epistolary novel the long section is called Envois roughly dispatches he stages his writing more overtly than in the scholarly works The Post Card also contains a series of self reflective essays largely focused on Freud in which Derrida is beautifully lucid and direct Alexander Gelley Library Going Postcard Vincent W.J. van Gerven Oei, 2017-05-15 In 1980 Jacques Derrida published La carte postale De Iournal Socrate Freud et au del At the occasion of the 30th anniversary of the English translation Going Postcard The Letter's of Jacques Derrida revisits this seminal work in Derrida's oeuvre Derrida himself described The Post Card in his preface as the remainders of a destroyed correspondence stretching from 1977 to 1979 A cryptic text it is riddled with gaps word plays and a meandering analysis of the interface between philosophy and psychoanalysis The contributors who offered the fourteen

essays gathered in Going Postcard were each provided with a deceptively simple task to write a gloss to a fragment from the first part of The Post Card Envois The result is a prismatic array of commentaries excursions and interpretations that take Derrida to the letter The different glosses on lemmas such as genre erasure telepathy philately and sperm transport The Post Card into the twenty first century and offer a correspondence if fragmentary with Derrida s work and the work to come

Subject Guide to Books ,1924 Contents v 1 History travel description The Librarian and Book World, 1925 Compositional Subjects Hyun Yi Kang, 2002-06-19 Traces the way Asian American women have been represented in film Official Gazette of the United States Patent and Trademark Office ,2002 literature and political economy **History of the Passenger Liner** Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting

Holliston Dennis Cuddy, Paul Guidi, and Joanne Hulbert, 2013 From the town's incorporation in 1724 early settlers were drawn to verdant meadows with pleasant landscapes of forest pond and gentle hills. As the centuries unfolded Holliston was transformed from its humble days as a farming community to the glorious days of the thriving shoe industry and straw hat factories. The postcards from a century ago show views of Holliston that still look familiar today Locally owned shops boutiques and antique galleries continue to decorate the town square Scenic Washington Street is lined with the lovingly maintained Colonial era homes and large steeples can be seen atop the old churches. The town's dedication to preserving its historic charm has made Holliston an appealing home for over 13 000 people today.
