Postcolonial Biblical Criticism Interdisciplinary Intersections:

Postcolonial Biblical Criticism Fernando F. Segovia, Stephen D. Moore, 2006-12-14 Postcolonial studies has recently made significant inroads into biblical studies giving rise to numerous conference papers articles essays and books Postcolonial Biblical Criticism is the most in depth and multifaceted introduction to this emerging field to date It probes postcolonial biblical criticism from a number of different but interrelated angles in order to bring it into as sharp a focus as possible so that its promise and potential pitfalls can be better appreciated This volume carefully positions postcolonial biblical criticism in relation to other important political and theoretical currents in contemporary biblical studies feminism racial ethnic studies poststructuralism and Marxism Alternating between hermeneutical and exegetical reflection the essays cumulatively isolate and evaluate the definitive features of postcolonial biblical criticism Such a mapping of postcolonial biblical criticism as a whole has never before been undertaken in such explicit and detailed terms The contributors include Roland Boer Laura E Donaldson David Jobling Tat siong Benny Liew Stephen D Moore and Fernando F Segovia **The Oxford Handbook of Postcolonial Biblical Criticism** R. S. Sugirtharajah, 2023 The Oxford Handbook of Postcolonial Biblical Criticism is a comprehensive treatment of a relatively new form of scholarship Generally speaking postcolonialism aims to critique and dismantle hegemonic worldviews and power structures while giving voice to previously marginalized peoples and systems of thought This approach has inevitably engaged with the text and reception of the Bible a scripture that Western colonizers introduced to and often imposed upon their colonial subjects With a globally diverse list of contributors the Handbook aims to cover the perspective and context of the authors of the Bible as well as the modern experiences of imperialism resistance decolonization and nationalism **Postcolonial Biblical Interpretation** Jeremy Punt, 2015-01-08 In Postcolonial Biblical Interpretation Jeremy Punt reflects on the nature and value of the postcolonial hermeneutical approach as it relates to the interpretation of biblical and in particular Pauline texts Showing when a socio politically engaged reading becomes postcolonial but also what in the term postcolonial both attracts and also creates distance exegesis from a postcolonial perspective is profiled The book indicates possible avenues in how postcolonial work can be helpful theoretically to the guild of biblical scholars and to show also how it can be practiced in exegetical work done on biblical texts *All God's Creatures* Daniel P. Horan, 2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as *All God's Creatures* argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval of the medieval Franciscan theological and

philosophical tradition The result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation Using Our Outside Voice Greg Carey,2020-05-05 In Using Our Outside Voice Greg Carey contends that

responsible public biblical interpretation requires the ability to enter a conversation about the Bible to understand the various arguments in play and to offer informed opinions that others can understand This role demands not only basic knowledge but also identifiable skills habits and dispositions Carey does not suggest that public interpreters of the Bible are more insightful or more correct than are other people But public biblical interpretation involves participating in reasoned conversations about the Bible and its significance People appeal to the Bible for all sorts of reasons The work of public biblical interpretation involves a level of accountability both scholarly and moral Carey encourages interpreters to develop proficiency in historical cultural and literary modes of interpretation as well as to cultivate familiarity with a broad range of interpretive options including those from diverse cultural locations and historical points of view Many interpreters work within the context of particular faith traditions and are accountable for engaging those traditions in meaningful constructive ways Public interpreters also are accountable for the ethical implications of their work Using Our Outside Voice is ideal for students in biblical studies and those who teach preach and interpret the Bible Exegesis in the Making Anna

Runesson,2010-12-07 Known for its fresh approaches as well as for its complex theoretical foundations postcolonial studies is one of the most dynamic contributions to the field of biblical studies today The present book is a pedagogically structured introduction to this emerging field for both scholar and student **Literary Theory and the New Testament** Michal Beth

Dinkler,2019-11-26 A comprehensive case for a fresh literary approach to the New Testament For at least a half century scholars have been adopting literary approaches to the New Testament inspired by certain branches of literary criticism and theory In this important and illuminating work Michal Beth Dinkler uses contemporary literary theory to enhance our understanding and interpretation of the New Testament texts Dinkler provides an integrated approach to the relation between literary theory and biblical interpretation employing a wide range of practical theories and methods This indispensable work engages foundational concepts and figures the historical contexts of various theoretical approaches and ongoing literary scholarship into the twenty first century In Literary Theory and the New Testament Dinkler assesses previous literary treatments of the New Testament and calls for a new phase of nuanced thinking about New Testament texts as both ancient and literary *Representatives of Roman Rule* Joshua Yoder,2014-11-10 Luke Acts contains a wealth of

material that is relevant to politics and the relationship between Jesus and his followers and the Roman Empire becomes an issue at a number of points The author s fundamental attitude toward Rome is hard to discern however The complexity of Luke s task as both a creative writer and a mediator of received tradition and perhaps as well the author s own ambivalence have left conflicting evidence in the narrative Scholarly treatments of the issue have tended to survey in a relatively short

scope a great amount of material with different degrees of relevance to the question and representing different proportions of authorial contribution and traditional material This book attempts to make a contribution to the discussion by narrowing the focus to Luke's depiction of the Roman provincial governors in his narrative interpreted in terms of his Greco Roman literary context Luke's portraits of Roman governors can be seen to invoke expectations and concerns that were common in the literary context By these standards Luke's portrait of these Roman authority figures is relatively critical and demonstrates his preoccupation with Rome's judgment of the Christians more than a desire to commend Roman rule

Postcolonialism and the Hebrew Bible: The Next Step, 2013-08-11 This volume returns to where initial interest in postcolonial biblical criticism began the Hebrew Bible It does so not to celebrate the significant achievements of postcolonial analysis over the last few decades but to ask what the next step might be In these essays established and newer scholars many from the interstices of global scholarship discuss specific texts neo post colonial situations and theoretical issues Moving from the Caribbean to Greenland from Ezra Nehemiah to the Gibeonites this collection seeks out new territory new questions and possibly some new answers The contributors are Roland Boer Steed Davidson Richard Horsley Uriah Y Kim Judith McKinlay Johnny Miles Althea Spencer Miller Leo Perdue Christina Petterson Joerg Rieger and Gerald West Living as Wheat Among Weeds Marilyn O. Flower, 2022-07-25 This book a rebirth of Flower's master's thesis The Woman Clothed with the Sun with the Moon under Her Feet A Postcolonial African Western Contextual Discussion of Revelation 12 published in 2010 employs an interdisciplinary approach to contrast African and Western Christianity African and Western beliefs and practices compared using Revelation 12 vary significantly in some areas The study of these differences illuminates the hope found in Christianity which radiates from the grace of God and Christ's command for Christians everywhere to love one another

Dalit Theology, Boundary Crossings and Liberation in India Jobymon Skaria, 2022-11-03 Jobymon Skaria an Indian St Thomas Christian Scholar offers a critique of Indian Christian theology and suggests that constructive dialogues between Biblical and dissenting Dalit voices such as Chokhamela Karmamela Ravidas Kabir Nandanar and Narayana Guru could set right the imbalance within Dalit theology and could establish dialogical partnerships between Dalit Theologians non Dalit Christians and Syrian Christians Drawing on Biblical and socio historical resources this book examines a radical yet overlooked aspect of Dalit cultural and religious history which would empower the Dalits in their everyday existences

Introduction to the Hebrew Bible John J. Collins, 2025-05-06 John J Collins's Introduction to the Hebrew Bible is one of the most reliable and widely adopted critical textbooks at undergraduate and graduate levels alike and for good reason Enriched by decades of classroom teaching it is aimed explicitly at motivated students regardless of their previous exposure to the Bible or faith commitments The approach is ecumenical in the sense that it seeks not to impose any particular theological perspective but to provide information and raise questions that should be relevant to any student Collins proceeds through the canon of the Old Testament and the Apocrypha judiciously presenting the current state of historical

archaeological and literary understanding of the biblical text and engaging the student in questions of significance and interpretation for the contemporary world The fourth edition is supplemented in areas that go beyond historical criticism and answer questions crucial for students today John J Collins discusses the issues that arise when studying the Hebrew Bible that aren't always addressed in introductory textbooks The issues discussed include gender patriarchy social justice violence race and ethnicity environment salvation and death the messiah and colonialism In addition to the new essays John J Collins has updated bibliographies to include the most recent scholarship that students and professors need to know

Toward Decentering the New Testament Mitzi J. Apocalypse Against Empire Anthea Portier-Young, 2014-01-09 The year 167 B C E marked the beginning of a period of intense persecution for the people of Judea as Seleucid emperor Antiochus IV Epiphanes attempted forcibly and brutally to eradicate traditional Jewish religious practices In Apocalypse against Empire Anthea Portier Young reconstructs the historical events and key players in this traumatic episode in Jewish history and provides a sophisticated treatment of resistance in early Judaism Building on a solid contextual foundation Portier Young argues that the first Jewish apocalypses emerged as a literature of resistance to Hellenistic imperial rule In particular Portier Young contends the book of Daniel the Apocalypse of Weeks and the Book of Dreams were written to supply an oppressed people with a potent antidote to the destructive propaganda of the empire renewing their faith in the God of the covenant and answering state terror with radical visions of hope

The Alter-Imperial Paradigm Shane J. Wood, 2015-10-27 Many assume the book of Revelation is merely an anti imperial attack on the Roman Empire Yet Shane J Wood argues this conclusion over exaggerates Rome s significance and thus misses Revelation s true target the construction of the alter empire through the destruction of the preeminent adversary Satan Applying insights from Postcolonial criticism and Examinations of Dominance this monograph challenges trajectories of New Testament Empire Studies by developing an Alter Imperial paradigm that appreciates the complexities between the sovereign s and subject s of a society beyond simply rebellion or acquiescence Shane J Wood analyses Roman propaganda Jewish interaction with the Flavians and Domitianic persecution to interpret Satan s release Rev 20 1 10 as the climax of God s triumphal procession Thus Rome provides the imagery Eden provides the target
