Poster Art From The Golden Age Of Mexica:

Poster art from the golden age of Mexican cinema , **Posters from the Golden Age of Mexican Cinema** Rupert Garcia,1979 **Mexican Melodrama** Elena Lahr-Vivaz,2016-10-18 In Mexican Melodrama Elena Lahr Vivaz explores the compelling ways that new wave Mexican directors use the tropes and themes of Golden Age films to denounce the excesses of a nation characterized as a fragmented and fictitious construct Analyzing big hits and quiet successes of both Golden Age and new wave cinema the author offers in each chapter a comparative reading of films from the two eras considering for instance Amores perros Love s a Bitch Alejandro Gonz lez I rritu 2000 alongside Nosotros los pobres We the Poor Ismael Rodr guez 1947 Through such readings Lahr Vivaz examines how new wave directors draw from a previous generation to produce meaning in the present Mexico s Golden Age of film the period from the 1930s to the 1950s is considered golden due to both the prestige of the era s stars and the critical and popular success of the films released Golden Age directors often turned to the tropes of melodrama and allegory to offer spectators an image of an idealized Mexico and to spur the formation of a spectatorship united through shared tears and laughter In contrast Lahr Vivaz demonstrates that new wave directors of the 1990s and 2000s use the melodramatic mode to present a vision of fragmentation and to open a space for critical resistance In so doing new wave directors highlight the limitations rather than the possibilities of a unified spectatorship and point to the need for spectators to assume a critical stance in the face of the exigencies of the present Written in an accessible style Mexican Melodrama offers a timely comparative analysis of critically acclaimed films that will serve as key referents in discussions of Mexican cinema for years to come **Iconic Mexico** Eric Zolov,2015-08-26 Going far beyond basic historical information this two volume work examines the deep roots of Mexican culture and their meaning to modern Mexico In this book readers will find rich in depth treatments by renowned as well as up and coming scholars on the most iconic people places social movements and cultural manifestations including food dress film and music that have given shape and meaning to modern Mexico and its people Presenting authoritative information written by scholars in a format that is easily accessible to general audiences this book serves as a useful and thorough reference tool for all readers This work combines extensive historical treatment accompanied by illuminating and fresh analysis that will appeal to readers of all levels from those just exploring the concept of Mexico to those already familiar with Mexico and Latin America Each entry functions as a portal into Mexican history culture and politics while also showing how cultural phenomena have transformed over the years and continue to resonate into today **The Mexican Masked Wrestler and Monster Filmography** Robert Michael "Bobb" Cotter,2015-06-14 Any on screen schmuck can take down a wolfman with a silver bullet It takes a certain kind of hero to hoist that wolfman overhead into an airplane spin follow with a body slam drop an atomic elbow across his mangy neck leg lock him until he howls and pin his furry back to the mat for a three count It takes a Mexican masked wrestler Add a few half naked vampire women Aztec mummies mad scientists evil midgets from space and a goateed

Frankenstein monster and you have just some of the elements of Mexican masked wrestler and monster movies certainly among the most bizarre surreal and imaginative films ever produced This filmography features some of the oddest cinematic showdowns ever concocted Mexican masked wrestlers battling monsters evil geniuses and other ne'er-do-wells be it in caves cobwebbed castles or in the ring From the 1950s to the 1970s these movies were staples of Mexican cinema combining action horror sex science fiction and comedy into a bizarre amalgam aimed to please the whole family Chapters examine the roots of the phenomenon including the hugely popular masked wrestling scene and the classic Universal horror films from which Mexican filmmakers stole without compunction Subsequent chapters focus on El Santo Blue Demon and Mil Mascaras the three most prominent masked wrestlers wrestling women other less prominent masked wrestlers and the insane mish-mash of monsters pitted against the heroes Each chapter includes background information and a full filmography and a wide assortment of striking illustrations posters lobby cards and other graphic material some better than the movies they advertised accompany the text

Mexican Cinema Carl J. Mora, 2015-05-07 Mexican filmmaking is traced from its early beginnings in 1896 to the present in this book Of particular interest are the great changes from 1990 to 2004 the confluence of talented and dedicated filmmakers important changes in Mexican cinematic infrastructure and significant social and cultural transformations From Nicolas Echevarria's *Cabeza de Vaca* 1991 to the 1992 releases of *Hellboy* director Guillermo del Toro's *Cronos* and Alfonso Arau's *Como agua para chocolate* to Alfonso Cuarón's *Y tu mamá también* 2001 this work provides a close look at Mexican films that received international commercial success and critical acclaim and put Mexico on the cinematic world map Arranged chronologically this edition originally published in 2005 covers the entire scope of Mexican cinema The main films and their directors are discussed together with the political social and economic contexts of the times

Mexicanos, Second Edition Manuel G. Gonzales, 2009-08-20 Newly revised and updated *Mexicanos* tells the rich and vibrant story of Mexicans in the United States Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States Shaped by their Indian and Spanish ancestors deeply influenced by Catholicism and tempered by an often difficult existence Mexicans continue to play an important role in U.S. society even as the dominant Anglo culture strives to assimilate them Thorough and balanced *Mexicanos* makes a valuable contribution to the understanding of the Mexican population of the United States a growing minority who are a vital presence in 21st century America

Contemporary Latin American Cultural Studies Stephen Hart, Richard A. Young, 2014-02-24 *Contemporary Latin American Cultural Studies* is a collection of new essays by recognised experts from around the world on various aspects of the new discipline of Latin American cultural studies Essays are grouped in five distinct but interconnected sections focusing respectively on I the theory of Latin American cultural studies II the icons of culture III culture as a commodity IV culture as a site of resistance and V everyday cultural practices The essays range across a wide

gamut of theories about Latin American culture some for example analyse the role that ideas about the nation and national icons have played in the formation of a sense of identity in Latin America while others focus on the resonance underlying cultural practices as diverse as football in Argentina TV in Uruguay cinema in Brazil and the bolero and soaps of modern day Mexico Contemporary Latin American Cultural Studies has an introduction setting the ideas explored in each section in their proper context The essays are written in jargon free English all Spanish terms have been translated into English and are supplemented by a concluding section with suggestions for further reading [Intersected Identities](#) Erica Segre,2007-05-01 There has always been an important visual element to the construction and questioning of national identity in post Independence Mexico though one that has not always been given its due outside of the celebrated and much studied muralists Ranging from the early nineteenth century to the present from the vogue for the picturesque illustrated periodicals and the influential writings of Altamirano to a wealth of twentieth century graphic artists filmmakers and photographers this book re examines the complex variety of ways in which that visual element has operated In particular it looks at the ways in which discourses concerning ethnicity and cultural hybridity have been echoed and transformed in Mexican visual culture resulting in fields of visual discourse which are eclectic and increasingly self reflexive [Crowding Out Latinos](#) Marco Portales,2010-06-17 A provocative study of Latino education media representation and Chicano literature [Cantinflas and the Chaos of Mexican Modernity](#) Jeffrey M. Pilcher,2001 Why was Cantinflas actor Mario Moreno s film persona the most popular movie star in Mexican history Was it because every Mexican rich or poor Creole or Indian man or woman young or old could identify with him *Celluloid Nationalism and Other Melodramas* Susan Dever,2012-02-01 *Celluloid Nationalism and Other Melodramas* looks at representation and rebellion in times of national uncertainty Moving from mid century Mexican cinema to recent films staged in Los Angeles and Mexico City Susan Dever analyzes melodrama s double function as a genre and as a sensibility revealing coincidences between movie morals and political pieties in the civic minded films of Emilio Fern ndez Matilde Landeta Allison Anders and Marcela Fern ndez Violante These filmmakers rationally and emotionally engaged cinema offering representations of indigenous peoples and poor urban women who alternately endorsed civilizing projects and voiced resistance to such totalization both interrupts and sustains fictions of national coherence in an increasingly transnational world **Hollywood Goes Latin** María de las Carreras,Jan-Christopher Horak,2019-05-01 In the 1920s Los Angeles enjoyed a buoyant homegrown Spanish language culture comprised of local and itinerant stock companies that produced zarzuelas stage plays and variety acts After the introduction of sound films Spanish language cinema thrived in the city s downtown theatres screening throughout the 1930s 1940s and 1950s in venues such as the Teatro El ctrico the California the Roosevelt the Mason the Azteca the Million Dollar and the Mayan Theater among others With the emergence and growth of Mexican and Argentine sound cinema in the early to mid 1930s downtown Los Angeles quickly became the undisputed capital of Latin American cinema culture in the United States Meanwhile the advent of talkies resulted in the

Hollywood studios hiring local and international talent from Latin America and Spain for the production of films in Spanish. Parallel with these productions a series of Spanish language films were financed by independent producers. As a result Los Angeles can be viewed as the most important hub in the United States for the production, distribution and exhibition of films made in Spanish for Latin American audiences. In April 2017 the International Federation of Film Archives organized a symposium Hollywood Goes Latin Spanish Language Cinema in Los Angeles which brought together scholars and film archivists from all of Latin America, Spain and the United States to discuss the many issues surrounding the creation of Hollywood's Cine Hispano. The papers presented in this two day symposium are collected and revised here. This is a joint publication of FIAF and UCLA Film Television Archive.

Reflexiones 1998 Yolanda C. Padilla, 1999. Reflexiones is an annual review of the work in progress of scholars affiliated with the Center for Mexican American Studies at the University of Texas at Austin. It may also include outside works derived from center sponsored presentations. Reflexiones 1998, the second volume in the series, invites us to view Mexican American identity in a new light. In the rich interdisciplinary tradition of Mexican American studies, the contributors to Reflexiones 1998 come from a variety of fields. Martha Menchaca, anthropology and Mauricio Tenorio and David Montejano, both in history, open with a three part piece on the 150th anniversary of the Treaty of Guadalupe Hidalgo. Angela Valenzuela, sociology, Rice University, discusses the practice of cultural assimilation in our educational system. Amrico Paredes, anthropology and English, offers a telling vignette of borderland life. Sheila Marie Contreras, English, considers the question of Mexican American ancestry in a study of a poem by Teresa Palomo Acosta. Lalo Alcaraz, the Los Angeles based satirist, delivers a trenchant autobiographical cartoon story. James Nicolopoulos, Spanish and Portuguese, delves into the corrido tradition and the effects of the advent of sound recording. Richard Flores, anthropology, explores the myth of the Alamo and the film *Martyrs of the Alamo*. And finally Charles Ramirez Berg, radio, television and film, examines Mexican American border documentaries.
