Posters by Painters Evelyn Farland, Leo Farland, 1978-01-01      **The personality cult of Stalin in Soviet posters, 1929-1953** Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin's image became a central symbol in Soviet propaganda. Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting: statuary, monumental architecture, friezes, banners and posters. From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR. Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society. The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people. The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins, criminal past, penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation. The Bolsheviks needed a wise, nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power. This leader would come to embody the sacred and archetypal qualities of the wise Teacher, the Father of the nation, the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world. This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters. Drawing on the archives of libraries and museums throughout Russia, hundreds of previously unpublished posters are examined, with more than 130 reproduced in full colour. **The personality cult of Stalin in Soviet posters, 1929-1953** is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines.      **Library of Congress Catalogs** Library of Congress, 1980

Sixteen essays by a group of emerging and established international scholars, including several whose work has

not been previously published in English address the experiences of foreign exiles immigrants students and expatriates They explore the formal and informal structures that permitted foreign artists to forge connections within and across national communities and in some cases fashion new transnational identities in the City of Light Considering Paris from an innovative global perspective the book situates both important modern artists such as Edvard Munch Sonia Delaunay Terk Marc Chagall and Gino Severini and lesser known American Czech Italian Polish Welsh Russian Japanese Catalan and Hungarian painters sculptors writers dancers and illustrators within the larger trends of international mobility and cultural exchange Broadly appealing to historians of modern art and history the essays in this volume characterize Paris as a thriving transnational arts community in which the interactions between diverse cultures peoples and traditions contributed to the development of a hybrid and multivalent modern art

*Painters in Hanoi* Nora Annesley Taylor,2009-07-31 Painting has played a significant role in modern Vietnam

Postage stamps billboards and annual national exhibitions attest to its fundamental place in a country where painters may be hailed as national heroes and include among their number fervent nationalists propagandists even dissidents As Vietnamese painting has gained prominence in the contemporary transnational art circuits of Southeast Asia many artists have become millionaires yet Vietnamese painting is generally overlooked in art history surveys of the region Nora Taylor sets out here to change that Painters in Hanoi engages with twentieth century Vietnam through its artists and their works providing a new angle on a country most often portrayed through the lens of war and politics Drawing on interviews with artists cultural officers curators art critics and others in Hanoi Taylor surveys the impact artists have had on intellectual life in Vietnam The book shows them within their own complex community one fraught with tensions politicking and favoritism yet also a sense of belonging It describes their education the role of the government in the arts the rise and fall of individual artists their influence as active players in the politics of place and gender the audience for their work and how tourism and the international art market have influenced it

*Toulouse-Lautrec* Gerstle Mack, 2019-08-15 The first complete biography in English of the painter Henri de Toulouse Lautrec 1864 1901 whose short but intensely active life is portrayed against a colorful gay nineties background of dance halls brothels caf s concerts theaters circuses and racecourses A descendant of one of the noblest families in France grotesquely deformed hideously ugly Lautrec voluntarily renounced the life of a country gentleman for the tawdry environment of Montmartre where dissipation wrecked his health and brought about his premature death at the age of thirty seven Strangely enough drink and debauchery had little apparent effect on his work he remained to the end a great artist a sensitive painter a superb draughtsman and lithographer and an unrivaled designer of pictorial posters Gerstle Mack s book so complete so searching so just adds to his already high prestige as a biographer and once more as with respect to the previous book on C zanne puts the art world in his debt The Toulouse Lautrec biography is informed throughout with a spirit of warm human understanding and of fine critical integrity Edward Alden Jewell The New York Times November 6 1938 A distinguished and authoritative biography a definitive work Charles Poore The New York Times October 15 1938 First rate biography of the dwarf genius who was one of the best draftsmen of his or any age Lautrec s circus and brothel background is neatly worked in and the book is full of understanding and sympathy The New Yorker A distinguished book The Atlantic Mr Mack s biography is complete unmitigated authoritative a thorough documentation not only of the works but of the milieu of Toulouse Lautrec The Nation This is a thoroughly sound and entertaining piece of work Saturday Review Various biographers have chronicled the brief and meteoric career of Lautrec but none has done it with the thoroughness and dispassionate scholarship the sensitivity and sympathy as has Gerstle Mack The personality of the man rather than his analysis as an artist is Mack s motivating purpose and he has patiently tracked Lautrec through all the haunts he loved and introduced all of the period s personalities who were habitu s of Lautrec s world Mr Mack has also demolished the popular theory that Lautrec loathed his models and really was a crusader against the vice he portrayed Lautrec was a

powerful critic of the time and place but always presented the scene with a sympathetic if trenchant wit He provided a profound insight into the times He displayed the tawdriness disguised as glamour and the boredom disguised as excitement He created a wonderful and powerful style that has influenced generations of artists particularly in the graphic arts Irvin Haas Book Find News Gerstle Mack has written a book of remarkable interest not only from the point of view of the artist but from the point of view of the variety of human personality This desperate and talented man shoved his way into the late nineteenth century life of Paris This book will shove its way into the midtwentieth century life of that western world which is still free to contemplate the essential violence and harmony of art Paul Engle Chicago Tribune This first complete English biography is an admirable portrait of Lautrec and his times Based upon thorough research and first hand interviews it makes absorbing reading We are not told specifically how the simple eager boy became the strange and contradictory man Nevertheless in these days of biographies filled with the speculations of amateur psychiatrists it is both refreshing and good to re encounter this sound and unpretentious study Art Digest An artist s biography good reading with a well filled background of Montmartre caf s and their owners and entertainers the theatre the circus whorehouses and so on The man himself is interesting The sources of his artistic material equally so He loved sports and his eccentric father wanted him to attain physical perfection but he was handicapped in his teens by having his legs badly broken So he turned to art studying worshipping Degas and Japanese prints seeking Paris night life for his subjects and producing illustrations and poster designs that equalled the fame of his lithographs An art book as well as excellent biography Kirkus Reviews
