Young,1852 **Between Home and the Front** Lynn Heidelbaugh,Thomas J. Paone,2022-09-06 The personal letters of Americans during the Civil War preserve first person records of news people and emotions that humanize the horrific events of the war and provide unique insights into the conflict s effects on individuals families communities and America Often however only the letters sent home survived leaving half of the story missing Between Home and the Front presents previously unpublished letters from the Walters family s collection held by the Smithsonian s National Postal Museum which include the exchange of correspondence between the home front and front line a perspective not often seen Between Home and the Front gives us a glimpse into the poignant questions answers and sentiments Private David Walters of the 5th Indiana Calvary and his wife Rachel shared in their correspondence The letters from David give details about some of the lesser known actions of the western theater of combat such as Morgan s Raid The letters by Rachel Walters record how she managed the household and a young child while becoming hub of communication for the family often receiving missives from David s brothers Isaac and John Wesley both of whom served with Indiana units and relaying the information to others From the early letters describing a Civil War soldier s enlistment to his widow s struggle in the aftermath of the war the letters of the Walters family add incomparable details to the study of the Civil War Between Home and the Front offers not only unique first person accounts from those that experienced the Civil War but also meticulous annotations that provide valuable historical context for the events people and material culture described in the letters **Friday Harbor** Mike Vouri,Julia

Vouri,San Juan Historical Society and Museum,2009 When Friday Harbor Washington was incorporated in 1909 some wanted the town s name changed In a misunderstanding the British had named it in 1858 for a shepherd named Friday who thought they were making introductions not asking the name of the sheltered bay where he minded sheep But the name

stuck As with many of the young state s small port towns timber salmon fishing and farming fueled Friday Harbor s early economy However by midcentury the lumber mill was gone the introduction of irrigation in Central Washington swamped fresh produce markets and the fish and pea canneries were shut down Life slowed and some left but in being passed by until tourism caught on in the late 1970s the town and island developed a unique sense of community that survives to this day

The Papers of Thomas Jefferson, Retirement Series, Volume 7 Thomas Jefferson,2011-01-10 The 526 documents printed in this volume run from 28 November 1813 to 30 September 1814 During this period Jefferson reviews the extant sources on the 1765 Stamp Act crisis to aid William Wirt a Patrick Henry scholar records his largely positive impressions of George Washington and updates a reading list for law students that he had initially drawn up forty years earlier In the spring of 1814 Jefferson becomes a trustee of the Albemarle Academy the earliest direct ancestor of the University of Virginia He is soon actively involved in planning for its establishment helping to draft rules for governance of the academy s trustees and propose funding options and he lays out an expansive vision for its future as an institution of higher learning Jefferson also exchanges ideas on collegiate education with such respected scholars as Thomas Cooper and Jos Corr a da Serra Jefferson s wide ranging correspondence includes a temperate response to a lengthy letter from Miles King urging the retired president to reflect on his personal religion and a diplomatic but noncommittal reply to a proposal by Edward Coles that the author of the Declaration of Independence employ his prestige to help abolish slavery Having learned of the British destruction late in August 1814 of the public buildings in Washington Jefferson offers his massive book collection as a replacement for the Library of Congress The nucleus for one of the world s great public libraries is formed early in 1815 when the nation purchases Jefferson s 6 707 volumes Some images inside the book are unavailable due to digital copyright restrictions

Somewhere in Burma Austin B. McLogan,2023-08-10 The war letters of Lt Edward A McLogan Merrill s Marauder and Army Ranger Hall of Fame Inductee Over 175 letters written home to family and acquaintances during WWII including dozens of photos articles maps v mails and memorabilia Letter No 89 What I am going to do next portends to be new different and exciting Other than that this business for which I volunteered is as much a mystery to me as it is to you Letter No 133 Some things are indelibly implanted in my memory but I m certain I m not in the least morose nor have I lost my sense of humor My general outlook on life is just the same but now know that just to be at home and live is actually enough for any man To make life s little problems seem trivial and most inconsequential I recommend a little dose of what we ve had Letter No 151 Easter was one of the happiest days I have known because on that day the iron ring the Nips had forged around us was broken after two weeks of the heaviest fighting of the campaign Letter No 157 Let me tell you how we from the South Pacific were recruited I was on Vella La Vella at the time and the regimental adjutant came around one morning to read us an important document Our entire company gathered around him and this is what he read Volunteers are wanted for a dangerous and important mission to take place in another theater of operations To qualify he must be battle experienced

jungle wise physically rugged and able to live off the land In almost the same breath he added Those who want to volunteer step over here The rest of you go back to your holes Letter No 164 At dawn I got one man up to the tine with orders for those who were left to withdraw under protection of mortar fire Two men came back six of our boys remained there for eternity and four days later we buried them in the holes where they lay God it was awful You could hardly identify their bodies after that length of time There were about ten Japs round about them to whom we did the honor of throwing a shovelful of dirt in their faces It was odd but a dead Jap and a dead Yank look just the same their expression and coloring are identical Rotary Club Speech At this time in the morning our uniformed blouses were almost white with many previous days of dried sweat No matter in another hour or two of hard walking today s sweat would turn them green again If we came to a stream and sometimes that happened three or four times a day it was a trade off We walked with a full canteen full of sparkling clean water but of course wet feet and maybe a half a dozen leeches When they d be from your chest or thighs or calves when they d fill with blood they d let go and drop down your pant legs and usually you d end up walking on them with them in your shoes

A Most Wicked Conspiracy Paul Starobin,2020-06-30 A tale of Gilded Age corruption and greed from the frontier of Alaska to America s capital In the feverish money making age of railroad barons political machines and gold rushes corruption was the rule not the exception Yet the Republican mogul Big Alex McKenzie defied even the era s standard for avarice Charismatic and shameless he arrived in the new Alaskan territory intent on controlling gold mines and draining them of their ore Miners who had rushed to the frozen tundra to strike gold were appalled at his unabashed deviousness A Most Wicked Conspiracy recounts McKenzie s plot to rob the gold fields It s a story of how America s political and economic life was in the grip of domineering self dealing seemingly untouchable party bosses in cahoots with robber barons Senators and even Presidents Yet it is also the tale of a righteous resistance of working class miners muckraking journalists and courageous judges who fought to expose a conspiracy and reassert the rule of law Through a bold set of characters and a captivating narrative Paul Starobin examines power and rampant corruption during a pivotal time in America drawing undoubted parallels with present day politics and society

The Papers of Thomas Jefferson Thomas Jefferson,2004 The Retirement Series documents Jefferson s written legacy between his return to private life on 4 March 1809 and his death on 4 July 1826 During this period Jefferson founded the University of Virginia and sold his extraordinary library to the nation but his greatest legacy from these years is the astonishing depth and breadth of his correspondence with statesmen inventors scientists philosophers and ordinary citizens on topics spanning virtually every field of human endeavor
