**Rachel L. Holloway**

## **Postmodern Presidency Bill Clintons Legacy In U S Politics:**

**The Postmodern Presidency** Steven E. Schier, 2012-02-15 Choice Outstanding Academic Book As America's first truly postmodern president Bill Clinton experienced both great highs and stunning lows in office that will shape the future course of American politics Clinton will forever be remembered as the first elected president to be impeached but will his tarnished legacy have lasting effects on America's political system Including the conflict in Kosovo the World Trade Organization meeting in Seattle and new developments in the 2000 presidential campaign The Postmodern Presidency is the most comprehensive and current assessment of Bill Clinton's presidency available in print The Postmodern Presidency examines Clinton's role in redefining the institution of the presidency and his affect on future presidents economic and foreign policies The contributors highlight the president's unprecedented courtship of public opinion how polls affected policy how the president gained celebrity status how Clinton's postmodern style of public presidency helped him survive the 1994 elections and impeachment and how all of this might impact future presidents This new text also demonstrates how the Clinton presidency changed party politics in the public and in Congress with long term implications and costs to both Republicans and his own Democratic party while analyzing Clinton's effect on the 1990s culture wars the politics and importance of gender and the politics and policy of race This text is a must for anyone who studies teaches or has an interest in the American presidency and politics

**Brother Bill** Daryl A Carter, 2016-06-01 This book is a fascinating analysis of race and class in the age of President Bill Clinton It provides much needed clarity in regards to the myth of the First Black President It contributes much to our understanding of the history that informs our present moment Cornel West As President Barack Obama was sworn into office on January 20 2009 the United States was abuzz with talk of the first African American president At this historic moment one man standing on the inaugural platform seemingly a relic of the past had actually been called by the moniker the first black president for years President William Jefferson Clinton had long enjoyed the support of African Americans during his political career but the man from Hope also had a complex and tenuous relationship with this faction of his political base Clinton stood at the nexus of intense political battles between conservatives demands for a return to the past and African Americans demands for change and fuller equality He also struggled with the class dynamics dividing the American electorate especially African Americans Those with financial means seized newfound opportunities to go to college enter the professions pursue entrepreneurial ambitions and engage in mainstream politics while those without financial means were essentially left behind The former became key to Clinton's political success as he skillfully negotiated the African American class structure while at the same time maintaining the support of white Americans The results were tremendously positive for some African Americans For others the Clinton presidency was devastating **Brother Bill** examines President Clinton's political relationship with African Americans and illuminates the nuances of race and class at the end of the twentieth century an era of technological political and social upheaval

**Clinton's Foreign Policy** John

Dumbrell,2009-04-02 This volume is a detailed account of President Clinton's foreign policy during 1992-2000 covering the main substantive issues of his administration including Iraq, Bosnia and Kosovo. The book emphasizes Clinton's adaptation of the elder Bush's New World Order outlook and his relationship to the younger Bush's Americanistic foreign policy. In doing so it discusses in detail such key policy areas as foreign economic policy, humanitarian interventionism, policy towards Russia and China and towards European and other allies, defence priorities, international terrorism and peacemaking. Overall the author judges that Clinton managed to develop an American foreign policy approach that was appropriate for the domestic and international conditions of the post-Cold War era. This book will be of great interest to students of Clinton's

administration, US foreign policy, international security and IR in general. John Dumbrell is Professor of Government at Durham University. He specialises in the study of US foreign policy. Clinton's Legacy A. Waddan,2001-12-06 As Clinton left office there was little consensus even among Democrats as to the significance of his political legacy. He was keen to stress that enduring changes had been made to American society. Critics however were less convinced that Clintonism had developed an integrated vision of governance. This book examines whether the Clinton experience does illustrate the value of the New Democrat and Third Way agenda. *Images, Scandal, and Communication Strategies of the Clinton Presidency*

Rachel L. Holloway,2003-04-30 Denton Holloway and their contributors present analyses of communication strategies used in the Clinton administration with a special focus on President Clinton's responses to the Lewinsky scandal and impeachment. Chapters explore the Clinton administration's attempts to control his image through rhetorical and media strategies, his appeal to women voters, the changing image of Hillary Rodham Clinton and Clinton's discourse on race. The second half of the book focuses on Clinton's responses to the Lewinsky scandal, media coverage and polling during the scandal and Clinton's impact on the symbolic nature of the American presidency. This book will be of particular interest to scholars, students and other researchers involved with communication, political science, political sociology, political communication and scandal.

*Attack Politics* Emmett H. Buell, Lee Sigelman,2008 Ask most Americans and they'll tell you that presidential campaigns get dirtier and more negative with every election. This text suggests that this may not be as true as we think and shows that over the last dozen elections negativity may have been well publicised but hasn't increased. *American Educational History*

William Jeynes,2007-01-24 American Educational History School Society and the Common Good is an up-to-date contemporary examination of historical trends that have helped shape schools and education in the United States. Author William H. Jeynes places a strong emphasis on recent history, most notably post-World War II issues such as the role of technology, the standards movement, affirmative action, bilingual education, undocumented immigrants, school choice and much more. **In the Public Domain**

Lori Cox Han, Diane J. Heith,2012-02-01 The public presidency, how presidents rely on the mass media, public opinion and various communication strategies has become an increasingly important aspect of presidential governance and leadership during the past two decades. *In the Public Domain* gathers together noted presidency

and communication scholars to explore the relationship between the president and the American public the current state of the public presidency and the challenges that recent presidents have faced in developing an effective means of communicating and maintaining a strong presidential image Specific topics include how presidents use public leadership to pursue their policy goals and objectives the importance of public opinion rhetorical strategies and public activities external factors such as party politics and news media coverage the cultivation of presidential legacy and access to documents in presidential libraries

**Impeaching Clinton** Nicol C. Rae, Colton C. Campbell, 2004 Analysis of the impeachment and portrayal of the partisan and ideologically polarized state of American politics at the turn of the century Argues that the battle was not over Clinton but over control of the policy agenda back cover

[The Unsustainable Presidency](#) W. Grover, J. Peschek, 2014-12-16 The Unsustainable Presidency develops a structural theory of the office by challenging and redefining the twin imperatives upon which the modern chief executive was constructed and by applying the theory to the three most recent presidents Bill Clinton George W Bush and Barack Obama

**White House Studies Compendium** Robert W. Watson, 2007 brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia consists of the combined and rearranged issues of the journal White House Studies with the addition of a comprehensive subject index Preface

**The State of the Parties** John C. Green, Daniel J. Coffey, 2010-08-16 Every four years The State of the Parties brings readers up to date on party action in election years and in between With the dual themes of continuity and change characterizing the new edition this essential party primer includes three new chapters on party roles in the 2008 election a section on the impact of party resources for the campaign extensive coverage of party mobilization efforts via the Internet and local activity and new chapters covering topics ranging from Republicans fall from grace to party governance under Nancy Pelosi to President Obama's role in party politics and as always a distinguished roster of contributors Contributions by Kira C Allmann William C Binning Melanie J Blumberg Mark D Brewer R Lawrence Butler Melody Crowder Meyer Aaron Dusso Gregory Fortelny Brendan Glavin John S Jackson III Raymond J La Raja Rebekah E Liscio David Magleby Michael J Malbin Daniel Maliniak J Quin Monson Costas Panagopoulos Kelly D Patterson John R Petrocik Matthew Pietryka Jeremy C Pope Ronald B Rapoport Howard L Reiter Nancy L Rosenblum Daniel M Shea Walter J Stone Jeffrey M Stonecash Richard M Skinner and Barbara Trish

*Delivering the People's Message* Julia R. Azari, 2014-03-18 Presidents have long invoked electoral mandates to justify the use of executive power In *Delivering the People's Message* Julia R Azari draws on an original dataset of more than 1 500 presidential communications as well as primary documents from six presidential libraries to systematically examine choices made by presidents ranging from Herbert Hoover in 1928 to Barack Obama during his 2008 election Azari argues that Ronald Reagan's election in 1980 marked a shift from the modern presidency formed by Franklin Delano Roosevelt to what she identifies as a more partisan era for the presidency This partisan model is a form of governance in which the president appears to require a popular

mandate in order to manage unruly and deeply contrary elements within his own party and succeed in the face of staunch resistance from the opposition party Azari finds that when the presidency enjoys high public esteem and party polarization is low mandate rhetoric is less frequent and employs broad themes By contrast presidents turn to mandate rhetoric when the office loses legitimacy as in the wake of Watergate and Vietnam and during periods of intense polarization In the twenty first century these two factors have converged As a result presidents rely on mandate rhetoric to defend their choices to supporters and critics alike simultaneously creating unrealistic expectations about the electoral promises they will be able to fulfill

The Post-Heroic Presidency Michael A. Genovese, Todd L. Belt, 2016-06-13 This book examines how presidents from Nixon to Obama have faced the challenges of global leadership in a dramatically changing world one with more limited resources and an increasing number of threatening challengers The immediate post World War II era was undeniably a period of American power and influence Even during the Cold War the United States was the leader of the West exerting wide ranging power internationally But beginning with the Vietnam War America began experiencing a series of setbacks and challenges to its power The Post Heroic Presidency Leveraged Leadership in an Age of Limits examines how U S presidents have attempted to reverse or contend with this new era of limited power in which presidential leadership is hamstrung due to an increasingly globalized and interdependent world one where power is more diffuse and the system of checks and balances bind a president in an age of hyper partisanship The book examines presidents of the 20th and 21st centuries explaining how the first U S president to confront this new age was Richard Nixon who along with Henry Kissinger developed a sophisticated approach to deal with the recalibration of American power It documents how other recent presidents have either tried to make peace with limited power Jimmy Carter reverse the decline Ronald Reagan ignore the implications of limits George W Bush or find ways to lead that were less ambitious more prudent and less unilateral George H W Bush Bill Clinton and Barack Obama In the cases of Clinton and Obama this shift to using soft power persuasion and multilateralism earned them criticism that they are weak thereby undermining their efforts to lead both at home and abroad

**The Presidency and Economic Policy** Chris J. Dolan, John Frensdreis, Raymond Tatalovich, 2007-08-02 26

**The Clinton Years** Shirley Anne Warshaw, 2014-05-14 Comprehensive and easy to navigate The Clinton Years gives readers a full perspective of Bill Clinton s presidency from his successful economic policies to his relations with Monica Lewinsky This comprehensive A to Z reference contains more than 250 biographical entries examining the main politicians and foreign leaders during the administration and includes a number of primary source documents such as presidential speeches and executive decisions

*Historical Dictionary of the Clinton Era* Richard S. Conley, 2012-03-15 William Jefferson Clinton s legacy remains a matter of significant contention among historians political scientists and pundits even after a decade of time to reflect The narrative of Clinton s two terms may be in some sense the tale of two different men or at least two incongruous public views of the nation s 42nd chief executive On the one hand there is the Clinton who left the White House more popular

than when he took office entering with a 58 percent approval rating and leaving with a 66 percent approval rating On the other hand an ABC News poll conducted on his last day showed that 67 percent of Americans said Clinton was not honest and trustworthy The Historical Dictionary of the Clinton Era covers both sides of the Clinton presidency through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities including the president his advisors his family his opponents and his critics as well as members of Congress military leaders and international leaders This book is a vital access point for students researchers and anyone interested in the presidency of Bill Clinton

Clinton's Foreign Policy in Russia George A. MacLean,2017-11-30 Some of Bill Clinton's most basic foreign policy elements democratic peace the post Cold War peace dividend geopolitics and state society relations are epitomized in the US Russian Highly Enriched Uranium HEU Purchase Agreement It was one of the most remarkable initiatives of Clinton's presidency but oddly one of the most obscure that still continues under George W Bush This agreement illustrates how successfully the US and Russia could work together to reduce global nuclear fears but also how a series of decisions pitted global designs over American domestic interests Illustrating one of the most compelling decisions Clinton made as President this remarkable book elucidates the theory of democratic peace and demonstrates a new and more advanced nuclear restraint regime from reduction to elimination The story behind Clinton's decision has repercussions for our understanding of arms control foreign policy decision making and US Russian relations This is a book about the intersection of levels of analysis international security concerns and domestic political economy and as such is ideal as a supplementary text for advanced courses in security and foreign policy

Running Alone James MacGregor Burns,2009-06-16 A disastrous war in Iraq prisoner abuse secret wiretaps the presidency of George W Bush represents a crisis in American democracy How did this happen In Running Alone the revered political scientist and commentator James MacGregor Burns sets the imperial presidency of George W Bush in the context of half a century of presidential politics In his 1960 campaign John F Kennedy turned his back on the Democratic Party He relied instead on his personal charisma and his family's vast wealth to win office Once elected he governed much as he had run alone He ignored the Democratic platform and instead sought counsel from a small group of hand picked advisors including his own brother Kennedy fundamentally reshaped the role of President and each of his successors has built on this model American presidents have become increasingly isolated from the parties that brought them to power Democratic presidents Johnson Carter and Clinton did tremendous damage to the Democratic Party by abandoning its core principles Republican presidents have managed to lead more effectively in isolation but have imperiled the nation in the process Drawing on his own personal letters interviews and recollections of America's presidents Burns charts the decline of genuine leadership in the Oval Office and offers a stirring vision of what the presidency can and should be America deserves better leaders and with unsurpassed knowledge of American history and politics Burns shows us the way forward

**Obama v. Trump** Clodagh Harrington,2020-09-21 This

book determines what can legitimately be regarded as the legacy of the Obama presidency and investigates how far the Trump administration has reversed it

When somebody should go to the book stores, search foundation by shop, shelf by shelf, it is in reality problematic. This is why we offer the book compilations in this website. It will totally ease you to see guide **Postmodern Presidency Bill Clintons Legacy In U S Politics** as you such as.

By searching the title, publisher, or authors of guide you in reality want, you can discover them rapidly.
