*Postmodernism in History* Beverley C. Southgate, 2003      *Postmodernism in History* Beverley Southgate, 2003-09-02 This book traces the philosophical precursors of postmodernism and identifies the roots of current concerns Beverley Southgate describes the core constituents of postmodernism and provides a lucid and profound analysis of the current concerns

**What is History For?** Beverley Southgate, 2006-06-01 An experienced author of history and theory presents this examination of the purpose of history at a time when recent debates have rendered the question what is history for of utmost importance Charting the development of historical studies and examining how history has been used this study is exceptional in its focus on the future of the subject as well as its past It is argued that history in the twenty first century must adopt a radical and morally therapeutic role instead of studying for its own sake Providing examples of his vision of history in post modernity Beverley Southgate focuses on the work of four major historians including up to date publications Robert A Rosenstone s study of Americans living in nineteenth century Japan Peter Novick s work on the Holocaust Sven Lindqvist s A History of Bombing Tzvetan Todorov s recently published work on the twentieth century This makes compulsive reading for all students of history cultural studies and the general reader as notions of historical truth and the reality of the past are questioned and it becomes vital to rethink history s function and renegotiate its uses for the postmodern age      *Handbook for the Study of the Historical Jesus (4 Vols)* Tom Holmén, Stanley E. Porter, 2011 V 1 How to study the historical Jesus v 2 The study of Jesus v 3 The historical Jesus v 4 Individual studies      *Liberal Democracy as the End of History* Christopher Hughes, 2012-02-20 Francis Fukuyama claims that liberal democracy is the end of history This book provides a theoretical re examination of this claim through postmodernist ideas The book argues that postmodern ideas provide a valuable critique to Fukuyama s thesis and poses the questions can we talk about a universal and teleological history a universal human nature or an autonomous individual It addresses whether postmodern theories concerning the movement of time what it means to be human and what it means to be an individual subject can be accommodated within a theory of a history that ends in liberal democracy The author argues that incorporating elements of postmodern thought into Fukuyama s theory makes it possible to produce a stronger and more compelling account of the theory that liberal democracy is the end of history The result of this is to underpin Fukuyama s theory with a more complex understanding of the movement of time the human and the individual and to show that postmodern concepts can paradoxically be used to strengthen Fukuyama s theory that the end of history is liberal democracy The book will be of interest to students and scholars of political theory postmodernism and the work of Francis Fukuyama      *The Anachronistic Turn* Stephanie Russo, 2023-12-01 The Anachronistic Turn Historical Fiction Drama Film and Television is the first study to investigate the ways in which the creative use of anachronism in historical fictions can allow us to rethink the relationship between past and present Through an examination of literary cinematic and popular texts and practices this book investigates how twenty first century historical fictions use creative

anachronisms as a way of understanding modern issues and anxieties Drawing together a wide range of texts across all forms of historical fiction novels dramas musicals films and television this book re frames anachronism not as an error but as a deliberate strategy that emphasises the fictionalising tendencies of all forms of historical writing The book achieves this by exploring three core themes the developing trends in the twenty first century for creators of historical fiction to include deliberate anachronisms such as contemporary references music and language the ways in which the deliberate use of anachronism in historical fiction can allow us to rethink the relationship between past and present and the way that contemporary historical fiction uses anachronism to better understand modern issues and anxieties This book will appeal to students and scholars of historical fiction contemporary historical film and television studies and historical theatre studies

*The Routledge Companion to Historical Studies* Alun Munslow, 2006-02 With twenty nine new entries and updated existing ones this new edition provides a much needed critical introduction to the key issues historians and philosophers and their ideas and theories which have prompted the rethinking of history Livy on the Hannibalic War D. S.

Levene, 2010-06-17 Livy's account of the Hannibalic War in his Third Decade is a narrative history of unparalleled richness drama and depth In the first full scale study of this key work D S Levene explores the things that make it distinctive not only within Livy's writing but also within all ancient historiography Lying in Early Modern English Culture Andrew

Hadfield, 2017 A major study of ideas of truth and falsehood in early modern England from the advent of the Reformation to the aftermath of the failed Gunpowder Plot Strategy Tools as Symbolic Objects in Managerial Language Games Dragan

Djurić, 2015-04-22 Dragan Djurić looks at strategy tools from a process ontological worldview as proposed by the Process Organization Studies discourse Building on Wittgenstein's later philosophy he understands science and management as language games thereby developing a view of strategy tools as objects with both an ontological and a symbolic function This perspective is contrasted with the traditional understanding of strategy tools as technologies of rationality as well as with the practice based view of strategy tools as boundary objects **Sensitive Pasts** Carla van Boxtel, Maria Grever, Stephan

Klein, 2016-12-01 Heritage as an area of research and learning often deals with difficult historical questions due to the strong emotions and political commitments that are often at stake In this it poses particular challenges for teachers museum educators and the publics they serve Guided by a shared focus on these sensitive pasts the contributors to this volume draw on new theoretical and empirical research to provide valuable insights into heritage pedagogy Together they demonstrate the potential of heritage as a historical educational domain that transcends myopic patriotism parochialism and simplistic relativism helping to enhance critical and sophisticated historical thinking **Khoisan Consciousness** Rafael

Verbuyst, 2022-06-08 The Khoisan of the Cape are widely considered virtually extinct as a distinct collective following their decimation dispossession and assimilation into the mixed race group coloured during colonialism and apartheid However since the democratic transition of 1994 increasing numbers of Khoisan revivalists are rejecting their coloured identity and

engaging in activism as indigenous people Based on long term ethnographic fieldwork in Cape Town this book takes an unprecedented bottom up approach Centring emic perspectives it scrutinizes Khoisan revivalism s origins and explores the diverse ways Khoisan revivalists engage with the past to articulate a sense of indigeneity and stake political claims

*Recent Themes in Historical Thinking* Donald A. Yerxa, 2008 Described as the New York Review of Books for history Historically Speaking has emerged as one of the most distinctive historical publications in recent years actively seeking out contributions from a pantheon of leading voices in historical discourse from both inside and outside academia Recent Themes in Historical Thinking represents some of the best writing on historiography to appear in the past five years The prominent historians featured in this collection of essays and interviews drawn from Historically Speaking comment on such wide ranging topics as the impact of postmodernism on the field the relationship between professional and popular history the importance of historical consciousness and the limitations of the field in its current state Deconstructing History Alun Munslow, 2006 Surveying the latest research this welcome second edition of Alun Munslow s successful Deconstructing History provides an excellent introduction to the debates and issues of postmodernist history This new edition has been updated and revised and along with the original discussion material and topics now assesses the claims of history as a form of truthful explanation discusses the limits of conventional historical thinking and practice and the responses of the new empiricists to the book s central arguments examines the arrival of experimental history and its implications clarifies the utility of addressing Michael Foucault and Hayden White and strengthens the analysis of Frank R Ankersmit s recent work Along with an updated glossary and a revised bibliography this second edition will not only live up to its predecessor s reputation but will surpass it as the most essential student resource for studying history and its practice *Worldviews, Science and Us* Diederik Aerts, Bart D'Hooghe, Rik Pinxten, 2011 This volume is part of the Worldviews Science and Us series of proceedings and contains several contributions on the subject of worlds cultures and society It represents the proceedings of several workshops and discussion panels organized by the Leo Apostel Center for Interdisciplinary studies within the framework of the Research on the Construction of Integrating Worldviews research community set up by the Flanders Fund for Scientific Research over the period of time between 2005 to 2010 Further information about this research community and a full list of the associated international research centers can be found at <http://www.vub.ac.be/CLEA/res/worldviews> **The houses of history** Anna Green, Kathleen Troup, 2016-08-15 The houses of history is a clear jargon free introduction to the major theoretical approaches employed by historians This innovative critical reader provides accessible introductions to fourteen schools of thought from the empiricist to the postcolonial including chapters on Marxist history Freud and psychohistory the Annales historical sociology narrative gender public history and the history of the emotions Each chapter begins with a succinct description of the ideas integral to a particular theory The authors then explore the insights and controversies arising from the application of this model drawing upon debates and examples from around the world Each

chapter concludes with a representative example from a historian writing within this conceptual framework This newly revised edition of the highly successful textbook is the ideal basis for an introductory course in history and theory for students of history at all levels      *Tropes for the Past* Kuisma Korhonen,2006 In the last decades there has been an intense debate on the relationship between literature and historiography often linked to the debate between empiricists and postmodernists The aim of this collective work is to address this debate and to search for new ways of thinking and encountering the past The key note for the book comes from Hayden White one of the leading academic figures whose role in launching the contemporary history literature debate has been crucial It is followed by three critical readings of his work all suggesting new ways to apply or challenge his views In other chapters of the book history literature question is then addressed from three points of view narrativity history as literature and literature as history *Tropes for the Past* is an ideal introduction to the literature historiography debate and Hayden White s role in it It will be of use for all students and scholars in the philosophy of history and in historically oriented literary cultural and social studies      **Beginning**

**Postmodernism** Tim Woods,2009 Postmodernism became the buzzword of contemporary society in the 1990s Yet even now it still remains confusing and baffling in its variety of definitions contexts and associations *Beginning Postmodernism* aims to offer clear accessible and step by step introductions to postmodernism across a wide range of subjects It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas and to develop comparative connections and ideas from one area to another With its emphasis firmly on postmodernism in practice the book contains questions designed to help readers understand and reflect upon a variety of positions within the following areas of contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and material culture popular culture and music film video and television and the social sciences      *Rethinking Revolutionary Change in Europe*

Bailey Stone,2020-02-17 Reconsidering the English French and Russian Revolutions this book offers an important new approach to the theoretical and comparative study of revolutions Bailey Stone proposes an innovative neostructuralist integration of competing structuralist and postmodernist theory Providing a balanced and nuanced critique of both sides he presents new ways of understanding radical change in the European polities that created the concept and the dramatic realities of modern revolution He focuses on the central issues of modernizers versus traditionalists old regime bourgeoisies regicides terror and state legitimacy By reconciling political and cultural theories of revolutionary causation and process Stone s synthesis marks a critical advance in our understanding of revolution      International Relations, Meaning and

Mimesis Necati Polat,2012-05-31 *International Relations Meaning and Mimesis* is an innovative assessment of the uses of theory in making sense of international politics opening up new pathways to thinking about the basics of the study area Insights drawn from an interdisciplinary corpus of critical scholarship are synthesized and brought to bear on key concepts such as sovereignty the state peace law justice ethics and supranationality The mainstream characteristically dismisses the

narrativity that accompanies these concepts as derivative tending to treat meaning attributable to them as static The work shows how problematic this disdain of mimesis exchange reproduction imitation is and how this mindset effectively incapacitates conventional theorizing in both predicting phenomena and providing a normative vision Integrating the study of international politics into debates in the wider academia over meaning and mimesis this ambitious work is fluent and accessible at the same time with exceptional lucidity in presenting difficult philosophical notions A series of radical positions advanced in the book on theory and methodology not only address and call to account the mainstream imagination on international politics but also outline the implications of this critique for a host of specific issue areas including peace research normative theories international law and European studies
