Postmodernism Philosophy And Christian Thought:

Postmodern Philosophy and Christian Thought Merold Westphal, 1999-11-22 Are postmodern philosophy and Christian thought so diametrically opposed that never the twain shall meet Or are various postmodern philosophies in spite of their secular provenance open to religious appropriation These thirteen lively original essays awaken secular postmodernisms and various modes of Christian thinking from their ideological complacency An open space for passionate dialogue emerges from conversations that powerfully engage both intellectual and religious points of view *Christianity and the Postmodern Turn* Myron B. Penner, 2005-07-01 In our post Cold War post colonial post Christian world Western culture is experiencing a dramatic shift Correspondingly says Myron Penner recent philosophy has taken a postmodern turn in which traditional concepts of reality truth language and knowledge have been radically altered if not discarded Here James K A Smith John Franke Merold Westphal Kevin Vanhoozer Douglas Geivett and R Scott Smith respond to the question What perils and or promises does the postmodern turn hold for the tasks of Christian thinkers Addressing topics such as the nature of rationality and biblical faith the relationship of language to reality and the impact of postmodern concerns on ethics this book presents a variety of positions in vigorous dialogue with each other **Postmodernism and the Ethics of Theological Knowledge** Justin Thacker, 2016-04-08 This book establishes the necessary integration of theological knowledge with theological ethics It does this as a response to the postmodern critique of Christianity as exemplified in Rorty and Lyotard They argue that any claim to know God is necessarily tyrannical Contemporary responses to such postmodern thinking often fail to address adequately the ethical critique that is made This book redresses that balance by suggesting that our knowledge of God and love of the Other are so intimately connected that we cannot have one without the other In the absence of love then we simply do not know God Justin Thacker proposes that an effective theological response to postmodernity must address both knowledge and ethics in an integrated fashion as presented in this book *Postmodern philosophy and Christian thought* Merold Westphal (ed), 1999 *Postmodernism and Christian Philosophy* Roman Theodore Ciapalo, 1996-12-31 The contributors to Postmodernism and Christian Philosophy bring a wealth of philosophical insights and methodological approaches to bear on a common concern namely the possibility and extent of a fruitful dialogue between Christian philosophy and postmodern thought They tackle the timely question of how realism ought to respond to the threat to what Gilson called the Western Creed posed by modernity's heir apparent Enriched and invigorated by the insights of St Thomas Jacques Maritain Yves R Simon and others the articles assembled in this volume offer a provocative vision of the way in which a world bearing the imprint of modernity can nevertheless avoid succumbing to the false alternative proposed by postmodernism Contributors include Benedict M Ashley O P Don T Asselin Michael Baur David B Burrell C S C John Deely Curtis L Hancock Thomas S Hibbs Gregory J Kerr John F X Knasas Joseph W Koterski S J James L Marsh Matthew S Pugh Gregory M Reichberg Robert Royal James V Schall S J Rosalind Smith Edman Brendan Sweetman Joseph M de Torre Merold

The Oxford Companion to Christian Thought Adrian Hastings,Alistair Mason,Hugh S. Pyper,2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is

Rorty, Religion, and Metaphysics John Owens,2019-09-05 Believing that humanity would be better off if it simply dropped its traditional religious and metaphysical beliefs Richard Rorty proposes an alternative approach drawn from the American pragmatist tradition where things get their significance against a background of broad human interests and knowledge is regarded as part of the active pursuit of a better world Rorty Religion and Metaphysics argues that while Rorty s case is clearly and robustly made it is fundamentally challenged by the phenomenon of human recognition the relationship that arises between people when they talk to one another John Owens demonstrates that recognition so central to human life cannot be accommodated within Rorty s proposals given that it precisely attributes a reality to others that goes beyond anything a pragmatist framework can offer It follows that there is more to human interaction than can be explained by Rorty s pragmatism

Inerrancy and the Spiritual Formation of Younger Evangelicals Carlos R. Bovell, 2007-03-01 In Inerrancy and the Spiritual Formation of Younger Evangelicals readers are urged to consider their pastoral responsibilities toward students Evangelical leaders and teachers in particular should be more sensitive to the fact that not all younger evangelicals are convinced of the Bible's inerrancy Some are earnestly searching for an orthodox alternative but in the process becoming spiritually unravelled As responsible shepherds of God's people evangelical leaders must better understand the negative effect of presenting inerrancy as a doctrine crucial for faith

Pentecostalism, Postmodernism, and Reformed Epistemology Yoon Shin, 2021-12-27 In Pentecostalism Postmodernism and Reformed Epistemology Yoon Shin critically builds on James K A Smith's postmodern Pentecostal epistemology with the aid of Reformed epistemology It takes the reader through an interdisciplinary journey that exposit and illumines the relationship among Pentecostal spirituality continental and analytic philosophy postliberalism moral psychology and philosophy of emotion This work clarifies misunderstandings of Smith in Smith and between continental and analytic epistemology constructively and coherently synthesizing the sources through interdisciplinary analysis and thereby demonstrating the value of mashup philosophy The resulting epistemology strengthens the mostly descriptive epistemology of Smith with the warrant criteria of Alvin Plantinga

After Pentecost: Language and Biblical Interpretation Zondervan, 2022-03-01 There is always some view of language built

into biblical interpretation If we are to read Scripture to hear God's address it is vital that we attend to current debates about language and become critically conscious in this respect Craig Bartholomew After Pentecost is the second volume from the Scripture and Hermeneutics Seminar This annual gathering of Christian scholars from various disciplines was established in 1998 and aims to reassess the discipline of biblical studies from the foundations up and forge creative new ways for reopening the Bible in our cultures The Seminar was aware from the outset that any renewal of biblical interpretation would have to attend to the issue of language In this rich and creative volume the importance of linguistic issues for biblical interpretation is analyzed the challenge of postmodernism is explored and some of the most creative recent developments in philosophy and theology of language are assessed and updated for biblical interpretation CONTRIBUTORS INCLUDE Mary Hesse Ray Van Leeuwen Anthony Thiselton Kevin Vanhoozer Nicholas Wolterstorff Camus' Answer Robert

Gift and Economy Eric R. Severson, 2011-09-22 Is it possible to really give a gift This may at first glance seem like a peripheral question for philosophy which normally directs its attention to seemingly bigger questions The dynamics of the gift move into philosophy from anthropology and sociology but Jacques Derrida insists that this question belongs at the heart of philosophy This volume takes up Derrida's challenge to invest in the question of a gift and the relationship between gift and economy The powerful and corruptive forces of economy can wreak havoc on every effort to give or receive a pure gift Each of the essays investigates some aspect of the gift and the way economics relate to the sheer hospitality and generosity implied in the idea of giving Is there a blessed economy Must economics always operate in a sinister and exploitive fashion What can be learned by the philosophical investigations related to this concept There is something about the event or idea of the gift that cannot be entirely explained by the machinations of economy In the giving of a gift something happens if only unpredictably and rarely that cannot be explained by the calculus that tracks the exchange of money property goods debt and power This excess that confounds the reduction of the gift to the dynamics of power and exchange is a source of creative fascination for a wide range of philosophers including the collection of scholars who have contributed to this book
