Binary Oppositions in American Society and Culture Arthur Asa Berger, 2024-02-06 This book which explores the social psychological cultural and political significance of the concept of binarism is intertextual in nature and borrows from the ideas and writings of scholars whose ideas help us understand binarism and from some modified and updated versions of my previous writings The concept of intertextuality is derived from the writings of the Russian communications theorist M M Bakhtin and his theories about dialogism which are of central importance in this book Intertextuality is a concept that refers to the interconnectedness of texts where one text refers to quotes or incorporates elements from another text It is the idea that no text exists in isolation

but it is influenced by and refers to other texts that came before it Binaries is also multi disciplinary and is a cultural studies analysis that uses semiotics psychoanalytic theory sociological theory and Marxist theory to investigate the role binary oppositions play in shaping American culture character and society **Bir postmodernist için postmortem** Arthur Asa Berger,2017 **From Modernist Entombment to Postmodernist Exhumation** Lisa K. Perdigao,2016-04-22 How fictional representations of dead bodies develop over the twentieth century is the central concern of Lisa K Perdigao s study of American writers Arguing that the crisis of bodily representation can be traced in the move from modernist entombment to postmodernist exhumation Perdigao considers how works by writers from F Scott Fitzgerald William Faulkner Willa Cather and Richard Wright to Jody Shields Toni Morrison Octavia Butler and Jeffrey Eugenides reflect changing attitudes about dying death and mourning For example while modernist writers direct their plots toward a transformation of the dead body by way of metaphor postmodernist writers exhume the transformed body reasserting its materiality Rather than viewing these tropes in oppositional terms Perdigao examines the implications for narrative of the authors apparently contradictory attempts to recover meaning at the site of loss She argues that entombment and exhumation are complementary drives that speak to the tension between the desire to bury the dead and the need to remember indicating shifts in critical discussions about the body and about the function of aesthetics in relation to materialized violence and loss The Postmodern Presence Arthur Asa Berger,1998 Instead of summing up the various perspectives of scholars and the variety of ideas to which the term postmodernism has been assigned this text lets this diversity speak for itself By bringing together articles and essays on the impact of the postmodern temper on an eclectic range of subjects Berger presents a few of the many ways different theorists have come to terms with postmodernism while examining manifestations of postmodernism in the culture of everyday life **Library of Congress Subject Headings** Library of Congress,2002 *Collins Cobuild Advanced Dictionary of English* Harper Collins Publishers,2016-02-17 This dictionary of American English is designed to help learners write and speak accurate and up to date English Ideal for upper intermediate and advanced learners of English Based on the Collins 4 5 billion word database the Collins Corpus Up to date coverage of today s English with all words and phrases explained in full sentences Authentic examples from the Collins Corpus show how English is really used Extensive help with grammar including plural forms and verb infl ections Fully illustrated Word Web and Picture Dictionary boxes provide additional information on vocabulary and key concepts Vocabulary building features encourage students to improve their accuracy and fl uency Word Partnership notes highlight important collocations Thesaurus entries offer synonyms and antonyms for common words Usage notes explain different meanings and uses of the word Supplements on Grammar Writing Speaking Words That Frequently Appear on TOEFL and TOEIC Text Messaging and Emoticons *Library of Congress Subject Headings* Library of Congress. Ramsey Campbell Keith M. C. O'Sullivan,2023-05-15 This book pays overdue attention to the British writer Ramsey Campbell a key figure in the post 1970s boom in Anglo American horror fiction Despite a huge output and receiving every accolade within his field over a long career Campbell has not yet been accorded anything like the wider critical recognition given to his contemporary Stephen King This study concentrates also on Campbell s neglected novels and novellas rather than the short stories for which he has been better known The book Ramsey Campbell establishes the author s unique prose style denoted by a haunted self consciousness about the act of writing and role of readership and his distinctive mediation of the Gothic tradition religiously agnostic politically liberal and ethically humane For the first time Campbell s works are interpreted in the contexts of trends in postmodernist and posthumanist thought and compared explicitly to King s and his contribution to both Gothic studies and wider contemporary literature is appraised

The Passing of Postmodernism Josh Toth, 2010-03-24 *The Passing of Postmodernism* addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In

discussions of various twentieth and twenty first century writers directors and theorists from Michel Foucault and Slavoj Žižek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory at Grant MacEwan College and is coeditor with Neil Brooks of *The Mourning After Attending the Wake of Postmodernism*
