participating in the competition For a chance at a million dollars in cryptocurrency serial killers will travel far and wide to participate With visiting serial killers comes new signature methods requiring the SCTU to reach out to their law enforcement contacts all over the world to at least attempt to find their place of origin and gain any files on them that might exist The situation is dire enough that the CIA activates their own special black books operation referred to as The Home Defense Program forcing the SCTU to coordinate with the CIA as well as local law enforcement Finally as the start date of the competition gets nearer panicked politicians want to enact martial law for the Kansas City Metro area Convinced that martial law will result in more deaths than the competition the SCTU is racing against the ticking clock fighting their limited manpower and extreme panic to save their home city from becoming a grisly battlefield **The Country Gentleman** ,1928
