Records and Briefs California (State)., *Rescued!* Julie Anne Schubert,2010-11-01 In April 2006 an English bulldog was abandoned in a busy parking lot in Victorville California Severely malnourished he roamed the parking lot and dashed between cars in search of food water and shade Eventually saved by a bulldog rescue organization Tazz was officially adopted in January 2007 and now greets everyone at the front door of his permanent home with a happy dance Rescued shares twenty six heartfelt and compelling stories of rescue and rehabilitation that represent some of the best canine rescue organizations throughout California These sweet tales of unconditional love and triumph over hardship will not only fill dog lovers with joy wonder and sadness but also with an understanding that adoption can be a compassionate alternative to purchasing a dog from a breeder From a dachshund who overcomes paralysis to the golden retriever who becomes a record breaking swimmer it is evident that in the end these beautiful animals have guardian angels All animals deserve love compassion and someone special to care for them The stories in Rescued joyfully celebrate the successful outcomes of rescued canines who now thanks to the selfless work of volunteers can greet visitors at their front doors with their own happy dance

How Shelter Pets are Brokered for Experimentation Allie Phillips,2010-12-28 Back in the 1940s the practice referred to as Opound seizureO became a common practice in taxpayer funded animal shelters across the country Whether for cosmetic testing human or animal drug testing medical technique and tool testing or biochemical testing these once family pets are subjected to experimentation that often ends in death While many states fail to keep accurate data the number of pets that become victims of pound seizure easily reaches the thousands and though most citizens are unaware of the practice it may very well be happening at their local animal shelter Pound seizure remains a dirty little secret in American society but the practice is moving toward extinction with the help of local citizens advocating for change at their shelter as well as animal rescue and welfare organizations providing assistance and advocacy Learning more about the practice as well as alternatives will help give readers a fuller picture of whatOs happening in American animal shelters and what they can do to stem the tide of dealers and brokers sweeping off animals to their almost certain demise *Raw and Natural Nutrition for Dogs, Revised Edition* Lew Olson,2015-08-18 The definitive guide to feeding your dog a balanced
