Pour Dante Dante Et Lapocalypse Lectures Humanistes De Dante:

The Oxford Handbook of Dante Manuele Gragnolati, Elena Lombardi, Francesca Southerden, 2021-03-25 The Oxford Handbook of Dante contains forty four specially written chapters that provide a thorough and creative reading of Dante's oeuvre. It gathers an intergenerational and international team of scholars encompassing diverse approaches from the fields of Anglo American Italian and continental scholarship and spanning several disciplines: philology, material culture, history, religion, art history, visual studies, theory from the classical to the contemporary, queer, post and de colonial and feminist studies. The volume combines a rigorous reassessment of Dante's formation, themes and sources with a theoretically up to date focus on textuality, thereby offering a new critical Dante. The volume is divided into seven sections: Texts and Textuality, Dialogues, Transforming Knowledge, Space's and Places, A Passionate Selfhood, A Non linear Dante and Nachleben. It seeks to challenge the Commedia centric approach, the conviction that notwithstanding its many contradictions, Dante's works move towards the great reservoir of poetry and ideas that is the Commedia, in order to bring to light a non teleological way in which these works relate amongst themselves. Plurality and the openness of interpretation appear as Dante's very mark, coexisting with the attempt to create an all encompassing mastership. The Handbook suggests what is exciting about Dante now and indicate where Dante scholarship is going or can go in a global context.

Dante John Took, 2020-01-28 An authoritative and comprehensive intellectual biography of the author of the Divine Comedy. For all that has been written about the author of the Divine Comedy, Dante Alighieri 1265-1321 remains the best guide to his own life and work. Dante's writings are therefore never far away in this authoritative and comprehensive intellectual biography which offers a fresh account of the medieval Florentine poet's life and thought before and after his exile in 1302. Beginning with the often violent circumstances of Dante's life, the book examines his successive works as testimony to the course of his passionate humanity: his lyric poetry through to the *Vita nova* as the great work of his first period, the *Convivio*, *De vulgari eloquentia* and the poems of his early years in exile and the *Monarchia* and the *Commedia* as the product of his maturity. Describing as it does a journey of the mind, the book confirms the nature of Dante's undertaking as an exploration of what he himself speaks of as maturity in the flame of love. The result is an original synthesis of Dante's life and work.

Herakles Inside and Outside the Church, 2020-02-03 *Herakles Inside and Outside the Church* from the first Apologists to the Quattrocento explores the reception of the ancient Greek hero Herakles, the Roman Hercules in the predominantly Christian cultures which succeeded classical antiquity in Europe. Each chapter takes a particular literary or visual incarnation grappling with the question of the hero's significance within the early Church in less formal contexts and beyond Christendom in his unexpected role as Buddha's companion in Gandharan art. The volume
